**YOU CAN HAVE PINK CHEEKS**

What causes the color to fade from pink cheeks and red lips? In a word it is thin blood. When the fading color in cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, the cause is to be sought in the state of the blood. A number of causes may contribute to the condition of thin blood that is known as anemia. Overwork, lack of outdoor exercise, insufficient rest and sleep, improper diet, these are a few of them. The important thing is to restore the blood to normal, to build it up so that the color will return to cheeks and lips. Dr. Williams' Pink Pills are the great blood builder and invigorator. They begin at once to increase the red corpuscles in the blood and the new blood carries strength and health to every part of the body. Appetite increases, digestion becomes more perfect, energy and ambition return. "Building Up the Blood," will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. If you mention this paper. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 60 cents per box, six boxes \$2.50.

**WILSON'S POLICY CAUSE OF TROUBLE**

Beginning of Wrongs Endured in Connection With War, Fall Says

Washington, D. C., Aug. 7.—When Senator Lewis had concluded his attack upon Charles Evans Hughes in which he defended President Wilson's Mexican policy, Senator Fair said that the beginning and cause of all the trouble this country had endured in connection with the war in Europe.

"When have you or your President," he demanded of the Democratic Senators, "ever taken one step to protect the lives of Americans—I do not say their property—in Mexico? When have you ever demanded reparation for the killing of those Americans who have lost their lives in Mexico? When have you ever avenged the wrongs upon American women? Will the Senator answer that question? No, he cannot answer it, and it was just by reason of the attitude of Wilson toward Mexico that Germany knew when you told her you would hold her to strict accountability in case of injury to Americans in her submarine warfare that you held. When have you obtained reparation from Mexico for the killing of Americans? When have you obtained that strict accountability to Germany?"

Senator Gallinger at this point asked Senator Fair how many Americans had been killed in Mexico.

"According to a list I have here and which I have personally verified," replied Senator Fair, "287 Americans
