- \$5.75 values \$3.98

Sizes to 17 years.

Store Open All Day Friday and Saturday Until 9:30 P.M.

KEYSTONE STATE'S WHOLE DIVISION

Call For Two More Regiments and Organization of Artillery Completes It

The Second regiment of Pennsylvania infantry, now at El Paso, will become the Second regiment of field artillery of Pennsylvania and the Ninth infantry, called to assembly at Mt. Gretna on August 18, will become the Third field artillery. The Thirtieth infantry will retain its identity and number and after being assembled at Mt. Gretna on August 15, will be mustered into the United States service and sent to the border to take the place of the Second infantry in the First brigade. The two commands will be equipped at Gretna and sent South "when practicable."

The formal orders calling the 9th and 15th into the federal service were received last night by Adjutant General Stewart together with orders for the Second to be transferred into field artillery at the border and for the Ninth to be equipped at Gretna as artillery. The necessary orders to carry out the movements of the troops to Mt. Gretna and other arrangements under way to-day. Everything will be in readiness for the quartering of the troops at Mt. Gretna and for recruiting and mustering after examination of companies of engineers and some hospital units which could readily be organized.

The equipment of the Philadelphia as artillery and the transformation of the Luzerne county regiment into the same arm of the service will cost the government about \$2,000,000, it is estimated. Before going to the border the two regular regiments will be recruited up as close to war strength as possible.

Captain J. Frank Barber of Philadelphia, former commander of Company B of the State Engineers, was to-day given encouragement by Adjutant General Stewart in a plan for raising additional engineer troops for the use of the Pennsylvania division now at the border. Captain Barber is interested in forming such organizations in Philadelphia and General Stewart to-day gave him assurances of encouragement and help.

If additional engineer troops are recruited they will no doubt be sent to the border as the War Department has been desirous of having the technical arms of the service completed as soon as possible.

The Pennsylvania division has three companies of engineers and to complete a tactical division it should have three more.

Orders have been issued for companies C, Milton, and D, Williamsport, part of the separate infantry battalion, to proceed to Mt. Gretna on Friday to be mustered into service for recruiting duty at the camp. The organizations of the 9th and 15th regiments previously detailed for this duty will go with their commands. Orders are expected soon for Company K, Sunbury, of the separate battalion, to be assembled for muster, to take the place of the Fourth regiment company from Pottsville which was transferred to engineers.

Buy here not alone because prices are lower, but because quantities are better.

Big Friday Morning Special Sale of Mid-Season Merchandise at Less Than Manufacturers' Prices. All New and Seasonable Goods

SOUTTER'S
1c to 25c Dept. Store
Where Every Day Is Bargain Day
215 Market St. Opp. Courthouse

to operate. Should he not be arrested for any traffic offense or other accident the monthly sum would be returned to him when he stops operating his machine. If he should be arrested the money would be forfeited to the city.

Only one act of violence was reported to the police last evening, when some person in State street threw a resolution was adopted "pledging all its political forces to the assistance of the labor unions of Harrisburg to elect such candidates at the next municipal election as will be friendly to motor bus transportation and encourage its growth in the city."

FIGHT ON PARALYSIS WILL BE WAGED

(Continued From First Page)

infantile paralysis be extended from twenty-one to thirty days.

Dr. Baumick stated to-day that a vigorous campaign is to be waged throughout the city to insure a general clean-up of premises as a safety measure against infantile paralysis. Owners of premises who refuse to clean up will simply have to pay the bills for the jobs which will be incurred by the health authorities, who will take a hand themselves.

Appoint Inspectors
State Commissioner of Health Dixon to-day detailed fifty township medical inspectors from eastern and central counties to reinforce the men now engaged in carrying out the quarantine against neighboring States for infantile paralysis and at the same time the Attorney General's Department announced that it was prepared to go to the fullest extent of the law in supporting the health authorities.

The township men were drawn from Chester, Delaware, Montgomery, Lebanon, Berks, Lancaster, York, Adams, Lehigh, Dauphin, Schuylkill, Carbon, Luzerne, Columbia, Northumberland, Juniata, Huntington, Cumberland, Perry, Franklin and Lycoming.

The Dauphin county men detailed are George Hetrick, Penbrook; A. B. Croil, Middletown; W. G. Strickler, Dauphin; and Thomas G. Lentz, Elizabethtown.

Deputy Attorney General Joseph L. Kun, who was in consultation with the health authorities to-day, said, "The legal department of the State government will prosecute to the extent of the law persons who violate the quarantine. At a time like this observance of quarantine should be regarded by everyone as the highest

FEWER DEATHS IN N. Y.

New York, Aug. 10. — Fewer deaths, with little change in the development of the epidemic of infantile paralysis, was noted in to-day's bulletin of the Health Department. During the 24 hours preceding 10 a. m., today the plague killed 33 children and 175 new cases were reported in the greater city. Yesterday's deaths numbered 57 and new cases 183.

Man Dies of Infantile Paralysis; Daughter III

Easton, Pa., Aug. 10. — Howard Gangwere, aged 23, of near Phillipsburg, N. J., died last night of infantile paralysis. His 8-month-old daughter also has the disease. Gangwere attended a moving picture show in Easton last Saturday night and it was his own belief that he got the germ there. A new case of the disease developed to-day in Wilson township, adjoining Easton. So far there are three cases

N. J. Regulations Will Supersede Local Rulings

Trenton, Aug. 10. — Uniform quarantine regulations for every municipality promulgated by the State Department of Health will supersede local health regulations when the State's quarantine against infantile paralysis becomes effective next Tuesday.

Common carriers must exclude children without certificates unless on continuous passage through the State. Children cannot pass from one city to another without a certificate.

McCormick Is Going to "Size Up" Maine for Wilson

New York, Aug. 10.—Vance C. McCormick is going to Maine; he said yesterday he probably would start tonight, but that he would not make more than a flying visit. He thought he might be in a position to announce the members of the Wilson campaign committee before leaving New York.

It was learned from a Democratic source that McCormick's visit to Maine is less with a hope of jacking up the Democratic campaign there than to learn for the President exactly how bad conditions are in the New England State. When the Wilson campaign manager was told yesterday that the Republicans expected to carry Maine by at least 12,000 plurality he contented himself with the single remark: "They won't get it by that plurality."

3 CANOES MATCHED IN SCHOOL RACE

Three canoes were matched respectively by crews of tudent athletes from Central, Technical and Steelton high schools therefore will race for the "Navy" loving cup and the canoe championship of the three institutions.

To Pick Crews Monday
The plans for picking the crews will be completed at a meeting Monday evening at 7.30 o'clock at the Dintaman pavilion, called for the purpose by the "war" canoe committee. Because it will be impossible to reach the students through the school rooms at this time, the committee has invited the interested young athletes to meet with it to arrange for leaders, paddlers, etc.

W. C. Fisher is chairman of the committee and serving with him are Messrs. Bogar and Dintaman, Ray Stewart and Principals H. G. Dibble, C. B. Fager, Jr. and C. S. Davis of the Central, Technical and Steelton high schools.

Urged Speedy Action

Both the boat agents urged speedy action on the deliveries of the boats.

Mr. Bogar's letter confirming his telegram said: "We would suggest immediately upon delivery of these canoes to your freight company that you attach a tracer after same urgent as possible haste so that there is no time lost at the point of transfer while enroute. Above all get us these canoes here promptly."

Official recognition of the "Greater Harrisburg Navy" and enthusiastic endorsement of the Susquehanna development and improvement project as backed by the "Navy" was given yesterday by the Chamber of Commerce.

The Chamber's board of directors considered the "Navy" plan along with some other matters and the big scheme of the "Navy" organization was presented to the directors by Mr. Bogar. The matter of endorsement and of financial support was referred to the executive committee which will meet Monday or Tuesday of next week to act definitely on the subject.

FEW HOURS LEFT FOR UNLICENSED JITNEYS

Labor will be the principal speakers at these gatherings. The men and street owners are still endeavoring to find some means of circumventing Mayor Meals' order banning unlicensed jitneys from operating. One plan contemplates that the jitney operators would place a box on their machines for receiving tips from the riders they could operate by not charging fees. He also declared that he had learned from a good source that the traction company had offered strong inducements to the men to return to work.

Vice-president Thorpe intimated that the police would experience considerable trouble in preventing the jitneys from operating. He declared there is no State law prohibiting tipping, and if the jitney operators would place a box on their machines for receiving tips from the riders they could operate by not charging fees. He also declared that he had learned from a good source that the traction company had offered strong inducements to the men to return to work.

Labor Leaders Busy
The State federation of labor is working on a plan to submit to city council in regards to the jitney bond. The plan is to have each man desiring to operate business pay the bond of \$50 and \$5 a month as long as he desires

Another Band Concert Uptown at the Corner of Third and Broad Sts. Saturday Evening from 7:30 to 9

All the Stores of North Third Street Business Section Will Remain Open All Day Saturday and Evening the Rest of the Summer as Heretofore

Service Wins!

From the enthusiasm expressed by the crowds of people in the uptown stores Saturday night, the uptown merchants feel sure their efforts towards better service to their customers by remaining open Saturday nights is being indeed appreciated.

All the uptown stores shall continue this practice the rest of the summer. Those who have, in previous summers, closed Friday afternoons, shall continue doing so all of August.

Everybody Invited to Band Concert Saturday Evening

Ofttimes folks say to me "you must sell a tremendous lot of shoes—every time I pass your store, you are busy."

I believe I have sold more shoes during the past three months than any new shoe store ever did before in Harrisburg during a similar period. I have put more snap and real quality into my merchandise than did any shoe store at any time before.

And I am going to continue to do so.
