Indoor Life Makes Fat

Try Oil of Korein to Keep Weight
Down, or to Reduce Superfluous
Fat

People who are confined within doors
and who are deprived of fresh invigorating
air and exercise must take pre-
caution to guard against over-stowe-
ness, as fat acquired by indoor life is
unhealthy and a danger to the vital
organs of the body. Lack of exercise
in the fresh air is said to weaken the
oxygen carrying power to the blood, so
that it is unable to produce strong mus-
cles and vitality and the formation of
unightly and unhealthy fat is the re-
sult.

If you are 15 or 20 pounds above nor-
mal weight you are daily drawing on
your reserve strength and are constan-
ly lowering your vitality by carrying
this excess burden. Any persons who
are satisfied in their own mind that
they are too stout are advised to go to
a good druggist and get a box of oil of
korein capsules, and take one after
each meal and one just before retiring
at night.

Even a few days treatment has been
reported to show a noticeable reduction
in weight, improved digestion and a
return of the old energy; footsteps be-
come lighter and the skin less lumpy
in appearance as superfluous fat dis-
appears.

Oil of korein is inexpensive, cannot in-
jure, and helps the digestion. Any
person who wants to reduce 15 or 20
pounds is advised to give this treat-
ment a trial.—Advertisement.

Acid Stomachs Are
Dangerous

Common Sense Advice by a Distin-
guished Specialist
"Acid" stomachs are dangerous be-
cause acid irritates and inflames the
delicate lining of the stomach, thus
hindering and preventing the proper
action of the stomach, and leading to
probably nine-tenths of the cases of
stomach trouble from which people
suffer. Ordinary medicines and medi-
cinal treatments are useless in such
cases, for they leave the source of the
trouble, the acid in the stomach, as
dangerous as ever. The acid must be
neutralized, and its formation preven-
ted, and the best thing for this purpose
is a teaspoonful of bisulphate of magne-
sia, a simple antacid, taken in a little warm
or cold water after eating, which not
only neutralizes the acid, but also pre-
vents the fermentation from which
acidity is developed. Foods which or-
dinarily cause distress may be eaten
with impunity if the meal is followed
with a little bisulphate of magne-
sia, which can be obtained from any druggist, and
should always be kept handy.—Adver-
tisement.

DON'T EAT PEANUTS!
CAUSE APPENDICITIS

Appendicitis has been directly traced
to peanuts. Harrisburg people should
know that simple buckthorn bark,
glycerine, etc., as mixed in Adler-i-ka,
often relieves or prevents appendicitis.
This simple remedy acts on BOTH
lower and upper bowels, removing such
surprising foul matter that ONE
SPOONFUL relieves almost ANY
CASE constipation, sour stomach or
gas. A short treatment helps chronic
stomach trouble. The INSTANT, easy
action of Adler-i-ka is astonishing.—

DR. SURFACE ASKS
FOR A HEARING

Makes Public His Letter to the
Governor in Regard to His
Dismissal

Dr. H. A. Surface, the State econom-
ist zoologist, whose term of office has
been ordained to end on August 15, to-
day made public a letter sent to Gov-
ernor Martin G. Brumbaugh at his
summer home in Wayne, Maine, on
August 1, asking for a hearing. The
zoologist asks that a public hearing
be held "at which my supporters and
enemies can come together and open-
ly make and refute charges against
me." The zoologist also says "I can
then point out the animus of each
opponent and shall be glad to answer
all criticisms publicly for I am assur-
ed by the Secretary of Agriculture that
no charges have been made against
me."

Dr. Surface also thanks the Gov-
ernor for his telegram suggesting that
he see Secretary of Agriculture Charles
E. Patton and insists that the State
Commission of Agriculture was misin-
formed about him. He says that all
his life has been open and that he has
followed the golden rule and wishes
others to do the same by him, espe-
cially those in authority.
The letter is four closely written
typewritten pages and points out to
the Governor his own commendation
of the work of Dr. Surface and con-
tends that there is nothing for which
he should be dismissed. The Governor
does not seem to have answered the
letter.

"Doutrich"

"Always Reliable"

"Well that's a worthy ambition and when you've
attained it --- it's something worth while."

Following in Doutrich footsteps
has been a popular pastime in the clothing
business of Harrisburg—Since this "Live Store" (came
to town) several years ago, our store equipment, our
methods, and our advertising has been poorly imitated
by others.

Now next to being original the
best thing is to copy a good model and we con-
gratulate them upon their keenness in choosing
"DOUTRICH'S" as worthy to imitate, for the people in
Central Pennsylvania have shown that they like to be
served the Doutrich way—and how their patronage has
built this "Live Store." Our growth is remarkable.

We're glad to have done this much to raise the standards
of the clothing business. But now at our Mid-Summer Sale time we feel duty
bound to remind you that there is but (one DOUTRICH'S) in Harrisburg, and that's the "Always
Reliable," "Live Store" that is always busy. Ever since the opening day, heavy and steady sales have
characterized this Mid-Summer Sale of our entire stock.
