

NEW QUARANTINE ORDER IN FORCE

Health Department Requires Household Goods Disinfected; Ten New Cases

New orders of the State Health Department requiring certificates of health boards for the bringing of household goods or second-hand furniture into Pennsylvania from surrounding States were put into effect today.

Gas Complaint — Complaint was filed by the Cambria Steel company, of Johnstown, today against an advance in gas by the Johnstown Fuel Supply company from 15 to 18 cents a thousand feet.

Surface Won't Quit — Prof. H. A. Surface, whose dismissal as State economic geologist, is effective tomorrow, said that he has not been officially notified by anybody in authority and that until he is so notified he proposes to continue at work.

Physicians Notified — Absent-minded Pennsylvania physicians and surgeons, absorbed in their profession to the extent of forgetting to send bills for their services, are finding a friend in the State Workmen's Insurance Fund.

Lodge Goes to Oberlin — Steelton council, Order of Independent Americans, will attend this evening's booster meeting of the middle district to be held in Oberlin.

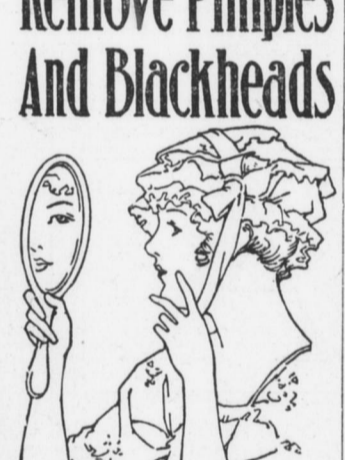

Inquest Into Death — Coroner Jacob Eckinger will conduct an inquest on Wednesday night to find the cause of the death of Charles Edward, colored, who died Friday at the Harrisburg hospital from wounds received in a quarrel Thursday morning in Iron alley.

TRANSFER TWO MORE — In order to carry into effect its plan of centralizing the clerical forces of the Bethlehem Steel company, two more Steelton men have been transferred to Bethlehem.

DISCUSS DEMOCRATIC FUNDS — Washington, Aug. 14.—Financing the Democratic National campaign was discussed today by President Wilson, W. W. Rorer, treasurer of the National committee, and Henry Morant, chairman of the finance committee.

FIFTH TO DIE ON RAILS — Mahanoy City, Pa., Aug. 14. — William Gintner, aged 44 years, of Frackville, met almost instant death on Saturday when run down on the Philadelphia and Reading lines on which he was a brakeman.

Remove Pimples and Blackheads With Cuticura

Bathe with Cuticura Soap and hot water to free the pores of impurities and follow with gentle application of Cuticura Ointment to soothe and heal.

Shortage of Coal Threatened

A recent bulletin from the coal regions sounds this warning: Shorter hours; shortage of labor; shortage in production; these are the conditions now existing in the coal regions.

Standing of the Crews — HARRISBURG SIDING Philadelphia Division—125 crew to go first at 3:45 p. m., after 114, 119, 124, 101, 126, 117, 123, 116, 128.

Reading Crews — The 24 crew first to go after 11:15 o'clock; 15, 9, 10, 14, 20, 18.

NEWS OF STEELTON HIGH SCHOOL IS BEING REPAINTED

Contractors Have Put Rooms in Shape For Opening of Sessions

Malehorn Brothers, who have the contract for repainting the interior of the Steelton high school building, have the work about finished and the schoolhouse will present a spick and span appearance when the students get back to the grind next month.

The interior of the offices of the superintendent, school board and high school principal have buff ceilings and light green side walls. The high school room presents a natty appearance, with buff sides and buff and white ceiling.

In the large public library room the combination of colors are just the opposite. Here the walls are buff and the ceiling a very light green.

Two rooms located in the basement of the Felton school building are being fitted out to be used by Dr. J. R. Plank, the newly elected medical inspector and Miss Marie Wiseman, the local clinic nurse.

Considerable work preliminary to the opening of school on Monday, September 4, is being done by Superintendent McGinnis and his corps of assistants.

ANNOUNCE BIRTH.—Mr. and Mrs. Donald Raltsnyder, 412 Swatara street, announce the birth of a daughter, Viola Evelyn, Friday August 11.

Lodge Goes to Oberlin — Steelton council, Order of Independent Americans, will attend this evening's booster meeting of the middle district to be held in Oberlin.

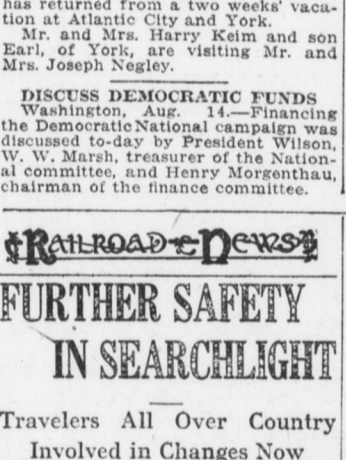

Inquest Into Death — Coroner Jacob Eckinger will conduct an inquest on Wednesday night to find the cause of the death of Charles Edward, colored, who died Friday at the Harrisburg hospital from wounds received in a quarrel Thursday morning in Iron alley.

Brakemen up: Long, Jacobs, Welsh, Shad, Myers, Layman, Quantzler, Baker, Good, Snyder.

HAVE EPIDEMIC UNDER CONTROL IN STATE

[Continued From First Page]

Dr. Dixon, State Health Commissioner, said today: "The quarantine has been most satisfactory, and there have been few attempted evasions. The present cool weather has assisted considerably in staying the spread of the disease, and I believe it is now well in hand."

Dr. A. J. Smith, pathologist at the University of Pennsylvania, has been engaged by Dr. Dixon to make laboratory experiments in an effort to discover the cause and cure of infantile paralysis.

A meeting of the various branches of the County Medical Society will be held to-night and to-morrow night to discuss plans for closer co-operation with the city and State health authorities.

Aided by thirty additional inspectors, a score of trained nurses and a detail of police, the State health officers at the ferries were busy handling the children coming from seashore points.

No Additional Cases of Paralysis Here

No additional cases of infantile paralysis here have been reported to the health authorities, but every precaution is being taken to prevent a possible outbreak.

City Health Officer J. M. J. Raunick suggested to-day that all children taken to the camps conducted by the park department, should be required to furnish certificates as a protection to the other children on the outing.

The same suggestion was made to the Sunshine Society members, who are arranging to take some youngsters to a summer camp.

The health officer stated to-day that a number of prosecutions have been started against property owners, who have open lots and neglect to cut down the weeds. Notices were given a number of owners, and some of them paid no attention to the warning. The health official in explaining his action said that the weeds are a menace, and usually furnish good

breeding places for mosquitoes and other harmful insects.

breeding places for mosquitoes and other harmful insects. Yesterday the bureau officers were kept open to furnish certificates to parents desiring to take their children out of the city. The little children now being cared for at the almshouse is slightly better, according to Assistant Health Officer Ritzman. The cleanup in the foreign section continued to-day, and sanitary officers have completed a thorough fumigation of the place where the last case of the disease developed.

INJECT SERUM EARLY

New York, Aug. 14. — Physicians employed by the Health Department to investigate reported cases of infantile paralysis hereafter will be equipped with serum made from the blood of persons who have recovered from the disease so that in every true case an injection may be made at once, before the patient is removed to a hospital.

DECLINES IN N. Y.

New York, Aug. 14. — The epidemic of infantile paralysis took a turn for the better to-day. The number of new cases reported to the Health Department went under the hundred mark for the first time in several weeks. During the 24 hours ending at 10 a. m. the plague killed 31 children and 95 new cases were reported, 43 of them in Manhattan and 31 in Brooklyn. This compares favorably with yesterday's figures when there were 141 new cases and 22 fatalities. The falling off in cases was attributed to the cooler weather.

REPLIES TO EXPENDITURE RULING

Washington, Aug. 14. — Maintaining the right to refuse to answer questions relating to political expenditures of the Louisville and Nashville railroad on the ground that the Interstate Commerce Commission is attempting to investigate subjects beyond its authority. President Milton H. Smith filed a brief to-day in the District of Columbia supreme court replying to the argument submitted recently by Chief Counsel Folk for the commission to compel him to answer.

10,000 FEDERAL CLERKS OFF ROLL

Guardsmen Cut Off Payroll by Law; Penrose Seeks Remedy

Washington, Aug. 14. — In the face of President Wilson's utterances praising private employers for their patriotism in continuing the salaries of their employees serving in the national guard there are more than 10,000 federal placeholders on the border who have been deprived of their federal salaries, many of whose families are now in distress.

Senator Penrose and Senator Townsend became interested in this matter. Townsend gathered all the available information on the subject and estimated that fully 10,000 government employees, apart from carriers, have been obliged to sacrifice their salaries. Senator Penrose, as the result of the revelations and his investigation, intends to introduce a resolution calling for reports from all government departments, showing the number of government employees doing military duty and the amount of the salaries they have been forced to forego. As soon as it is ascertained how many men are affected and the amount of their salaries, Senator Penrose will introduce a bill to provide for the payment of the salaries to these men for a period of three months or during their term of military service.

SPREADS IN NEW JERSEY

Trenton, N. J., Aug. 14. — Notwithstanding the precautionary quarantines of local health boards, the infantile paralysis epidemic to-day invaded five new municipalities. Reports to the State Board of Health exclusive of Newark where the disease has made its greatest headway show that 53 cases developed in the State over Sunday making the total number of cases, 1,514 with Newark's new cases yet to be totaled.

"Play Street" Idea Formally Launched in Philadelphia

Philadelphia, Pa., Aug. 14. — The establishment of the "play street" idea in this city to-day was marked by formal exercises under the auspices of the Street Playing committee, of which Municipal Court Judge Raymond MacNellie is chairman. Judge MacNellie and Director of Public Safety Wilson spoke at the opening of two new street playgrounds in the congested district. Other speakers included Ernest L. Tustin, chairman of the Board of Recreation, and the Rev. C. A. Tindley.

The play streets will be conducted as experiments to prevent children from playing in streets where there is heavy traffic and consequent danger. They are equipped with recreation features. If the experiment is successful the "play streets" will be extended to all sections of the city.

WHAT YOUR NERVES NEED

Whatever medication, whatever renewed strength and vigor can be imparted to the nerves must reach them through the blood. Dr. Williams' Pink Pills are a nerve tonic but they act on the nerves through the blood, enabling the blood to carry to the nerves the elements needed to build them up.

Neuralgia, sciatica, sick headache and a number of more severe nervous troubles are properly treated by building up the blood with Dr. Williams' Pink Pills and are often entirely corrected in this way.

If you are nervous you can help yourself by refusing to worry, by taking proper rest, sleep and vacations, by avoiding excesses and by taking outdoor exercise. For medicine take Dr. Williams' Pink Pills, the non-alcoholic tonic.

Sufferers from nervous disorders who have been taking treatment without benefit should investigate the tonic method. Write today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the booklet, "Diseases of the Nervous System." It will be sent free on request.

Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes for \$2.50.
