BIG CHANGES IN

Plaited Panels Are Right in Vogue By MAY MANTON

9141 (With Basting Line and Added Seam Allowance) Dress with Plaited Panels for Misses and Small Women, 16 and 18 years.

For the 16 year size will be needed, 10 yards of material 27 inches wide, 75% yards 36 or 6 yards 44, with 1½ yards 36 inches wide for the trimming. The skirt is 3% yards in width at the lower edge.

The pattern No. 9141 is cut in sizes for 16 and 18 years. It will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents.

be opened, with one grade in each room. At least 300 pupils will be enrolled. Four additional rooms will remain unoccupied. Beginners in the district north of Seneca street should be taken to this building, school officials announced.

The principal of the Steele building will be P. L. Hocker, who will be transferred from the Melrose building. Edward D. Keiper, of Middletown, will succeed Mr. Hocker at the Melrose school.

school. In the West End, three rooms will be abandoned in the Camp Curtin building, and one in the Maclay building. Four new teachers will be provided probably at the meeting of the board on Friday, who together with the four from the abandoned rooms, will provide for the Steele school faculty. day morning, September 5. At least 11,000 are expected to enroll, with a probable increase of 300 over the total number enrolled last year. At the Central high school, more than 1,100 students will be provided for, with at least 500 at the Technical high school. cooking has been added for the girls, and changes are to be made in the drawing lessons. At the Central high school sewing has been added to the household economics course. Room for this has been provided at the rear of the chapel.

Schools will reopen, probably Tues-

Hill Crowded

According to Superintendent Downes, the situation in the West End will be handled well this year, and there will be plenty of room. In the Allison Hill district, however, the schools will be filled to capacity. The three remaining rooms in the Shimmell building will be opened, filling the new school, and the one remaining room in the Woodward building will be opened. All beginners will be admitted during the first two weeks of school, to the buildings nearest their homes. Vaccination certificates must be furnished before the pupils will be admitted, and Dr. Downes urges parents to have all beginners vaccinated at once.

New Tech Teachers

once. New Tech Teachers
So far, three new teachers have been provided for the Technical high school, two of them filling vacancies. The new teachers are W. A. McCune, Roscoe Bowman and L. B. Nye. As much of the extra session work will be eliminated at the Central high school, more teachers will be needed. Two of the eight appointments made for this school, are to fill vacancies. Seven of the new Central teachers will be Dorothy Fahnestock, Eleanor Leonard, Elsie M. Yont, Paul B. Smith, Clarence E. Zorger. Pearl V. Ebner and Joseph Leswing. The other appointment will be made probably on Friday.
This big addition to the Central faculty provides an assistant drawing teacher and an instructor for the week.

This big addition to the Central faculty provides an assistant drawing teacher, and an instructor for the sewing classes.

The continuation school will reopen at Sixth and Forster streets, with an enrollment of more than 100 pupils from the factories and plants of the city and vicinity, as a number of the younger boys and girls living in Hagrisburg, work in nearby towns. Several improvements will be made in the course.

HUSBAND OBJECTS TO OPERATION

out an operation and that without it I would not live one year. My husband objected to any operation and got me some of Lydia E.

Pinkham's Vegeta-ble Compound. I took it and commenced to get better and am now well, am stout and able to do my own housework. I can recommend the Vegetable Compound to any woman who is sick and run down as a wonderful strength and health restorer. My husband says I would have been in my grave ere this if it had not been for your Vegetable Compound."—Mrs. BLANCHE JEFFERSON, 703 Lyon St., Des Moines, Iowa.

Before submitting to a surgical opera-tion it is wise to try to build up the female system and cure its derangements with Lydia E. Pinkham's Vegetable Compound; it has saved many

women from surgical operations. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential.

Amputate Leg to Release Man From Engine Wheel

Special to the Telegraph

Pittsburgh, Aug. 16.—Held for two hours under the wheels of a freight engine after having been run down at a street crossing yesterday, Joseph Gigilotti could not be released until physicians arrived on the scene and amputated his leg.

Gigilotti was conscious when he was taken to the Mercy Hospital, but no hope is held out for his recovery.

The man was working on a track joint when the accident happened. As he left the track to permit a train to pass he stepped in front of an engine drawing a freight train. He was knocked down and dragged a few feet, and his leg became fast in the mechanism.

Atter the train crew had tried for

and his leg became mechanism.

After the train crew had tried for a time to release the injured man, an ambulance brought several surgeons, who amputated the imprisoned

Better Homes---Better City---The August Furniture Sale Has a Big Responsibility

It's a mistaken idea that the home must be luxurious to rank among the first.

The good home may be plain and simple—it may possess the bare necessities that a moderate income will permit. Yet its furniture is sturdy and durable; bought with the hope of years of duration!

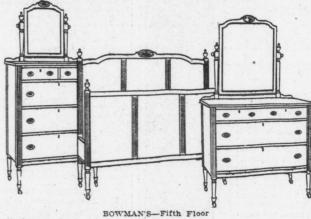

Such a home must certainly have an influence for good, because of the strength it reflects upon a new generation now in its childhood.

There is much to be gained in selection of furniture that has been made to wear long—which can be purchased at a moderate sum. The correct solution is the Bowman August Furniture Sale.

teeth is caused usually by one of two conditions-Pyorrhea or

decay, both of which develop, as a rule, only in the mouth

SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.
