## UNIVERSITY CLUB TO OPEN SOON

Renew Activities For Launching Harrisburg's Most Recent Club Acquisition

With the approach of the fall season, the activities of the various clubs and associations of the city will be renewed. The recently organized University Club of Harrisburg, which now numbers among its members approximately 150 men in every business and profession, who have attended a college or university for two or more years, will be comfortably housed for the next few years on the third floor of the Hershey building at Front and Market streets.

The entire third floor has been taken over by the board of directors of the club, and the remodeling and improvements are expected to be finished within a week. After that, it only remains for the furniture to be installed before the club is ready for occupancy. There will be a formal opening in the early part of September.

Every effort is being made by those in charge to make the club quarters as attractive and comfortable as possible. The large, airy front room facing the river and Market street will be used for lounging and reading purposes. To the rear is the poolroom, where two tables will be installed, and beyond that the kitchenette and bathrooms and living rooms, which will be sub-let by the club to those of its members who care to live in the comfortable quarters provided. Double ceilings with air chambers, skylights and many windows make the lightest and airiest rooms of the kind anywhere in the city. Fire escapes have been placed at the front and rear of the building in accordance with the law.

The membership of the club is steadily increasing, although no systematic campaign has been waged. Many of the city's most prominent bankers, business and professional men have identified themselves with the organization.

### This Is the Birthday Anniversary of—

H. C. Devor, a very successful grocer of the West End. He was born in Mt. Pleasant, Westmoreland county, and has been a resident of this city since 1879. He resides at 1724 North Third street.

### Vernacular of Rifle Range; How to "Call Your Shots"

To describe the location of their shots, riflemen speak of the target as if it were a clock face. Thus a shot in the inner to the right of the bull, at the height of its center and half-way between the limiting circles, is a "3 o'clock" or "half-way out on A." A hit just below the bull's-eye is a "6 o'clock four, hanging on the bull." Similarly, a "9 o'clock four, close in" will indicate a shot a little to the left of the black. One in the center of the bull's-eye is a "pinwheel." A spotter touching the bull is a "wait" and one just inside it a "nipper."

The direction of the wind is also referred to the clock. "A 6 o'clock wind" blows from the firing point toward the target, a "3 o'clock wind" directly from the right, a "9 o'clock wind" from the left and a "12 o'clock wind" directly from the target.

When the wind shifts between 5 and 7 o'clock or between 11 and 1, it is said to be "flattening" or "flattening wind," and it makes good shooting difficult; so also frequent changes of light make things hard, the rifleman's wish being for "a 6 o'clock wind and a gray sky."—September Outing.

### Mute Tells of Scandal in "House of Silence"

Chicago, Aug. 17.—A deaf and dumb husband through an interpreter told of the alleged intimacies of his deaf and dumb wife with a deaf and dumb roomer before Judge Sullivan in testifying in his suit for divorce.

Arno Dietzsch was the complaining husband. With his fingers he related the story of his marital troubles with Clara Dietzsch, Edward Kelly, according to Dietzsch's testimony, was the cause of the disruption of his home. He declared his wife said: "Kelly can stay; you can go." He was given a decree on the ground of misconduct.

### Kick of Dead Horse's Hoof Knocks Man Unconscious

Alton, Mo., Aug. 17.—C. S. Baker, of Alton, was seriously injured by the kick of a dead horse. He was unconscious for some time before he was revived and taken home.

Baker is employed by the Miller Lime and Cement Company at Alton. One of the horses died at the plant. While Baker was helping load it into a wagon for removal one of the animal's hind legs became caught. When the hoof was released it snapped backward and the shoe struck Baker on the head.

### Dentist Puts Crown on Squirrel's Tooth

Greenwich, Conn., Aug. 17.—Dr. T. D. Flanagan, a dentist here, has a tame gray squirrel, which he feeds outside his office every night and morning. While munching the shell of a nut the squirrel broke one of its little teeth. Dr. Flanagan took the little fellow upstairs to his office, where he treated and crowned the tooth.

The squirrel has since refused to break any more shells, but waits until Dr. Flanagan has cracked the nuts for him and taken the meat out.

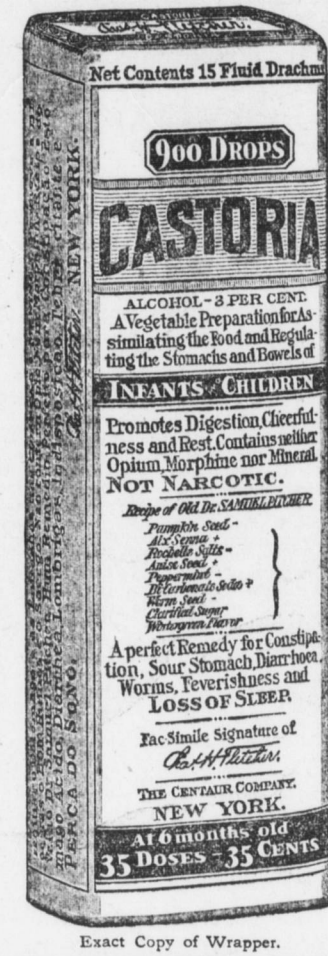

## A Word of Precaution.

JUST wherein lies the reason for the use of vegetable preparations for infants and children?

Why are any but vegetable preparations unsafe for infants and children? Why are Syrups, Cordials and Drops condemned by all Physicians and most laymen?

Why has the Government placed a ban on all preparations containing, among other poisonous drugs, Opium in its variously prepared forms and pleasing tastes, and under its innumerable names?

These are questions that every Mother will do well to inquire about. Any Physician will recommend the keeping of Fletcher's Castoria in the house for the common ailments of infants and children.

## Children Cry For Fletcher's CASTORIA

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

S. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y., say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

### GENUINE CASTORIA ALWAYS BEARS

the Signature of *Chas. H. Fletcher*

THIS DOG BEAT BACK A MOB In the September American Magazine, a writer tells how Prince Otto, a sturdy dog, stampeded a mob. The writer says: "The dog needed no second bidding. Instantly his great, powerful body shot across the intervening space as if propelled by giant springs, his fearsome fangs bared and the snarl of battle in his throat. The mob fell back before

his fierce onslaught, the more cowardly fighting to escape. The brawny leader went down at the first rush, his chest torn open by Otto's fangs. Tony Rampetto drew his deadly knife, but Otto seized him by the shoulder and shook him as a terrier shakes a rat. Again and again the fearless dog charged. They dared not fire in the confusion and they were powerless against this unleashed fury."

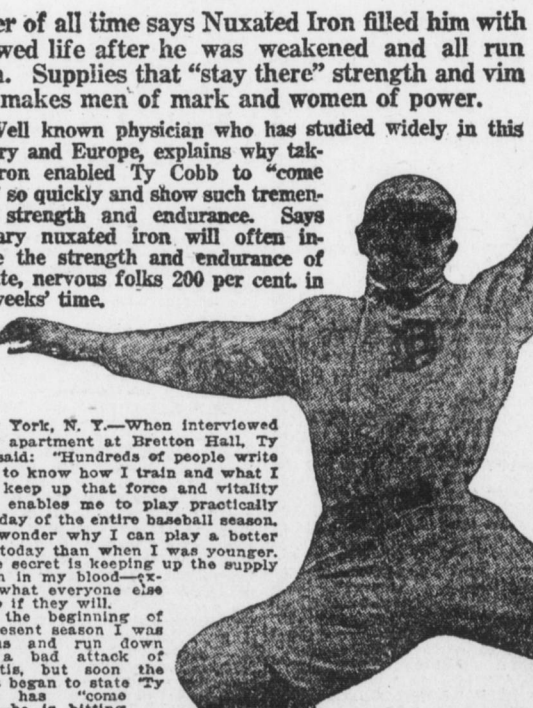

DAVID JACKSON Funeral services for David Jackson, aged 52, who died at his home, 652 Calder street, on Tuesday, will be held to-morrow afternoon at 3 o'clock. He is survived by his wife and three children. Burial will be in the Lincoln cemetery without it, William Toliver, pastor of Zion Baptist Church, officiating.

## \$50,000 Ty Cobb "Comes Back" Nuxated Iron Makes Him Winner==Greatest Baseball

Batter of all time says Nuxated Iron filled him with renewed life after he was weakened and all run down. Supplies that "stay there" strength and vim that makes men of mark and women of power.

Well known physician who has studied widely in this country and Europe, explains why taking iron enabled Ty Cobb to "come back" so quickly and show such tremendous strength and endurance. Says ordinary nuxated iron will often increase the strength and endurance of delicate, nervous folks 200 per cent in two weeks' time.

the buoyancy of youth! As I have said a hundred times over, iron is the greatest of all health-builders. If people would only throw away patent medicine and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause, which started their diseases, was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while double their strength and endurance, and entirely get rid of all symptoms of dyspepsia, liver and other troubles in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit.

New York, N. Y.—When interviewed in his apartment at Bretton Hall, Ty Cobb said: "Hundreds of people write to me to know how I train and what I do to keep up that force and vitality which enables me to play practically every day of the entire baseball season. They wonder why I can play a better game today than when I was younger. The secret is keeping up the supply of iron in my blood—25¢ a miracle of nature that everyone else can do if they will."

"At the beginning of the present season I was nervous and run down from a bad attack of tonsillitis, but soon the papers began to state Ty Cobb has 'come back'—he is hitting up the old stride."

"The secret was iron—Nuxated Iron filled me with renewed life."

"Now they say I'm worth \$50,000 a year to my baseball team, yet without plenty of iron in my blood I wouldn't be worth five cents. Nuxated Iron supplies that 'stay there' strength and vim that makes men of mark and women of power.'"

Continuing, Dr. Sauer said: "Mr. Cobb's case is only one of hundreds which I could cite from my own personal experience, which proves conclusively the astonishing power of nuxated iron to restore strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret, he said, was taking iron—Nuxated Iron had filled him with renewed life. At 80 he was in bad health; at 46 he was careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with

Nuxated Iron has filled me with renewed life and vigor. I play a better game today than when I was younger.

*J. J. Sauer*

NOTE—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well-known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down

conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any chemist in the world who can show that it is not a true iron preparation. It is dispensed in this city by C. H. Keller; G. A. Gorgas and all good druggists.—Advertisement.

## NEW AUTUMN MILLINERY

### Chamber's Bulletin Is Barometer of Progress

A most valuable and interesting barometer of events in the business circles of Harrisburg made its appearance yesterday afternoon in the form of the bulletin issued by the Chamber of Commerce containing facts and information that are a commentary on the increasing activities and interests of the city.

The bulletin, which is somewhat similar to that issued weekly by the National Chamber of Commerce, is a summary of the work of the local chamber during the past year and a series of comments upon matters which pertain to the public welfare of the city, to the needs of which the Chamber is ever attentive. A substantial increase in membership, a re-

counting of the many varied subjects on which speakers of national reputation have spoken before the Chamber, a number of suggestions of value to the community, and other interesting material is included in the bulletin that shows clearly the activity that has characterized its work during the past year.

The leading article is devoted to plans for the annual outing to be held at Inglenook on Saturday afternoon, August 26. Letters have been sent to all the members urging their attendance at what Chairman George Bogar and the other members of the entertainment committee claim will be the best outing in the history of the organization.

It was announced this morning that in addition to the baseball game between the merchants and manufacturers, a tug-of-war, target shooting and numerous aquatic sports will be held. Canoe tilting, swimming races for the most slender of the members and a polo game will be staged.

His name was EJESCHEJANEWICZ. In the September Woman's Home Companion there is a short story in which the writer says: "His name was Ejekeschejanewicz, which, after all, was rather more than a mouthful for any New York boarding housekeeper, not to mention the servant girl. Therefore the landlady called him Mr. E., for brevity's sake and by way of identification, and so likewise did everybody else in the house who had occasion to call him anything at all. For he was an unobtrusive, almost unobscure, taciturn person, having but little to say beyond the ordinary greetings of the day to any of the three men or either of the two ladies, who, like himself, enjoyed the hospitality of Mrs. Buzzacotte's roof and table."

## OPEN SATURDAY ALL DAY OPEN SATURDAY ALL DAY

## 20th Century Shoe Company

7 So. Market Square

We will keep our store open both Friday and Saturday from 7.30 a. m. to 10.00 p. m. for the rest of August.
