

YOU'VE GOT A FINE BIG TREAT COMING One Chew of "American Navy" Will Surprise and Delight You

FULL OF RICH FLAVOR Maybe you're one of those men who go on chewing tobacco for years without knowing that there's a special kind of tobacco which would suit your taste a hundred times better.

Why not find out? Why not try American Navy and see just what that wonderful flavor is? No doubt you've often heard the old-timers brag about it, even if you've never chewed American Navy yourself.

American Navy is made of the whole leaf—and choice, ripe, selected leaf at that. And it is pressed into plugs slowly and carefully so that not a single drop of the sweet, tasty juice can get away.

There's a big treat coming to you in American Navy.

Ask your dealer for American Navy—a 5c or 10c cut—either is big value for the money.

Try WONDEROIL For HAY FEVER

There is nothing better to relieve Hay Fever with its attendant annoyance and discomfort than Antiseptic Wonderoil, which has been used with the greatest success for over 30 years.

A little Wonderoil snuffed through the nostrils will act like magic in bringing relief. The good old-fashioned healing balm has stood the test of time and has been standard for many years in thousands of homes. It is made from a physician's prescription and is composed of the purest ingredients. Its remarkable efficiency has won it the unqualified endorsement of two generations.

Because of a widespread demand Wonderoil is now put up in both 25 and 50 cent boxes. The 50 cent size will be found most economical. Purchase Wonderoil from George A. Gargas or from other reliable dealers everywhere.

For any reason you have never used Antiseptic Wonderoil, send today to M. E. Raymond, Inc., Ballston Spa, for a generous free sample.—Advertisement.

EVERY RAILROAD MAN SHOULD READ THIS

Peterson Bros. Dear Sirs: I was afflicted with what the doctors said were "varicose ulcers" and "eczema" about five weeks ago. I have been treating them for about a year and five months.

With all the treatments that were prescribed to me by several doctors I received little benefit, and they kept reading and giving me more distress and caused me to quit my work.

I was induced by a brother brakeman to try Peterson's Ointment and after I had used two boxes I saw the wonderful results. You can tell suffering ones troubled with painful and horrid ulcers that your Ointment is a sure cure for them when everything else fails, as I have tried about everything.

Thanking you many times over, I am your happy friend, J. J. Heizer, Battle Creek, Mich., 42 Glenwood Ave., Jan. 12, 1916.

"I know and dozens of people write me," says Peterson, "that Peterson's Ointment also cures eczema, old sores, salt rheum, piles and all skin diseases, and all druggists sell a big box for 25 cents.

Peterson's Ointment takes the burn out of sunburn in 10 minutes. Mail order 5 filled, charges prepaid by Peterson Bros., Buffalo, N. Y.—Advertisement.

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY People who are overburdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight; footstomps become lighter, your work seems easier, and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.—Advertisement.

HORSES SCARCE AT CAMP STEWART

Troopers Drill With Mules While Waiting For Promised Mounts

Camp Stewart, El Paso, Texas.—Camp life with the Pennsylvania soldiers is becoming more agreeable daily. There are still some uncertainties, which keep the soldiers guessing as to the future. The fact that no horses have been distributed to the cavalry division is causing much gossip. The members of the Governor's Troop, of Harrisburg, and other troopers, are wondering what it all means. Horses were promised several weeks ago. Preparations were made to start mounted drills but no horses arrived. There are several hundred horses in quarantine, and the only announcement made, is that as soon as acclimated these horses will be distributed to the troops.

From C. Hugh Blair

Camp Stewart, Fort Bliss, Tex.— Rattlesnakes are now occupying the attention of the members of the Governor's Troop of cavalry from Harrisburg. The rattlers have completed the process of shedding their skins and are beginning to become quite active. Almost all the men from Harrisburg organize snake-hunting parties and go scouring the mountain sides in the hope of finding some of the reptiles.

Last evening a party headed by Cook Horace Oves secured two large snakes which were brought to camp alive. The snakes were ordered killed by First Sergeant Charles Kline and today the pelts of the reptiles are hanging in the sun being tanned. They will be used for hat bands by the men.

Private Harry Solomon has been transferred from Troop C to the headquarters troop, where he has been made a corporal. The headquarters troop will have charge of the supplies and equipment of the men of the entire regiment and Solomon's transfer comes as a promotion.

Mimic warfare has been started by the cavalry regiment, and daily the troops are put through long drills in which each man carries complete equipment including tents and blankets. The men are given rations which they must cook for themselves while in the field. This is something new to the men and they are enthusiastic over it.

Within a short time the men will go out for maneuvers which will occupy a week or more at a time. During these periods, all the duties of actual warfare will be carried out by the men.

Wagoner Paul Anderson, of Harrisburg, now attached to the headquarters troop here, received a severe injury to his right wrist when he was struck by a mule he was harnessing. Anderson now has the arm in a sling. A ligament in the wrist was dislocated.

Although drills are still held on foot the cavalrymen are getting ready for the horses. Yesterday Lieutenant Roberts had a force of men at work in the rear of the camp clearing off the ground and constructing a picket for the horses whenever they are to be issued.

Mules have been given the troop for the purpose of giving the men from Harrisburg drill in the packing and placing of a saddle and bridle on the horses when they are issued. Some funny things happened during the periods that the troop from Harrisburg had the mules. Some of the men are afraid of the animals while others want to mount them and ride at once.

The men are putting on boxing matches almost every evening as a means of breaking the monotony. Last evening three bouts were staged and the affair attracted crowds from all the other troops in the regiment.

Wagoner Anderson and Herman Shope mixed it for a few rounds. Since Lieutenant Nicodemus has been attached to headquarters Captain Jack and Lieutenant Roberts have had to do all the work of commanding the troops themselves. It is a big job for two men.

And now comes the information that the government is to detach all second lieutenants in the cavalry and attach them to the Seventeenth Cavalry U. S. Regulars that is now being organized at Fort Bliss. This will mean that Second Lieutenant Roberts of Harrisburg would be detached from the Governor's troop and attached to the new cavalry regiment. If the lieutenants "make good" in the regulars they will be offered a commission in the regular army.

Most of the young lieutenants in the Pennsylvania cavalry are anxious to get into the regulars and are grabbing the chance to go to the Seventeenth Regiment. Should Lieutenant Roberts leave the Governor's Troop, it would mean that Captain Jack would be without an assisting officer. In such a contingency, it is likely that there would be several promotions among the noncommissioned officers so as to fill the vacancy.

Letter List LIST OF LETTERS REMAINING IN THE POST OFFICE, AT HARRISBURG, PA., FOR THE WEEK ENDING AUGUST 12, 1916:

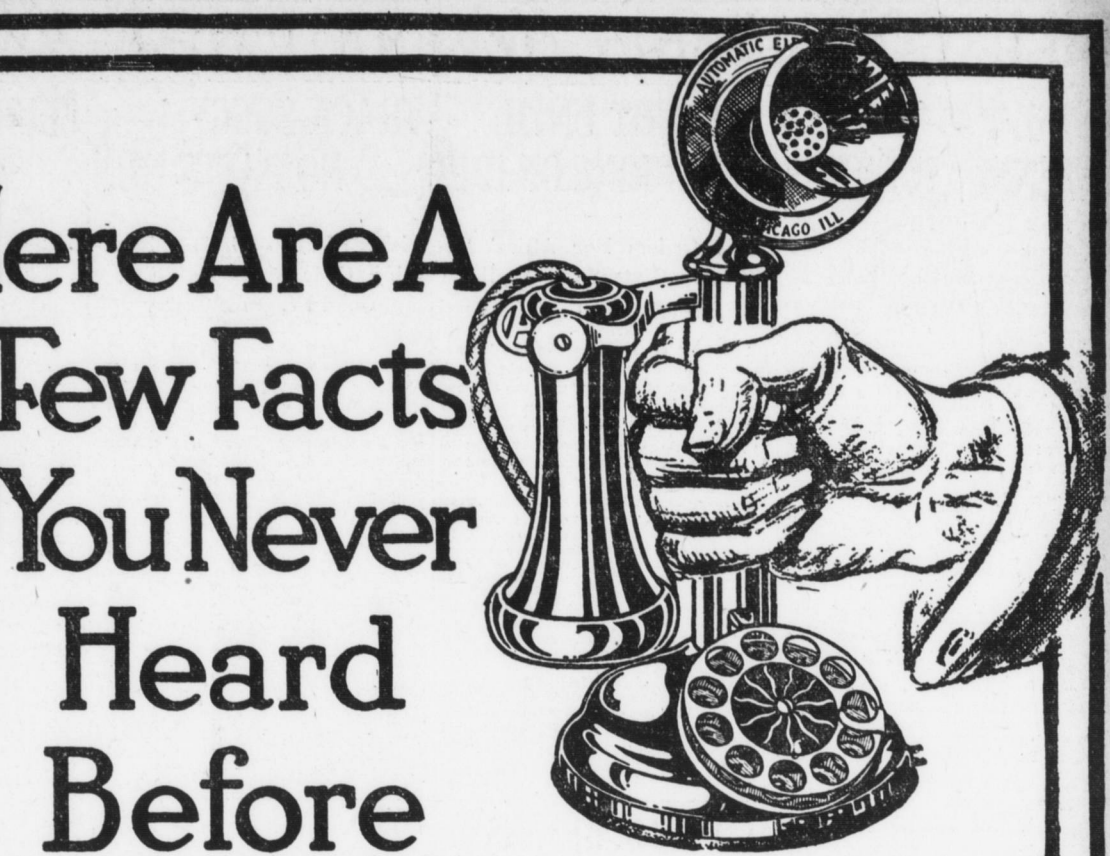

Ladies' List—Mrs. Luther Bittel, Mrs. Blosses, Miss Warth Brown, Mrs. M. A. Carter, Mrs. Bob Chester, Mrs. H. Camberling, Miss Sadie Fisher, Mrs. Lee, Mrs. Kattie Heister, Mrs. Esther Hall, Miss Florence Hartman, Mrs. Buelah Hulstman, Mrs. E. J. Jenbride, Leah M. Lanson (D. L.), Miss Sue Lindenberger, Mrs. Constance MacCorkle, Mrs. Gust Martin, Mrs. Clara McCormick, Miss Rachel McCormick, Mrs. Alexander Mitchell, Mrs. D. J. Rea, Mrs. Mary E. Saylor, Mrs. Lillie E. Shipley, Miss Sarah Snyder, Miss Maud Steiner, Mrs. James Sullivan, Mrs. M. Summers, Miss E. M. Sundab, Miss Mary Towgrres, Miss Daisy Walker, Mrs. Lau Watson, Miss Margaret Weber, Ada Wheeler (D. L.), Mrs. Clarence L. Williams.

Gentlemen's List—Pulos Andros, Ira C. Bair, William Burrous (2), Alfred Curand, Noel D. Dean, E. Gardner, L. L. Hemmer, Ed Henig, Frank James, J. E. Karsney (D. L.), J. Mack, J. Morris, Agt. (D. L.), Chas. V. Monk (D. L.), Thomas W. Morris, A. L. Bowen, Harry Reiner, E. G. Saffers, William Schlaupitz, David Sharar, Herman Shopwell, G. Skarlas, William Snyder, Mr. John M. Wert, John P. Yoke, Bennis Young.

Firms—Hamilton Garage Co., Inc., Paper Co., Penns. Medical Standard Supply Co. Persons should invariably have their mail matter addressed to their street and number, thereby insuring prompt delivery by the carrier. FRANK C. SITES, Postmaster.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-1-ka, astonishes Harrisburg people. Because Adler-1-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes that surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. THE INSTANT, easy action of Adler-1-ka is astonishing. H. C. Kennedy, druggist, 321 Market street.

Here Are A Few Facts You Never Heard Before About TELEPHONE Service

There are many cities—in America and abroad—where people do not have to ask a telephone operator to let them talk to the man they want; where they do not get wrong numbers; where the busy signal is never given by mistake; where telephoning is quick, easy, simple, convenient.

Soon Harrisburg is going to be numbered among these most progressive communities, for the Cumberland Valley Telephone Co. of Pa., has adopted for its exchanges in Harrisburg and Steelton

The Automatic Telephone

the most modern, the most efficient, and the most convenient system in the world.

IT GIVES YOU PROMPT SERVICE—six seconds to ring the bell of the telephone you want—not just to get the operator, but to get the man you want to talk to.

IT ASSURES YOU UNIFORMLY ACCURATE SERVICE—no operator to make mistakes and give you wrong numbers.

IT IS CONFIDENTIAL—there are no operators to "listen in."

IT IS CONVENIENT TO USE—you simply turn a small dial, a machine does the rest.

This marvelous telephone system will be at your service shortly. But meantime in order that you may see just how rapid, how accurate, how easy to use the Automatic Telephone really is, the Cumberland Valley Telephone Co. of Pa., has installed a miniature Automatic System—complete in all respects and just like the big city system that will be in service shortly.

This miniature Automatic Telephone System—the most marvelous electro-mechanical invention of the day—is installed at 308 MARKET STREET (Between Third and Fourth) and you are most cordially invited to come in and see it operate, have it explained to you by experts and try it for yourself.

The exhibit is open from 8 A. M. to 10 P. M. and every one is welcome. Come at your convenience. Demonstrations and explanations are going on all the time. Here is your chance to

SAYS FRENCH LED BRITISH ATTACK

Pennsylvanian Back From Verdun Says Joffre Initiated "Big Push"

New York, Aug. 17.—French officers led General Haig's British troops in their drive on the Somme, according to Dr. Frederick W. Black, of Huntington, Pa., who returned on the Dante Alighieri, of the Italian line. Dr. Black passed six months in the foremost trench lines at Verdun and on the Somme. "Although I am informed it has not come out in dispatches reaching this country," said the doctor, "picked French officers led the British troops

in the 'big push' where they rolled the Germans back along the Somme. In the first place, the drive was begun at the French behest. The British did not think they had enough munitions in reserve to begin an offensive on so grand a scale. And besides, they contended, they had not yet familiarized themselves sufficiently with the terrain over which they were to attack. "Whereupon the French offered to supply officers who were skilled in the method of attack to be employed, and who were familiar with every foot of the ground. On the basis of this agreement the offensive was launched. Most of the officers who went with the British are natives of the country about where the battles are now raging." Dr. Black said, the French are now complete masters of the situation. "They are toying with the Germans," he said. "Every now and then we hear the Germans have regained some unimportant position by storm attack. That is all by French design.

They mine positions and permit the Germans to capture them, only to be blown up or made targets for skillfully concealed artillery fire. The German casualties at Verdun overwhelm imagination. Their losses exceed those of the French four to one. That is the French game at Verdun—killing Germans." On the Dante Alighieri, also returned Major Arthur Lacy-Backer, former organist of Calvary Baptist church, with Mrs. Lacy-Backer and their daughters, Dorothy and May. Major Lacy-Backer went to Switzerland to bring back his family. He was bitter over the indignities of search to which he says civilians traveling to Switzerland are subjected. Rev. Vincent Bartuska, pastor of the Holy Cross Church at Mt. Carmel, Pa., returned from Lithuania, whither he went in March to take relief funds to his countrymen. He said the Lithuanians would weather the winter satisfactorily, if their crops are not confiscated by the Germans. Edward Falton of Fort Dodge, Iowa, also was on the boat. He brought a story of having been im-

pressed into the Italian army and made to serve a year on the Isonzo front. After a bullet had made his right hand useless, Roger Treadwell, American Consul at Genoa, was able to obtain the American's discharge. Falton went to Italy a year ago with a consignment of automobiles. Because his grandfather was an Italian, he said, he was forced into the army as a chauffeur. Falton says he will make an effort through the State Department to obtain damages from the Italian Government.
