

UHLER RECEIVES NOTABLE HONOR

Named as Head of a Committee to Draw Up Standard Forms for Federal Highways

William H. Uhler, chief engineer of the State Highway Department, has been given the honor of being made chairman of the committee which is to draw standard specifications for the United States and the various State governments of highways under the new federal road act.

The selection was made at the national conference of commissioners of highways and others held at Washington last week at which the preliminary steps for the united work of the national and State governments in road construction were taken.

Commissioner Black is studying out routes to be suggested to the national government.

Hearing in September.—The hearing on objections to the incorporation of the Halifax Electric Light, Heat and Power Company by the Williamson interests which incorporated the Killinger company, will be held by the Public Service Commission on September 5.

Pathfinders Start.—W. R. D. Hall and W. R. Douglas, who will map the tour of the farming regions by the Governor and Secretary of Agriculture, left today, starting up the Juniata Valley to arrange for stopping places and to fix the route.

Mr. Kirkpatrick Here.—William S. Kirkpatrick former attorney general appeared yesterday before the Public Service Commission at hearings.

Change of Name.—The Windber Coal Company has changed its name to the Portage Smokeless Coal Company.

New Light Company.—The Standard Public Service Company, which will furnish electric power in Greenfield township, Blair county, has been chartered with \$5,000 capital.

To Meet September 5.—The State Industrial Board will have its next meeting on September 5.

To Clean Out Crooks.—The State dairy and food authorities have arranged to clear out the headquarters of the crooks engaged in handling rotten eggs in Philadelphia in defiance of law and assurances to the contrary.

Dr. Lichleiter Home.—The Rev. Dr. M. D. Lichleiter, chief clerk of the Department of Agriculture, is home from Chautauqua, N. Y., where he was elected for the twentieth time president of the class in which he graduated and was for the seventh time marshal of the procession of graduates.

Sitting in Pittsburgh.—Commissioner Rilling is sitting in Pittsburgh today in several of the western rate cases.

Delegates Named.—The Governor's office today announced appointment of Pennsylvania at the congress of the American Prison Congress at Buffalo, October 7.

Byers, Joseph F. Byers, Colonel E. E. Holz, Florence Bayard Kane, Philadelphia; Henry Phipps, Mrs. E. W. Gormley, Pittsburgh; W. J. Penn, Morgantown; T. E. Patton, Huntington; John Francis, Western Penitentiary; Dr. T. S. Mitchell, A. H. Leslie, the Rev. William Bruzse, York, and Eleanor M. Bonham, Hock.

Brown at Capitol.—Attorney General Francis S. Brown returned to the State Capitol today to take up the problems attending the voting of the Pennsylvania guardsmen in the field and spent most of the day in conference at the Capitol with Deputy Keller, Hargest, Collins and Davis regarding requirements of the law.

One ought not to leave out of consideration the psychic element—the delicious treat to the palate afforded by a dish of Grape-Nuts and cream.

From April, 1916, American Journal of Clinical Medicine

Grape-Nuts "There's a Reason"

BALKAN DRIVE IS IN FULL SWING

(Continued From First Page)

overshadowed by those in the Balkans. The entente offensive, however, is proceeding uninterrupted on both these fronts. The French have resumed infantry activity along the Somme, capturing trenches near Estrees and Soyecourt, south of the river. They have also made progress north of the Stream in the outskirts of Clercy, an important immediate objective in their drive for Peronne.

Decisive Moment For Rumania Has Arrived; Army in Fine Condition

Paris, Aug. 22.—All the morning newspapers comment at length on the possibility of Rumania joining in the war. The reports that are in progress in Bucharest are taken to mean that all the various developments in the east are being seriously considered and the general tone of the comment that the decisive moment for Rumania's action has arrived.

Von Mackensen Is in Command of Bulgarians

Athens, Aug. 22.—The occupation of Kozlevo and Kozlyta by the Bulgarian troops is reported by an official source as the German field marshal, August Von Mackensen, is now in command of the Bulgarian army.

Russians Will Join Serbs on Southern Serbian Front

Athens, Greece, Aug. 22.—After a conference of the French, British, Serbian and Russian commanders at Salonika today it was decided that the newly arrived Russian forces should take up positions with the Serbian troops on the southern frontier of Serbia.

Sailors Who Sank German Pacific Fleet Get Prizes

London, Aug. 22.—A prize court today awarded \$12,100 prize bounty to the officers and crews of the squadron of Vice Admiral Sir Frederick Sturdee which destroyed the German Pacific squadron in the battle of the Falkland Islands in December of 1914.

Over Five Hundred.—The reports of infantile paralysis made to the State Department of Health went over the 500 mark today. The State authorities are preparing a circular prohibiting attendance of children under sixteen at fairs.

To Meet To-morrow.—The State Water Supply Commission will meet to-morrow and the Punksutawney water problems will be threshed out.

Two New Railroads.—The Wheeling Coal and Wheeling and Eastern Railroads, both Greene county roads, have been granted State charters.

STEELTON TO MAKE MOVIES OF HARRISBURG

Will Film Places of Interest; to Go on Screen All Over Country

Bert G. Faulhaber and Harry H. Wright, of the Fairrite Film Company, New York City, arrived here on Saturday and to-day are completing arrangements to produce a motion picture film of the city of Harrisburg.

The portrayal of the city will include all the historical features, places of local interest, civic activity, the various State, city and public buildings and various departments: Harrisburg's park system and the leading industrial concerns and retail stores. The plan is to picture Harrisburg from a civic, commercial and industrial standpoint.

There will be plenty of human interest blended in the picture which will be from three to four reels in length and all subjects will be presented in such a manner as to form a very interesting and educational film and at the same time to afford a means of considerable publicity to the city.

Harrisburg is one of the twelve leading cities selected in Pennsylvania and when the picture is completed will be shown at one of the leading theaters here for one week as well as throughout the country and will then be sent out on a special circuit of over 1200 institutions comprising Y. M. C. A.'s, churches, schools, colleges and educational institutions throughout the country.

Heat Hastens Death of 2 Old Steelton Residents

Extreme heat of the past few days is given as a contributory cause in the death of two old Steelton residents yesterday, although the heat alone was not responsible for either death.

William McCreary, aged 85, a veteran of the Civil War, died at the home of his daughter, Mrs. M. J. Noonan, 13 South Second street, from a complication of diseases. Funeral services will be held in St. Lawrence Catholic Church, Thursday morning at 9 o'clock, the Rev. Father J. C. Thompson officiating. Burial will be made in Mt. Calvary Cemetery.

Mrs. Margaret B. Boshore, aged 66, wife of Amos H. Boshore, died at her home, 235 Swatara street, from a complication of diseases following a nervous breakdown. She is survived by her husband, three sons, Charles F. of the National Bank, Harry A., William E., and two daughters, Mrs. Mary E. Hahn and Miss Margaret A. Funeral services are incomplete.

Durnbaugh Gets Man Who Shot Up Adams Street

After a search of more than a month, Detective I. N. Durnbaugh, ex-chief of the Steelton police, yesterday placed under arrest Joe Osborn, colored, who is charged with shooting up Adams street on July 18.

According to the information, Joe imagined he was back in the wild and woolly West of some years past, and began to blaze away with a .45 Remington, whom he disliked, it is said. Richard ducked and called an officer, but Joe made good his escape.

Hold Men's Days.—With elaborate services during this week the congregation of the First Baptist Church is observing Men's Days. Special programs were presented last evening and will be presented every evening during the week.

Plan Lawn Fete.—Mt. Zion Baptist Church will hold a lawn fete at Bressler, August 31. The Rev. Warner Brown, pastor, and A. A. Harrod, church clerk, are making elaborate preparations for the affair.

To Picnic at Park.—Class No. 4 of the Centenary U. E. Sunday School taught by Mrs. Houck, will accompany Class 23 to Bolling Springs Park, Saturday, where a picnic will be held. Plunging head-long down a pair of steps at her home, 352 South Second street, Sunday, Mrs. George H. Harrod sustained a severe laceration of the scalp, injuries to the back and a fractured bone in her left foot. She is under the care of a physician.

DID YOU VOTE FOR QUEEN SALUNGA?

(Continued From First Page) will cost ten cents, and envelopes will be found beside each box in which the name of the candidate, and the vote must be placed. There is no limitation on the number of votes that may be cast for any candidate. The envelopes must be sealed and placed in the box, which will be opened at stated intervals by a member of the Kipona executive committee and the results of the voting up to that time announced. The money will be used to boost the Kipona.

Cast Your Vote Now Names that are sent in to the Telegraph before noon to-morrow will be announced in the afternoon papers, but voting may start to-morrow morning.

The winner of the voting contest will be crowned with fitting ceremony on the afternoon of Labor Day, when a special float will be fitted out with dais and throne as befits a queen. Salunga will rule over the aquatic sports and it may be that some method of handling of the prizes will be arranged that will permit the winners to receive their awards from the fair hand of the queen. In all likelihood, her retinue will be composed of her competitors in the race for queen.

Man-fishing a New Event At the meeting of the Greater Harrisburg Navy Club, several additional events for the carnival were suggested and adopted, including man-fishing and fancy swimming. Stance diving, an expert swimmer will take the part of the man-fish and the fishermen will endeavor to "land" the wriggling human with some sort of soft hook and line, while the man-fish is enticed to use every method of preventing his capture except by using his hands.

Several new entries for the float parade were received by the committee number of those who have definitely expressed their intention of entering floats to parade in the Harrisburg are Dives, Pomeroy and Stewart, Kaufman's, Bowman and Company, William Strouse Clothing Store, The Globe, Harrisburg Light and Power Company, the Telegraph, the Star-Independent, W. E. Bogar, J. M. Group, Floyd Hopkins, and Chas. W. Silex. The report of the membership committee shows that John Harder, one of the liveliest of the city, had brought in 127 members to the Navy. The total membership is now nearly 300.

A Branch of the U. S. Navy Judging from the following letter that was received by J. M. Group, secretary of the Navy, the impression has evidently been gained by a small boy in Williamsport that the Harrisburg Navy is a branch of the regular Navy. He writes as follows: "I would like to know if you take fellows in the Navy at 105 lbs., 5 feet, 8 inches, if you do write and tell me, for I would like to join."

REPLY TO STRIKE PLAN BEING FORMULATED

(Continued From First Page)

traordinary situation which will emerge out of the European war." A statement issued by the railroad believe public opinion would favor giving the principle of arbitration and the granting of \$50,000,000 increased wages to one seventh of all railway employees who belong to the union brotherhoods "without a hearing before a public tribunal."

Men Hold Meeting At 10 o'clock this morning the men went into a meeting which was attended by the leaders of all four brotherhoods. No special purpose was attached to it and the leaders said it was just to keep the men together. A statement in reply to the arguments of the railroad executives on the question of arbitration was being prepared by the leaders and probably will be ready for publication to-morrow. Brotherhood officials described the situation as unchanged. The railroad executives made a formal announcement that consideration of the situation had been turned over to a committee and that no conclusions had been reached. The following were announced as members of the committee which will work on President Wilson's proposal and make a report to the assembled executives:

Hale Holden, Burlington; W. W. Artterbury, Pennsylvania; Fairfax Harrison, Southern; Robert S. Lovett, Union Pacific; E. P. Ripley Santa Fe; A. H. Smith, New York Central; Frank Trumbull, Chesapeake and Ohio; Daniel Willard, Baltimore and Ohio.

In Touch With Directors While the subcommittee was working the executives got in touch with their boards of directors. It was understood that a reply might be ready for President Wilson to-night or to-morrow morning. In administration circles it was said there was hope for a settlement. The exact nature of the proposal to be submitted to President Wilson was not revealed, but from the fact that the executives were in communication with their boards of directors the conclusion was drawn that it concerned the concession of the eight-hour day.

One suggestion understood to be under consideration was the submission of the collateral issues to the Interstate Commerce Commission or a provision for making permanent the commission of investigation suggested by President Wilson.

The brotherhood meeting did nothing and adjourned until 3 o'clock this afternoon. An invitation from Vice-President Marshall to all of the representatives to visit the Senate to-day was accepted.

BURY MATEO KUZMICH Funeral services for Mateo Kuzmich, who was crushed to death at the steel foundry, Sunday morning, were held this morning in St. Mary's Catholic Church. The Rev. Father Anthony Zuvich, rector, officiated and burial was made in Mt. Calvary Cemetery.

Astonishing Power of Iron to Give Strength to Broken Down Nervous People

Physician Says Ordinary Nuxated Iron Will Increase Strength of Delicate Folk 200 Per Cent in Two Weeks' Time in 25 Days

NEW YORK, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist who has studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses its power to change food into living tissue, and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down, and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night; others are sleepless all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your sagging vital powers for the moment, may be at the expense of your life later on. If you are not strong and well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time, double, and even triple their strength and endurance and entirely get rid of their symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form, and this, after they had in some cases been doctoring for months without obtaining any benefit. You can talk as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good, sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and the best blood builder in the world. The only trouble was that the old forms of iron, organic iron, like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the new forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial."

EXPECT HALF OF NAMES ON PETITION TODAY

(Continued From First Page) yesterday. The last opportunity will be given on August 31, after which City Clerk Miller and R. Ross Seaman, his assistant, will go over the signatures to see whether all of the men are qualified electors.

Plans are being made by the striking carmen for another big parade to-morrow night, forming at 7:45 o'clock at Front and Market streets. The Commonwealth band will furnish the music and all labor organizations of the city have been invited to participate.

President Hugh L. McLaughlin and John J. Thorpe, international vice president, issued a statement last night appealing to all voters of Harrisburg to sign the jitney petition so that Council will be compelled to act. The offer of free transportation was again made by the union men.

Yesterday 593 of the 1,751 necessary signatures required were obtained. Jitney drivers were kept busy all day hauling the many voters free of charge. At noon 236 were signed up, but in the afternoon the number increased gradually. Strike leaders are confident that they will obtain the required number.

EXPECTS MERCURY TO GO TO 100 TODAY

(Continued From First Page) The hottest day on record at the local weather station was July 3, 1888, when 101 degrees was recorded. On the same date, 1911, a temperature of 100 degrees was marked up, and on July 1, 1913, the temperature was 98 degrees.

BIBLE READING

A special Bible reading will be given by request on "The Pre-Millennium" to-night at the residence of William L. Troup, 406 Harris street, by the Rev. Stephen A. Zuber, of Philadelphia.

Take Nobody's Say-so—Your Nose Knows

It's your taste that has to be pleased. What suits another man may not suit you. Why take other people's say-so? Why try first one tobacco and then another when your nose knows—in a minute—just which is your tobacco.

Make this test—it never fails. Rub a little TUXEDO between your palms, long enough for the friction to bring out the full aroma, and smell it. Put other tobaccos to the same test. Only one—TUXEDO—will come through it satisfactorily—convincingly.

Only one—TUXEDO—has the volume and sweetness of fragrance that prove supreme flavor, mildness and satisfaction.

Make the test. Then smoke TUXEDO—all you want—all day long. You won't be disappointed. There won't be any come-back—your nose knows.
