E. W. CAREY, FAMOUS TANLAC MAN, HERE

Arriving From West, Visitor Registers at the Commonwealth For Stay

E. W. Carey, the celebrated "Tanlac Man," is a visitor. He is registered at the Commonwealth Hotel.

Mr. Carey came to Harrisburg from the large Western cities, where he attracted widespread attention through his views on health and hygiene.

Tanlac, which is in the nature of a herbal tonic and system purifier, is called the "Master Medicine," and it is made mainly from the roots, bark, herbs and flowers that are gathered from the remotest parts of the earth.

It is claimed that Tanlac quickly overcomes stomach, kidney and intestinal ailments, as well as catarrhal affections, and will actually prolong life by restoring and keeping up the vigor of youth.

In Chicago, St. Louis, Philadelphia and Pittsburgh, thousands have been converted to his views and have benefited by Tanlac.

Mr. Carey, it is understood, is somewhat of a philanthropist, and gives largely of his income annually to charity and the suffering public.

The agency for Tanlac is awarded to only one druggist in each city, and Mr. Carey personally directs its introduction so that it may do the most good.

SOLDIERS' VOTES BEING ARRANGED

Attorney General and Adjutant General Working Out the Details Now

Attorney General Francis Shunk Brown last night completed his study of the provisions of the constitution and the acts of the Legislature relative to the voting of the soldiers and the conclusions were sent to Governor Brummaugh in Maine. Mr. Brown holds that the soldiers may vote and that registration and other laws are not to bar them while they are in Federal service. A formal statement will be issued by the Governor on the subject.

Adjutant General Stewart last night issued the result of a conference with the Attorney General's Department, and in view of the possibility of the organizations of the National Guard of Pennsylvania, now in the active service of the United States, being detained in the field before the date of the next general election, the following suggestions prepared by the Attorney General's Department are published for the guidance and information of all concerned.

"To the citizens of Pennsylvania now in actual military service under a requisition from the President of the United States or by the authority of this commonwealth.

Your attention is called to the fact that a general election occurs on November seventh, one thousand, nine hundred and sixteen, at which election there is to be chosen, Presidential electors, a United States Senator, a State Treasurer, an Auditor General, a judge of the Supreme Court, representatives in Congress, senators in the General Assembly and nine members of the State Senate.

The Act of August 25, 1864, entitled an act to regulate elections of soldiers in actual military service provides a system whereby votes may be cast and canvassed. The details necessary for taking such votes are now being worked out, so that, no qualified elector will be denied the privilege of casting his ballot on election day.

Attention is directed to Art. VIII, of the constitution which provides among other things, that before a person of the age of twenty-one years or upward can vote, he must have paid within two years, a State or county tax, which tax must be assessed at least two months and paid at least one month before the election. The Act of 1864 above referred to, provides, that every private and noncommissioned officer may pay a tax of ten cents to the tax collector of his district, or to the county treasurer, and that he shall be exempt from all other personal taxes during his continuance in service. Commissioned officers must pay the usual personal taxes. Under a later act it is provided that no person to pay or cause to be paid, any occupation or poll tax assessed against any elector, except on written and signed order of such elector authorizing such payment, and that such written order signed order must be presented at least thirty days prior to the date of holding the election, at which such elector desires to vote. Blank forms for such purposes, which assessment should be made not later than September, sixth, and when assessed their friend should advise them. Citizens, who have paid a State or county tax within the last two years, are not required to pay any further tax in order to vote at the election held in November of this year.

It is requested that commanding officers without delay take the necessary steps to have every member of the command fully and duly advised."

IF YOU WORRY, READ THIS

Worry never brought any good to anybody. But you say, "I don't worry because I want to. I worry because I can't help it." Or, "I worry because I have so much to worry about."

We all have our troubles and worry, of course, makes matters worse. The patient generally recognizes this fact without being able to profit by it.

The doctor who would meet this nervous condition and cure it would be the most popular medical man alive. But he cannot do it because the form of nervous exhaustion known as neurasthenia, of which worry is a characteristic symptom, must be cured by the patient himself. That is why you should write today for the book "Diseases of the Nervous System" and read the chapter on "Neurasthenia." So many people have read it and written back, "This hits my case exactly. I am giving the treatment a trial and being benefited," that Dr. Williams' Pink Pills for Pale People, N. Y., has had a lot of these books printed and will send you a copy free on request.

Dr. Williams' Pink Pills are a non-alcoholic tonic, particularly suited for nervous, neurosthenic people. Your druggist sells them or they will be mailed postpaid on receipt of price, 50 cents per box, six boxes for \$2.50.
