

TO HALT SPREAD OF PINE BLISTER RUST

State Will Make Survey to Ascertain Conditions in Pennsylvania

The appearance of white pine blister rust in two localities in this State has led Secretary of Agriculture Charles E. Patton to make plans to prevent the further spread of the disease, which is spreading with increasing rapidity in other States.

After a conference with S. B. Detwiler, forestry inspector of the Bureau of Plant Industry of the United States Department of Agriculture, Secretary Patton decided to send five members of the field forces of the Bureau of Zoology to Providence, R. I., where Dr. Parley Spaulding has a laboratory from which he is directing the work of fighting this serious disease in the New England States.

Dr. Spaulding has been in charge of the laboratory survey for the Federal government since the first infestation as found in this country. The men chosen for the blister rust campaign from Pennsylvania are Francis Windle, H. E. Backus, Ira C. Cherington, F. L. Holdridge and E. F. Pearce. These men will remain two days with Dr. Spaulding in his laboratory at Providence and will then have three days' work in the field, studying the disease and fitting them for conducting in this State. Upon completion of the study at Providence these men, with two who are furnished by the United States Department of Agriculture, will take up the work of scouting the State on an inspection to find if any other infestations exist.

It is not expected that much white pine blister rust will be found in Pennsylvania, but Secretary of Agriculture Patton desires the survey made at this time in order that if infestations exist the work of destroying the currants and gooseberries may be taken up and the State may be kept free from the disease of the white pine and many thousands of dollars' loss can be saved. It is planned first to visit the large plantations of pines which have recently been set out and in this way the closest co-operation of the Federal government will be secured.

Withdrawals as Candidates.—Samuel W. Smith, of Port Allegany, to-day withdrew as a candidate on the Prohibition and Washington party tickets for State Senator in the Twenty-fifth Senatorial district.

Delegates Named.—Governor Brumbaugh to-day announced appointment of the following to represent the State at the annual meeting of the American Mining Congress to be held in Chicago, November 13-16: H. N. Taylor, A. R. Hamilton and H. M. Wilson, Pittsburgh; James Neil, Minersville; B. Dason Coleman, Danbury; J. W. Matheis, Philadelphia; James Matthews, Shamokin; John P. Demsey, Scranton; F. J. White, DuBois; Thomas Kennedy, Hazleton; J. E. Erwin, Philadelphia, and W. R. Crane, State College.

State Police in Fulton.—A detail of State police as ordered to-day from Greensburg to take being promised to enforce quarantine regulations there.

Field Bakery Captain.—The appointment of Captain Frank L. Mueller, of Philadelphia, Third Pennsylvania Infantry, to be field bakery captain of the Pennsylvania division at the Mexican border, is announced by Adjutant General Stewart.

Weighted Resigns.—Geo. F. Weighart, assistant engineer of the State Water Supply Commission, has resigned to accept the position of assistant water engineer of Baltimore, Md. He will succeed Robert L. Clement, who was with the Baltimore department for 30 years.

NINE INJURED IN LATEST AIR RAID

[Continued From First Page]

Zeppelin which dropped a large number of bombs in the neighborhood of a town on the southeast coast of England early to-day, says a dispatch to the Exchange Telegraph Company. Several houses were damaged. At another place on the southeast coast many bombs were dropped. One fell into a railway station yard and demolished some railings, while another bomb completely wrecked a dairy near by.

Zeppelin Follows Thames to Vicinity of London

London, Aug. 25.—A Central News dispatch says there was great excitement in a town on the Thames estuary at 2 o'clock this morning when news was received of the approach of a Zeppelin. Mist obscured the raider, but it could be seen approaching the coast. After hovering over the town for some time it passed toward the west. Shortly afterward a series of violent explosions followed by annihilating, shook buildings and lighted the sky.

The people thronged the streets, calmly watching these operations, which lasted half an hour.

This dispatch indicates that Zeppelins which visited England last night may have appeared in the vicinity of London, which is on the Thames estuary miles from its mouth. The course of the airship referred to was in the direction of London.

Plans for Pennsy Freight Station Reach Engineers

Plans and blue prints for the new South Harrisburg have reached Pennsylvania Railroad freight station William K. Martin, engineer of construction and George H. Brown, division engineer. The contractors, Warren-Moore Company of Philadelphia, are now arranging to ship material and machinery to Harrisburg. The new station and additional tracks must be completed by March 1, 1917.

NEWS OF STEELTON DELAY OPENING OF SCHOOLS HERE CHARGES STRAWBERRY ABDUCTION WITH ABDUCTION

Board Awaits Further Orders; Will Pay the Teachers Earlier

Superintendent L. E. McGinnes and members of the local school board were busy this morning arranging to comply with the order issued by the State Department of Health to postpone opening of the schools until September 18.

Notices were sent out yesterday by the superintendent instructing pupils to report next week to be assigned to their rooms. These arrangements will be changed.

W. H. Neil, treasurer of the board, said this morning that the local authorities will immediately comply with any further orders from the State office. Arrangements will be made to pay the local teachers at the usual time, about October 1. Mr. Neil further explained, although they will be paid for only the time they actually teach.

STEELTON PERSONALS

Martin Koeever is spending a few days at Atlantic City. The Rev. and Mrs. G. N. Lauffer will return from a three-week vacation to-morrow. The Rev. Mr. Lauffer will preach both morning and evening in St. John's Lutheran Church Sunday.

Steelton Snapshots

Goes to Hospital.—Abram Shapovsky, of Front street, was taken to the Harrisburg Hospital last evening to undergo an X-ray examination to determine the nature of internal trouble which developed seriously yesterday.

Child Dies.—Helen Rebecca, seven-month-old child of Mr. and Mrs. Oliver Welch, 276 Myers street, died yesterday.

Announcement.—Mr. and Mrs. Arley C. Noll, 238 Lincoln street, announce the birth of a daughter, Mary Emilie, Saturday, August 19. Mrs. Noll was formerly Miss Margaret Coleman.

MRS. MAGDELENA MATESEVIC Mrs. Magdalena Matešević, aged 60, died at her home, 504 South 60th street, yesterday afternoon. She is survived by her husband, a son and a daughter. Funeral services will be held in St. Mary's Catholic Church to-morrow morning, at 9 o'clock. Burial will be made in Mt. Calvary Cemetery.

Notes for Kipona Queen Sell at Bargain Prices

The general committee in charge of the voting contest for Queen of the Kipona has deemed it advisable to reduce the price of a single vote from one cent to one-half cent. This has been done in order that the contestants may be able to reach the pocketbooks of those who cannot buy them at the higher price. Those who have already been cast at the three-polling places will be credited with ten votes for every ten cents. The totals so far are about evenly divided between the candidates for Queen, who are Miss Rachel Lingie, Miss Blanche Reese, Miss Florence Reese, Miss Margaret Myers, Miss Bertha Philabaum and Miss Marie Holtzman.

Several new floats have been entered in the evening's carnival, bringing the total to eighteen. Word has been received from the Morris commission in Maine that the prize cannot be obtained and the war canoe has been shipped by express and should be here the early part of the week.

An important meeting of the executive committee of the Kipona will be held at Dintaman's this evening. Several matters will be taken up and every member of the committee is urged to be present.

TO FILM C. O. F.

Everything from the baseball game and the football contest to a "close-up" of the "cats" at the Chamber of Commerce's outing to-morrow will be recorded on the moving picture screen at the Victoria Theater Wednesday evening. Everything goes well for the Fairlie Film Company of New York, which is going to take the movies of the city of Harrisburg within the next few weeks. Bert G. Faulhaber, one of the owners of the company, has made the arrangements with the Chamber's consent and will wind up three or four hundred feet of film in the next few days. The film, without their dignity. The film when thrown on the screen, will be of a length that will require about five or ten minutes to show.

SUPPER FOR COUNCIL

The domestic science school will serve a nicely appointed supper for the members of the City Commission this evening. The guests are Carson Stamm, president of the school board, will be among the guests. The purpose of the supper is to demonstrate the efficiency of the pupils at the playgrounds.

NONSUPPORT CASES LISTED

Several nonsupport cases will be disposed of on Monday at a session of motion court to be conducted by Judge Charles V. Henry, of Lebanon county, who will specially preside here in the absence of Judges Kunkel and McCarrill.

TWO PETTY THEFTS

Two petty thefts were reported to the police this morning. While Mrs. E. M. Fisher, of Lemoyne, was at a picnic at Steelton yesterday, someone stole a small paper bag in which she had placed a pair of nose-glasses and a small "friendship" ring, belonging to her daughter. Early Wednesday evening some one forced open a box at Front and Geiger streets in which Frank Bomgardner had installed batteries and coils to operate a concrete mixer. The theft was discovered this morning. Police are investigating the robberies.

NEW MANAGER

The Ankin & Marine store at Second and Walnut streets, announces a new manager in the person of Ivan Julius, who comes to Harrisburg after a ten-year's experience in the producing and distributing ends of the clothing business. Mr. Julius was for a period of years connected with one of the largest garment manufacturers in New York in the capacity of factory manager and later as the home representative.

Irate Father Prosecuted Youth Who Elopes With His 15-Year-Old Daughter

In the hands of Squire James L. Dickinson and stern John Smith, irate father of pretty 15-year-old Margaret Smith, that was, is the future happiness or woe of young Mr. and Mrs. Eliza Myer, Myer street, who eluded watchful parental eyes, eloped to Hagerstown, Md., and were wed Monday, August 14.

Last evening the bridegroom, who has just attained his majority, was haled before Squire Dickinson to answer a charge of abduction preferred by his girl-wife's father. The gray-haired, benign justice, who has acquired a reputation as a sort of a local solon, listened attentively to both sides of the case, heard the irksome arguments of counsel for each—and then held the case under advisement.

Should the justice decide that the Macedonian youth, whom he declares is a model American citizen, industriously working to make a name for his young bride from the proceeds of his business as a barber in Myers street, committed a crime when he took pretty Margaret Smith to Hagerstown, the husband of a few days faces a long penitentiary sentence. But the justice has some opinions of his own, after hearing the whole case, and is striving to bring the suit as such suits should be ended.

Young Maicheff, it was testified at the hearing last evening, had been a suitor for the hand of Miss Smith for a long time. Unable to overcome parental objections, the father declared, he induced the girl to elope with him to Hagerstown where they were married by a magistrate.

The girl's parents learned of the elopement, they say, when their daughter failed to return home. Immediately a search party, assisted by the arrest was sworn out by Mr. Smith and served by Detective I. N. Durnbaugh. Maicheff obtained bail and in this manner escaped being sent to jail as a honeymoon.

BURY MRS. BESTORE

Funeral services for Mrs. Anora H. Bestore were held at the Catholic church in the Enbath Church of God. The Rev. G. W. Getz, pastor of the Main Street Church of the Episcopals, officiated. Burial was made in Mt. Calvary Cemetery. The pallbearers were, William Taylor, Michael Taylor, Charles Chambers and Harry Landwehr.

MORRIS FUNERAL

Funeral services for William Morris were held in the Catholic church in the Enbath Church of God. The Rev. Father James C. Thompson, rector, officiated. Burial was made in Mt. Calvary Cemetery. The pallbearers were, William Taylor, Michael Taylor, Charles Chambers and Harry Landwehr.

MRS. W. H. OSMAN DIES

Mrs. W. H. Osman, a former resident of the borough, died yesterday in Philadelphia. She was 60 years old. The body will be brought here Sunday for burial in Baldwin Cemetery.

Asserts "Uncle Joe" Is "Jonah" Upon Whom Blame Against Tariff Is Laid

Washington, Aug. 25.—Senator Gallinger, Republican leader and one of the old guard, told the Senate today during debate on the revenue bill the former Speaker Cannon was "the Jonah" upon whom the insurgent Republicans heaped blame for their complaint against the Dingley tariff and that the late Senator Aldrich was chosen by them "as his confederate for attack and defatigation." The speaker, who has long defended both Representative Cannon and Senator Aldrich.

As far back as 1896, he declared, certain politicians began to plan the seed of discontent to break down the protective tariff policy of the Republican party and to discredit the acknowledged leaders of that policy. Who called the insurgent Republicans, he said, "gave currency to the 'startling and false' theory that the increase of living was due to excessive rates provided by the Dingley tariff."

Labor News of the Week

The seventeenth annual convention of the California Federation of Labor will be held in Eureka, October 2-7. San Francisco machinists' union has increased its membership at a rapid rate. It is now the largest of its kind in point of membership west of Chicago. The Cincinnati garment workers' union reports success in several months scale, which provides for higher wages and better working conditions.

Chinese are engaged in making uniforms for United States soldiers on the Mexican border, according to charges made by the Garment Workers' Union of San Francisco.

Canadian government railways have increased wages of yard foremen, section foremen, section men and extra gang foremen. A general increase of 25 cents a day is given to all others except monthly paid men, who were granted \$5 per month.

Wage conditions have improved to such an extent in Norway in the past several years that the government expresses the hope that thousands of Norwegians in America can be induced to return home.

Republican Club Picnic at Boiling Springs Today

The annual picnic of the Harrisburg Republican Club was held to-day at Boiling Springs Park. Special cars this morning carried 100 members and their families to the park. This afternoon a baseball game was played at Boiling Springs. The program included a picnic all day, baseball game this afternoon between the married and single men and various contests.

Among those who enjoyed the day with the local Republicans were a number of city and county officials. Senator Edward E. Beidleman was a visitor this afternoon.

MARINES FOR CONSTABULARY

Washington, Aug. 25.—Thirty-nine commissioned and thirty-nine non-commissioned marine corps officers were selected by the Navy Department to-day to head the Haitian constabulary provided by the recent treaty, to enforce peace in the troubled republic and curbing the early withdrawal of the marine forces there. As soon as possible the American officers will be withdrawn and replaced by natives appointed after examination.

Beautiful Designs in Table Silver From the World's Best Silversmiths

It is safe to say that nowhere in Harrisburg will you find such an extensive selection of patterns in table silver—sterling and plated—as is carried by the Tausig store. And it is equally safe to say that nowhere else in Harrisburg will you enjoy such favorable prices as are quoted you here, for the Tausig store sells more table silver than any other store—and by buying in greater quantities naturally enjoys lower prices.

Whether you seek something in sterling or plated ware—for gift-giving or personal use—you will find the Tausig stock the most comprehensive from which to select—the most advantageous from which to buy.

Rogers 1847 Ware In all popular patterns, including Old Colony, Cromwell and Continental. Knives, dozen \$6.00 Forks, dozen \$6.00 Teaspoons, dozen \$3.50 Tablespoons, 1/2 dozen, \$3.50 Dessert Spoons, 1/2 doz., \$3.25 Odd pieces to match, 50c up

In Sterling Silver

you may select here from the most beautiful patterns of the best silversmiths in the world. For instance, this store has the exclusive sale in Harrisburg of

The AMERICA the new and popular pattern designed and manufactured by R. Wallace & Sons' Company. Then, of course, there are others from which you may choose something pleasing alike to your taste and your purse.

Knives and Forks \$25 to \$35 dozen Teaspoons \$10 to \$15 dozen Tablespoons \$10 to \$15 1/2 dozen Dessert Spoons \$9 to \$12.50 1/2 dozen Odd pieces to match \$1.00 up

RAILROAD NEWS RUSHING WORK ON NEW RAILROAD

New Engine Arrives For Midland-Pennsylvania Line; All Bridges Complete

Special to the Telegraph Millersburg, Pa., Aug. 25.—Contractor Aldrich is rushing the reconstruction of the Midland Pennsylvania railroad. During the ten days the work has been going on he has made wonderful progress. A force of sixty men is working daily. More men will get busy as soon as laborers can be hired.

The deep cut on the outskirts of the town has been opened and rails are down. This is a big help, as construction cars can now be run.

New Engine Arrives Work on the roadbed will be rushed as far as Gratz.

A new locomotive, No. 1, has arrived from Eddystone, and with flat cars which have been here since the abandonment of the road four years ago will be used to haul ties, rails and other material.

All of the concrete bridges between Millersburg and Gratz were constructed before the previous shutdown. With the exception of a small amount of grading, all that is necessary to get the road in running order is the laying of the rails.

Standing of the Crews HARRISBURG SIDE

Philadelphia Division—102 crew to go first after 4 p. m.: 124, 127, 112, 107, 105, 119, 113, 103, 115. Firemen for 102, 112, 114. Conductors for 102, 107, 114. Flagman for 102. TEACHERS WILL GET PAY DURING SCHOOL CLOSING

[Continued From First Page]

G. Dixon, following his order of last night postponing the opening of the schools of Pennsylvania until September 18, to-day gave out a statement in which he suggests a change in the vacation period. He said: "The shifting of the school period to September 18 to a few days later in June would from a weather viewpoint be worth the consideration of our educators of the State for normal times. The present step is a halt to which we have agreed as a mechanism to avoid the social life of the State, but we felt that it was infinitely more important that the health of children should be maintained than that they should be placed in school at this time. It was exceedingly difficult for us to come to a definite conclusion in regard to the closing of schools for it is a serious matter to cut into the working of the State as a mechanism of the educational system of the State, but we felt that it was infinitely more important that the health of children should be maintained than that they should be placed in school at this time. It was exceedingly difficult for us to come to a definite conclusion in regard to the closing of schools for it is a serious matter to cut into the working of the State as a mechanism of the educational system of the State, but we felt that it was infinitely more important that the health of children should be maintained than that they should be placed in school at this time.
