#### Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."

—Mrs. MARY RIDGWAY, Durand, Wis. A Massachusetts Woman Writes: Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."

—Mrs. PIERRE COURNOYER, Box 233, Blackstone, Mass. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

### Several Good Reasons why coal bins should be filled for the Winter at once.

Coal prices have advanced and will soon go into effect. Coal mixed in the Summer is better and cleaner than that mixed during the Winter rush at the collieries. Coal is plentiful now, whereas a threatened shortage may mean a scarcity in Winter. Why not buy Kelley's Coal now? Don't delay. H. M. Kelley & Co. 1 N. Third Street Yards, 10th and State Sts.

"Him!" The bear-eyed man stopped dead in his tracks. "Him!" he repeated in a tone of dull wonder. Then suspicion came to his voice. "He ain't yer friend. Yer kiddin' me!" "Not at all!" protested Colton. "His name is Johnson; he's a lawyer."

"Oh!" The guide started again. "No, I don't know him." "Some one who looks like him, eh?" "Nope," declared bear-eye positively. "I don't know nobody that looks like that. The feller you described ain't nobody. He's just one of her controls."

"Controls?" "Yep. One of the spirits she brings out a cabinet. She's got two. One's a girl with red hair. She's Golden Locks. The guy's name is The Prophet. Him an' the crew is the profsizers. They tell you what to do when the girl ye's strong fer ain't strong fer you. See?"

"Strange combination," mused the blind man. The feeder had brought more information than he had even hoped for. So the girl and the dead man who had been at the table in the restaurant and the woman with the face of terrible age had been together in the house toward which they were going. The bear-eyed guide had seen them. The bear-eyed guide had seen the girl ye's strong fer ain't strong fer you. See?"

### BIGGEST THING OF KIND EVER SEEN

Crowds Visited Gorgas' Drug Store to Learn About Famous Medicine

The demand for Tanlac, the famous Master Medicine that is accomplishing such surprising results over stomach, liver, kidney and catarrhal affections, is already great and is steadily increasing. All day Saturday a continuous stream of people visited Gorgas' Drug Store to inquire about the preparation, to see how distributed and to learn just what Tanlac actually looked like. Many had their minds all made up and simply said: "I want Tanlac." The introduction of Tanlac is, therefore, the biggest thing of the kind ever before seen in this city.

"We have been agreeably surprised," said Mr. Gorgas. "While familiar with the success the medicine achieved in other cities, we had no idea its popularity would become so universal within so short a time, nor did we expect such gratifying results. The demand is already surprising to some of our older men."

E. W. Carey, the Tanlac man, said: "It is just as we expected. No one should be surprised by the tremendous demand for Tanlac after it is considered that the ingredients which make the Master Medicine come from such remote parts of the Alps, Appennines, Pyrenees, Jamaica, Brazil, West Indies, Persia, India, Mexico, Columbia and Peru. In our principal laboratory, directed by Herr Joseph Trimbach, a native German chemist, these medicinal herbs, roots, barks and flowers are assembled in the rough and painstakingly developed to that high standard of efficiency that is shown by the uniform preparation Tanlac. In sterilized bottles, made expressly for the purpose, Tanlac is placed, labeled and cartoned. It is inspected again and then crated for points over the world where the demand requires. Tanlac's success will grow steadily greater.—Adv.

An hour before. The man was coming toward him. Sydney Thomas sat rigid in his chair. There was but one thought in the mind of Colton's secretary then: to get away. But his muscles refused to obey the dictates of his brain. It wasn't a trick of the lights. It wasn't a trick of anything. The man was there. He was before him. He was flesh and blood; alive! Yet the blind man had told him the man he now saw was dead—murdered! The arms that were now bent at the elbows and held away from the body, as though invisible hands were aiding the paralytic steps, had rested on the restaurant table, one hand loosely around the stem of the filled wineglass, the other palm down on the cloth, when Thames had last seen them.
