Michigan Man Fined For 'Passing Quarantine Officer'

Gettysburg, Pa., Aug. 29.—F. Willdenburg, of Battle Creek, Mich., was arrested yesterday and given a hearing before a local magistrate, when he was fined \$50 and costs. The charge against him was that on Sunday evening, as he crossed the line from Maryland into Pennsylvania, he ignored the signal of the quarantine officer stationed on the Emmitsburg road to stop his car so that the formalities of the quarantine order could be complied with, but instead speeded up his car and went past the officer at a high rate of speed and ran the car dangerously near the guard. The guard notified Dr. J. R. Dickson, county medical inspector, of the man's actions and the physician had the warrant issued.

A few days ago a force of 100 men was put to work on the line construction. Coincident with this announcement was the statement that negotiations for the sale of the Freeland farm tract, just on the outskirts of town, have been closed between the Vallerchamp estate and William E. Vallerchamp and N. M. Freck. The latter, it is understood, bought the tract for \$15,000 and will use it for building lots.

Rumania Has Six Causes For Declaration of War

Bucharest, Aug. 28, via Petrograd and London, Aug. 29.—The causes which led Rumania to declare war on Austria Hungary are set forth in a note presented to Count Czernin, the Austro-Hungarian minister to Rumania, after a meeting of the Rumanian Crown Council at which it was decided to declare war. Summarized, the reasons given are: The triple alliance, to which Rumania was a party, was broken when Italy declared war against Austria Hungary. Austria Hungary threatened the interests and national aspirations of Rumania. Austria Hungary's assurances that it was not inspired by a spirit of conquest or territorial gains in attacking Serbia, have not been fulfilled. Rumania was confronted with territorial and political changes menacing her future. Rumanians in Hungary suffered oppression, arousing a continual state of animosity between the two nations. Rumania desired to hasten the end of the war, safeguard her racial interests and realize her national unity.

Invasion of Hungary by Rumanians Is Imminent

Paris, Aug. 29.—The invasion of Hungary by Rumanians and Rumanians is not only possible, says Lieutenant Colonel Rousset, the military critic of "La Liberté," but it is imminent. "General Letchitzky, the Russian commander in Galicia," the writer adds, "holds nearly 100 kilometers (60 miles) of ridges from the source of the two Euxinias toward Rajalow as far as Kiribaba. He will easily aid the Rumanians who, hardly on entering Transylvania, will certainly envelop the enemy of General Koevess if the latter does not retreat quickly. Field Marshal von Hindenburg will be unable to help him as from the Danester river to the Stokhod General Brusiloff is holding Von Hindenburg solidly."

POINCARÉ CONGRATULATES

Paris, Aug. 29.—President Poincaré has sent congratulatory telegrams to the kings of Rumania and Italy upon the recent declarations of war issued by those two countries. Premier Briand sent similar telegrams to Premier Brătianu of Rumania, Premier Boselli and Foreign Minister Sonnino, of Italy.

RUMANIANS JOIN FORCES WITH RUSS

(Continued From First Page) Great enthusiasm prevails in the capital.

Rome, Aug. 29.—King Ferdinand of Rumania to-day left Bucharest for the front to take command of the army, according to information received here to-day from the Rumanian capital.

Paris, Aug. 29.—The Bucharest correspondent of the Petit Journal writes that he is informed that Bulgaria has decided not to declare war on Rumania even though that country permits the passage through it of Russian troops.

London, Aug. 29.—An Exchange Telegraph dispatch from The Hague says Germany is making preparations for the eventual entry of Greece into the war, which German diplomatic circles regard as certain. Many Greeks have departed from Germany.

Vienna, Aug. 28, via Berlin and London, Aug. 29.—All Rumanian citizens here have been called upon by the authorities to report within forty-eight hours at the police headquarters in their precincts and to furnish documents establishing their identity.

Paris, Aug. 29.—On the Verdun front last night French troops made progress near Thiaumont, work, the war office announced to-day. German attacks in the vicinity of Fleury and Vaux fort were repulsed.

Reasons For Declaring War Are Given in Note Drawn Up by Rumanian Council

Bucharest, Aug. 28, via Petrograd and London, Aug. 29.—Following is the text of the note handed to Count Czernin, Austro-Hungarian minister to Rumania at the conclusion of the meeting of the Rumanian crown council which preceded the Rumanian declaration of war.

"The alliance concluded between Germany, Austro-Hungary and Italy, according to the statements of those governments, had only a conservative and defensive character. Its principal object was to guarantee the allied countries against attack from the west and to consolidate the state of affairs created by previous treaties. It was in accordance with these pacific intentions that Rumania joined this alliance.

"Devoted to the development of her internal affairs and faithful to her resolution to remain as an element of order and equilibrium on the lower Danube, Rumania never has ceased in her devotion to the maintenance of peace in the Balkans. The last Balkan wars, by destroying the status quo, imposed upon her a new line of conduct, but her intervention gave peace and re-established the equilibrium.

"For herself, she was satisfied with the rectification of her borders which gave her the greatest security against aggression and required certain injustices of the Congress of Berlin. But in pursuit of this aim, Rumania was disappointed by the failure of the Vienna cabinet to take the attitude Rumania was entitled to expect.

"When the present war broke out, Rumania, like Italy, declined to associate herself with the declaration of war by Austria-Hungary, of which she had not been notified by the Vienna cabinet.

In the Spring of 1915 Italy declared war against Austro-Hungary. The Triple Alliance no longer existed and the reasons which determined Rumania's adherence to this political system disappeared.

BLOW TO HUNGARY

The Hague, Aug. 28, via London, Aug. 29.—The Dutch newspapers view Rumania's entry into the war as a grave blow to the central powers, and especially to Austria Hungary. They refer especially to the material motives which prompted Rumania's action.

MINES RESUME; READING IS BUSY

Rush Coal Cars to Anthracite District; Labor Troubles End

Activity on the Philadelphia and Reading Railway is taken as an indication that strike or no strike this system will keep moving. At present coal cars are being gathered in for a rush of anthracite traffic. The settlement of labor troubles was followed promptly with the resumption of work at the mines. A dispatch from Shamokin says:

"After an idleness of eleven days in the Northumberland county district, all Philadelphia & Reading and Susquehanna Coal Companies' collieries will resume operations.

"The Susquehanna collieries started to work this morning and to-morrow the Reading will resume.

Declare Strike Off

"It was decided yesterday at a General Committee meeting of strikers at Kulpmont to declare the strike off, the leaders having become convinced that virtually all non-unionists in this region had either become members of the union or had gone to other fields of employment. Messengers were accordingly dispatched to the various mines with news of the strike's termination. The information was especially pleasing to men employed at individual operations. Ever since the tie-up started it was feared idle miners would insist that all plants in the region should be rendered idle. Cars are being rushed here to take care of the coal business.
