Rhyming Invitations To Harris Romper Day

There was lots of fun this afternoon at the Romper Day celebration at the Harris Park playgrounds, the program of amusements including quoits and tennis, and the following rhyming invitations were sent out:

"Come one and all,
Both great and small,
To Romper Day at 'Harris,'
Just be on time, we'll treat you fine,
We're sure you will enjoy it,
Our program will be rather short,
But full of fun and laughter;
To make it pleasant for you all
Is surely what we're after."

SPANISH CLASSES QUITE THE VOGUE

Harrisburg Lining Up With Progressive Eastern Cities in the Language Study

Harrisburg is rapidly lining up with the most progressive eastern cities in its demand for Spanish and making such a school possible after two years' private work at the Y. W. C. A. and Harrisburg Conservatory of Music. The Public Library is well supplied with Spanish books, for which there is great demand, and the alertness of Governor Brumbaugh to the coming of the great post commercial need of Spanish is helping the movement along, as well as the taking up of Spanish trade by some of the local manufacturers with countries cut off from European markets by the war.

Enthusiastic groups of people are all ready to register in "The School of Spanish." Mrs. Melvin Manges, instructor, at Second and State streets, in the Studebaker building, Grammar, literature, conversation, the commercial language and a Spanish entertainment "Una Noche de Espana," will be open to the classes. Pleasure and profit will be combined and the students earnestly assure their friends that this is not a "fad" but a hobby, but genuine study for a purpose.

Marshmallows Toasted Off in Spooky Hollow

The time was last evening, the place Spooky Hollow, and the cast of characters included one of the merriest crowds of young people that ever assembled. At the invitation of Vernon Wright, they assembled at his home in Munich street and led by the sole chaperons, Mr. and Mrs. Bird, traveled the roads and paths to their destination. Around a roaring fire the marshmallows were given a warm reception. As the fire died out favorite songs were sung, and a game somewhat similar to "post office" proved to be a variation between mouthfuls of marshmallows.

In due course of time, the following returned home after having spent a very enjoyable evening: Miss Eleanor Jones, Miss Margaret Spencer, Miss Helen Cook, Miss Helen Jackson, Miss Fanny Benson, Miss Elva Pittner, Miss Kathryn Martin, Miss Olive Hocker, Blair Smith, William Kay, Arthur Gardner, Vernon Wright, Musser Miller, Clyde Hocker, Danny Burkholder, Dwight Gregory and the chaperons.

HICK-A-THRIFTS IN ANNUAL CAMP

Sunday School Organization Spending a Fortnight Along the Juniata

The "Hick-a-Thrift" class of the Pine Street Presbyterian Church Sunday School is holding its twelfth annual camp at Echo Grove, near Millers-town, along the "Blue Juniata River." The campers are having some very successful fishing trips. One of the features of the camp life is the good bathing the river affords. About forty members of the class are enjoying the trip.

The campers have entertained a number of their friends, those registering including George Pearce, Leon Simonetti, William Jenkins, Lester Smith, Elmer Herring, William Naugle, Levi Bolton, Harry Snow, Claude Olewinski, Harry Richwine, Paul Richwine, Elmer Richwine, Earl Richwine, George Ellis, Mrs. George Ellis, Miss Ellis, Muri Ellis, Charles Ellis, Miss Catharine Maglaughlin, Edgar Crist, Harold Crist, Earl Petteiger, William Aucher, Stanley Liddich, Lester Bressler, Ilaner Stauffer, John Santa, William Grull, Benjamin Whitman, James Snavely, Donald Mummert, J. Dare I Eat Ice Cream?

This is the question that everybody is asking themselves to-day. You may, if it's **HERSHEY'S** with absolute safety and satisfaction. We are not satisfied by enforcing perfect pasteurization and sanitation, since you cannot detect disease bacteria with the naked eye. It requires bacteriological examination to be safe and sure and to determine the effectiveness of that pasteurization. This we maintain regularly by Dr. Moffitt. Following is the report of the analysis made by Dr. Moffitt August 29th, 1916.

Special
No Ice Cream manufactured by the Hershey Creamery Co., has ever been confiscated or dumped and we invite inspection at all times.

Average number of bacteria per cubic centimeter of our ice cream, 74,000.

Three fermentation tubes of glucose bouillon each inoculated with 1 c. c of a 1-100 dilution of sample showed no gas production in any of the tubes:

Number of colon bacilli per cubic centimeter, as above.....0

Remember all milk or cream has some bacteria and you will notice that this analysis shows a small quantity of harmless bacteria while it is perfectly free from the harmful kind, namely the Colon Bacilli because the Colon Bacilli are the ones that contain the deadly disease germs.

Never in the history of **HERSHEY'S** ice cream has any case of typhoid or infectious disease been traced to **HERSHEY'S** ice cream. It's made in sight by men in white.

Dancing next week Tuesday, Thursday and Saturday. Closing dance September 9.—Adv.
