National Association to Decide Which Campaign to Concentrate On

By Associated Press
Atlantic City, N. J., Sept. 6.—The forty-eighth annual convention of the National American Woman's Suffrage Association opened here to-day with representative women from all sections of the country in attendance. Mayor Bacharach welcomed the delegates at the opening session in St. Paul's Church. Reports of committees occupied most of the morning session.
One of the most important questions before the convention, whether to concentrate on a federal or State campaign or to continue to work for both, will be decided later in the day when amendments to the constitution will be voted upon following a three-cornered debate in which the merits of each plan will be argued by prominent speakers.
The presidential address of Mrs. Carrie Chapman Catt is expected to be the feature of to-morrow's session. "Divine evening" will be celebrated at the night session and Southern women will be the speakers. President Wilson is expected to address the convention on Friday.
On Saturday morning the polls will be opened for the general election of officers of the association. The morning will be devoted to the reading of reports and routine work and in the afternoon there will be a conference of the executive council and a meeting of the public meeting with speakers of national reputation. The convention will close on Sunday afternoon.

By Midnight Tuesday, August 15th

Up to midnight August 15, a period of 7½ months, we sold and delivered more United States Automobile Tires than we sold during the entire twelve months of 1915—last year.

By August 16, we had passed, by several thousand casings, the sales total for 1915,—itself a year of steady sales increases.
And day by day these phenomenal 1916 increases are heaping up.
Besides—there were still left of this year 115 selling days—4½ months.
This almost unbelievable feat of equalling, in 7½ months, the sales record of last year, proves the unequalled merit and actual economy of
