HEADACHES are frequently the result of Eye Strain, not a disordered stomach as many suppose. Eye Strain is the primary cause of nine-tenths of all headaches and, powders and drugs only aggravate rather than remove the cause. Properly-fitted glasses will likely remove the cause and the trouble disappears. At any rate, consult a thoroughly skilled Optician or Optometrist, where service is paramount. Rest-glasses may be all you need. If you don't need glasses, we'll tell you so.
