GUNMEN STILL ELUDE POLICE

No Description of Two Murderers or Negro Who Wounded Pair Last Night

Hampered by the lack of any description and even the names of the criminals, local police have been unable to make no headway towards apprehending the men who committed two murders in the borough within the past month, or the man who shot and wounded two negroes last evening.

The men shot yesterday were James Gorman, struck in the thighs by two shots, and John Smith, shot in the leg. Gorman went to his home and has not been located by the police. Smith was taken to the Emergency Hospital and may lose his leg. The negro who did the shooting is known only as "Shine" and the best description given is that he "wore overalls."

The shooting took place during a crap game at 43 Frederick street.

After yesterday's investigation the police gained a what they believe to be the facts in the murder of George Banks, killed near the Cumber quarries, Wednesday night. His companion declared that the couple were walking along the top of a forty-foot embankment when another negro held them up at the point of a gun.

When Banks reached for his pocket-book in his hip pocket, the highwayman shot him dead, the companion declares. At the report of the gun, the companion asserts, he was frightened, jumped to the bottom of the quarry, forty feet below. When he regained the top of the bank the murderer was gone.

Evangelist Stahl Holds Revival in Enhaut Church

The Rev. Lawrence A. Stahl, of Lantrop, an evangelist, is conducting an evangelistic campaign in the Bresler Methodist Church, Miss M. Elsie Shaner, of Franklin, is assisting and has charge of the women's work. Services were held in the church every evening last week and will continue next week. Three services will be held to-morrow, at 10.30 o'clock. The Rev. Stahl will preach at 2.30 o'clock. Miss Shaner will speak to all women 16 years of age and at 7.30 the Rev. Mr. Stahl will preach. Tuesday night will be observed as church night, Wednesday will be lodge night, and Friday will be for the Federated Bible classes in the vicinity.

HOLD CORNROAST

The Senior Christian Endeavor Society of St. John's Lutheran Church was delightfully entertained by Mr. and Mrs. Lee Roth last evening, at their suburban home, 533 Spruce street, at an old-fashioned cornroast with the Rev. George N. Lauffer and Al. N. Luper as cooks. The following were present: Rev. and Mrs. A. George N. Lauffer, Mr. and Mrs. Al. N. Luper, Mr. and Mrs. Harry Hoffer, Mr. and Mrs. Withers, Mr. and Mrs. Lee Roth, Mr. and Mrs. W. H. Kell, Mr. and Mrs. W. H. DeLong, Mrs. H. Russell Rupp, Minnie Dress, Lillian Kell, Miss Shoop, Mrs. Watson, Mrs. John Conrad, Mary Critchley, Mildred Critchley, Mary Beck, Mary Eppinger, Elizabeth Pretz, M. Rupp, Daniel Becker, George Rupp and Mr. Whittington.

Trenton's Park Head Hands Harrisburg's Parks Some Flowers

Harrisburg's long chain of parks, parkway and playgrounds was inspected to-day by William F. Burk, commissioner of parks of Trenton, N. J., and after the tired but mighty happy visitor from New Jersey had returned from his long auto trip, he handed the city department a final bouquet of appreciative flowers.

"Up until now," he smilingly declared to V. Grant Forrer, assistant park superintendent, "I admit I was more or less skeptical as to this city's splendid park system. But I'm skeptical no longer. I'm convinced that all I've ever heard of your parks and playgrounds has been true. The only amazing feature about it, to my mind, is the results you have obtained with the small amount of money at your disposal."

N. Y. EPIDEMIC INCREASES
New York, Sept. 9. — A slight increase in the infantile paralysis epidemic and a drop in the number of deaths was announced here to-day by the health authorities. The new cases number 55, seven more than yesterday, and there were ten deaths, a decrease of five.

BUNGALOW SOLD
The Ray W. Baldwin property, located in North Bowman avenue, Camp Hill, and known as one of the most artistic bungalows in the city, was purchased yesterday by Backenstoss Bros., real estate brokers, the consideration being \$2,700. This same firm was awarded the fire insurance on the W. S. Steele Building by the Harrisburg School Board, at a recent meeting.

T. R. and Other Progressives Filmed With Republicans

Special to the Telegraph
Oyster Bay, N. Y., Sept. 9. — Ex-President Roosevelt and a representative gathering of Republicans and Progressives now working for the election of Charles E. Hughes were filmed at Sagamore Hill yesterday.

One of the men who was in the group said the pictures would serve to show that men of all shades of Republicanism were a unit in working with Colonel Roosevelt for the election of the party candidate.

The Colonel was in high spirits and laughed and joked with those about him. T. R. Schuyham congratulated him on his Lewiston speech and the Colonel replied as light heartedly as a boy:

"That was mild compared with what I am going to say at Battle Creek. When I get there I'll skin them alive."

Included in the film were the former President, William B. Willcox, Everett Colby, George W. Perkins, Charles E. Warren, C. N. Bliss, Jr., Frank H. Hitchcock, W. Cameron Forbes, Philip McCook, L. O. Murray, Walter F. Arndt, of the Hughes publicity bureau; Miss Alice Carpenter, chairman of the Hughes city committee; John Williams, D. E. Atherton, David S. Barry, William Brewster, George E. Compton, Herbert Parsons and James B. Reynolds.

"Jersey For Hughes" Is Message From Murphy

By Associated Press
Chicago, Sept. 9. — Ex-Governor Franklin Murphy, of New Jersey, Republican National Committeeman, visited the western Republican headquarters here yesterday.

"New Jersey will give Hughes and Fairbanks a large plurality in November because of the harmony between the Republican Organization and Progressives," said Mr. Murphy. Miss Harriet E. Vittum, in charge of the woman's vote bureau, announced that a reception would be arranged in Chicago for the eastern women who are to tour the West in behalf of Hughes and Fairbanks.

Tours Coast to Coast in Enclosed Cadillac

According to the general and accepted idea, an enclosed automobile is fine for city use, but not often thought of for a long tour. Read Holliday, of Los Angeles, who owns a Cadillac eight brougham, is certainly no sharer of that idea. For Mr. Holliday and his family are touring across the continent in their enclosed Cadillac. Seldom before has such a trip been attempted.

Mr. Holliday's driving schedule calls for the completion of the trip in twenty days, with a short stop at the Grand Canyon of the Colorado. His route is by way of Grand Canyon, Albuquerque, Santa Fe, Kansas City and the National Old Trails road. With him are his wife and two children—one a babe in arms.

"There is no vacation or outing like the one spent in a motor trip, and a transcontinental trip is the best of all," said Mr. Holliday, before leaving Los Angeles. "With a dependable car like the Cadillac, and especially a closed car, there will be no discomfort whatever. We will run on a schedule which will bring us to a first-class hotel every evening. Some of the travel on the desert will be done at night to avoid the heat of the day."

Man Hangs Himself, Fights When Sons Cut Him Down

By Associated Press
Altoona, Pa., Sept. 9. — Leaving his home on Brush mountain in an angry mood last night, Harry Forrester, 50, went into the woods, and when his sons followed him a few minutes later they found him hanging by a rope to the limb of a tree.

When they cut him down he put up a stiff fight and it was necessary to summon an officer and have him jailed to prevent him from taking his life.

The Only Motor That Improves With Use

The Willys-Knight motor appeals to every true economist. It is the only motor in the world that improves with use. The longer it runs, the smoother, sweeter and more powerful it becomes. All motors are more or less good for the first three or four thousand miles. Then the wear, tear and friction start their deadly work and gradually eat their lives away. But the sliding sleeves of the Willys-Knight Motor get smoother and smoother. Each 1000 miles you run add to its economy and efficiency. No Willys-Knight Motor has ever worn out. No carbon troubles, no pounding and banging, practically no gear shifting. Just a gentle operation that's as smooth as silk and as soft. No valve grinding. Carbon makes it run the smoother—the only motor in the world that makes an advantage of carbon. The Knight Motor is the power plant preferred by Kings, Queens and royalty of Europe. They all use it. And now you can have the same thing—at a popular price. No other car in the entire history of the automobile business ever attracted such international attention. No other new car in the same price class ever sold so rapidly. Stop in and have a look at the Willys-Knight motor. Drive it yourself and feel its wonderful power, pep and flexibility. Once you own a Willys-Knight motored car, you'll never be content to drive anything else. Come in and see it at once.
