There Is Genuine Fascination to Be Found in Viewing the New Dresses For Fall

You will find a sedate return to the straight line silhouette which the average woman approves on sight.

Many new styles have been added to a group that has already found favorable approval. Exquisite bits of color and charming little touches of embroidery go to make the dominating style features of many of these clever little frocks.

Down to the very pockets there is an irresistible fascination, in shape, in decoration and alignment.

Not all of the new dresses are of serge-some of them are developed of serge and satin and others depend for their originality on serge and Georgette crepe, but especially smart are the new serge frocks, all of them are very moderately priced, beginning at \$12.50 and going to \$30.00

A very fetching style is of fine quality serge trimmed with fur, a silk cord is attached to the waist and a unique trimming of satin buttons is used; the skirt is made in a tunic style with full lines and

New Woolens Here For Women's Fall Suits
