

A Real "Peach Cobbler"—Not a soggy, doughy, inedible combination, but a crisp, tasty, easily-digested dish of whole wheat with peaches and cream. Cover one or more **Shredded Wheat Biscuits** with sliced peaches and then pour cream over them. Nothing so appetizing and satisfying and nothing so easy to prepare.

Made at Niagara Falls, N. Y.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, shallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Men Scarce at Coal Mines

Coal operators are complaining bitterly of the scarcity of skilled miners.

Some mines are working a 70 per cent. supply—while others are down to 50 per cent., or one-half the required amount of labor.

Cars are scarce and everyday becoming scarcer.

What will be the situation when cold weather comes? No one has the courage to predict what will happen next winter.

Everyone is looking for trouble, trouble, trouble. Some say it will be impossible to prepare coal in the manner the public expects because of not enough men.

Others are predicting a rise in price should the winter be severe.

We are advising all our customers to put into their cellar a supply of coal while high grade quality may be obtained.

United Ice & Coal Co. Forster & Cowden Sts. Hummel & Mulberry Sts. Third & Boas Sts. 15th & Chestnut Sts. Also Steelton, Pa.

HOW Is Your LIVER

A good liver, active, is the most important need of a good physical condition. When the liver is out of order, the whole system appears out of order. Headaches, indigestion, constipation, biliousness, malaria, jaundice are all easily traced to an inactive, sluggish liver. We highly recommend our Phosphate of Soda Effervescent to all sufferers with liver trouble.

BALLOT LAWS TO BE CONSIDERED

Governor Will Make Communication on the Subject to the Next Legislature

Governor Brumbaugh intends to devote considerable time upon his return from the tour of the farming districts of the State to a study of the suggestions made to him by judges and others on the subject of changes in the primary and ballot laws. It is likely that he will make extended reference to the subject in his message to the next Legislature.

The experiences with the primary, registration and other election laws of the last two years, especially the long delays in ascertainment of official primary results this year, have convinced the Governor that the subject is one which should be seriously considered by the next Legislature. Last year following the primary on judicial nominations, the Governor wrote to judges and men in public life and asked them for their ideas on changes in ballot laws. Numerous replies have been received and they have been studied by the Governor and Attorney General during the last six months. The subject is one in which there is much popular interest and the Governor's ideas for simplification of the election laws will find general support.

Returning to State.—Attorney General Brown and his family will return from Lake Placid to-day. Mr. Brown was able to take about a fortnight's vacation, all told. But that is long for him.

Ready for Sealers.—State sealers of weights and measures are addressed by Secretary of Internal Affairs Houck, Chief Sweeney and others at their annual convention, opening to-morrow in the Senate caucus room. Some of the sealers will arrive to-day and will have conferences with Chief Sweeney.

The Pittsburgh Case.—The hearing in the case of the proposed Pittsburgh Tunnel charter will be held by the Public Service Commission this afternoon. This tunnel is to go through the hills south of the old city and opposition has developed.

Commissioners Here.—Several members of the State Forestry Commission are here to-day for an informal meeting before going on the farming tour with the Governor.

Few Appeals Taken.—Figures compiled by the State Compensation Board show that but eleven appeals have been taken to court from decisions of the board. The number of appeals to the board from decisions of referees was also comparatively small when it is considered that 50,000 compensation claims have been filed.

More Egg Suits.—Philadelphia newspapers tell of marked activity by agents of the State Dairy and Food Bureau in bringing charges against sellers of bad eggs in that city. In some cases old offenders were arrested. Baiting of Philadelphia by W. Harry Baker, of the State Senate, is in Philadelphia to-day.

Local Hearing Held.—A referee's hearing to-day in the compensation claim of Thomas J. Blaz, of this city, against the Harrisburg Bag and Box Company. He claims he was injured in a fall last week in his work.

Electric Cases Listed.—The Halifax and other electric charter cases are listed for hearing by the Public Service commission to-day.

Dr. Dixon Hopeful.—Commissioner of Health Dixon in a statement issued at Philadelphia last night stated that he was hopeful of getting the better of the infantile paralysis outbreak. He said that the decline of cases could be expected soon.

Compensation Board.—Members of the Compensation Board held their first session following the vacation here to-day and arranged for some hearings and other matters. Members of the board will accompany the Governor on the farming tour to-morrow.

License Revoked.—The State Board of Undertakers has revoked the license of John F. Doughrey, a Philadelphia undertaker, who was charged with failing to properly care for a body. This is the first time such action has been taken in years.

Clay Investigator.—A. S. Clay, assistant engineer of the State highway department has been detailed to make an investigation into the charges about State workmen being used for private purposes in Luzerne county. He will report to Commissioner Black.

Hunter in Charge.—First Deputy Highway Commissioner Hunter will be in charge of the State Highway Department during the absence of Commissioner Black and Chief Engineer Uhler on the Governor's farm region tour.

"It Put Me Back to Work" Says Sam Logan

Enola Man Too Weak Even For Berry Picking So Benefited by Tanlac He Is Now Able to Work Once More

"I was so weakened by kidney trouble," said Sam Logan, of Enola, Pa., "that I was out of work for four months and not able to do a tap. I tried to pick up a few dollars now and then by doing light berries but even such light work as that tired me out and made my back ache so that I felt as if I would never be able to straighten out again. I felt like a man who was worn out and worse and I was so miserable and despondent that I was good for nothing and I feared that I would never be able to do a day's work or earn a dollar again. I was almost at the end of my rope when I read about Tanlac where it told how it had benefited another whose condition was similar to mine and I saw where it was being sold in Harrisburg. I made up my mind to try it and got a bottle.

"You can imagine my joy when I found that I began to feel better right away. The pains in my back left me and my whole system seemed to sort of spruce up. And to look at me now you would never know that I had a sick day in my life. I am doing the hardest kind of work now on the gas main that we are laying and I can keep going all day without any trouble. I certainly am grateful to Tanlac and I advise every sufferer to take it. Tanlac, the famous reconstructive tonic, is now being specially introduced in Harrisburg at Gorgas, the drugist, where the Enola man is demonstrating the wonderful properties of this master medicine to daily increasing crowds.

COL. J. G. BOBB DIES IN CHURCH

Carlisle Civil War Veteran and National Guardsman Stricken While Speaking of Mother

Special to the Telegraph
Carlisle, Pa., Sept. 11.—Lieutenant-Colonel John G. Bobb, a prominent national guardsman and Civil War veteran, died here to-day while speaking before a Sunday school association in the First Lutheran Church. He was 73 years old.

Colonel Bobb took as the theme of his address the parting of the Apostle Paul from his friend as typical of the separation which comes to all. Recalling his leaves of absence in the Civil War, he tenderly alluded to the affecting farewell from his aged mother, to whom his last utterances were the words "Good-by." As the words fell from the colonel's lips in pathetic tone and cadence his head sunk on his breast. But for timely aid he would have fallen.

Before the sympathetic audience died on his feet, actually, from a broken heart, as was subsequently learned. He was 72 years old and was well known in Masonic and National Guard circles. For many years the firm of Woodward & Bobb, in which he was a partner, was prominent among grain dealers.

"SALTS" COME HOME
Ten Harrisburgers who went on the three weeks' cruise on the United States battleship Rhode Island, returned to the city early Saturday evening and spent much of their time yesterday telling friends about the workings of the "man of war."

Those from this city who made the cruise are Russell Lindsay, George A. Bacon, Harry L. Brecker, John Croman, William Britsch, Samuel Froehlich, William Hilton, Edward Hilton, William Fleischer and Norman Lenker.

ICE CREAM WILL SOON BE SAFE

[Continued From First Page]
are improving and before long I am sure the supply will again be safe." Dr. Raunick went on to say that as soon as tests made to-day are completed and the figures tabulated a meeting of the health bureau and ice cream manufacturers will probably be called. The big number of ice cream tests made by Dr. Motz busy and the supply of materials used in making the tests is almost exhausted, but will be replenished at once, according to the health official.

Two more typhoid patients were admitted to the Harrisburg hospital over the week-end, making a total of 34 cases now being treated there. The new patients are Florence Scheil, aged 9, of Lucknow and Martha Ryan, aged 11, of Enola. Two deaths from the disease have occurred in the city so far this month.

Deaths and Funerals

MRS. LOUISE CORKLE
Funeral services for Mrs. Louise Corkle, aged 59, who died Friday evening from typhoid fever will be held at her home, 135 Vine street, this evening at 7:30 o'clock, with the Rev. Ellis N. Kremer, pastor of Reformed Salem Church officiating. She is survived by three sons, Elmer Corkle and Harry Corkle, both of this city, and William Corkle, of Steelton; one daughter, Mrs. Harvey Yings of Langhorn, Philadelphia. Her husband and four sisters. Undertaker Miller will take the body to McVeety to-morrow evening where burial will be made.

RECTOR'S SISTER DEAD
Word was received here yesterday of the death of Mrs. A. H. Gross, aged 55, a sister of the Rev. James F. Bullitt, rector at the St. Andrew's Episcopal Church, at her home in Langhorn, Philadelphia. Her husband is a member of the Philadelphia bar. Funeral arrangements will be announced later.

Urge Chicago Housewives to Aid in Detecting if Bread Is Short in Weight

Chicago, Sept. 11.—Housewives of Chicago were to-day urged to weigh the bread they buy, and to assist the City Department of Weights and Measures in watching local bakers for violations of the antitrust laws and the ordinances against short weights.

The request came from William F. Cluett, in charge of this part of the department's work, who announced that he would have a corps of inspectors scattered over Chicago to-day to test the weights of loaves.

The announcement by a leading baking concern Saturday that for several days it had been cutting down the weight of its five-ounce loaf of bread was responsible for Mr. Cluett's message to Chicago housewives and his determination to learn for himself whether consumers were receiving what they paid for.

The United States district attorney, the State's attorney and the Chicago City Council have already started investigations into the bakery situation.

LAY CORNERSTONE

More than 1,000 Attend Services at Messiah Lutheran Church
Cornerstone laying ceremonies of the Messiah Lutheran church were held yesterday afternoon with more than 1,000 members of Lutheran churches of the city in attendance. Prominent ministers and laymen participated in the program, and Mrs. Catherine Hatcher, one of the charter members of the church, laid the stone in place.

The Rev. Henry W. A. Hanson, pastor of the church, had charge, and A. W. Hartman directed the musical program. Speakers were the Rev. J. Bradley Markwood, the Rev. A. M. Stamets, the Rev. S. W. Herman, and the Rev. L. C. Manges. Professor J. J. Brehm gave a short history of the church. The first meeting of the members was held in February, 1858, and the Rev. E. S. Johnston was the first regular pastor and began his work June 24, 1860. Other pastors follow: the Revs. G. W. Halderman, E. P. Tomkins, L. M. Hellman, H. S. Cook, T. E. Everett, Luther DeYoe, R. H. Williams and Henry W. A. Hanson. The present membership of the church is 1143, and the Sunday school enrollment, 1060.

Post Office Robbed With Postmaster on Honeymoon

Special to the Telegraph
Carlisle, Pa., Sept. 11.—Robbers entered the postoffice at Pine Grove Furnace and took about \$150 in money and stamps. Part of the money belonged to the postmaster, James Bohn, who was married on Wednesday and is on his honeymoon.

OFFICER BREAKS HIS CLUB OVER HEAD OF NEGRO

Officer Parsons late Saturday night when he attempted to arrest Frank Franklin, colored, was attacked by three other negroes. The officer broke his club over Franklin's head. The arrival of Officers Gardner and Bush ended the fray but the three other negroes escaped. Franklin was held on a charge of assaulting an officer. Grace Van Buskirk and Mary Hamilton, both white, were arrested at the same time, charged with disorderly conduct.

600 INDIANS AT CARLISLE

Special to the Telegraph
Carlisle, Pa., Sept. 11.—Carlisle Indian School opened its thirty-fifth year to-day with an enrollment of 600 pupils.

Sunbury Firemen to Honor World's Oldest Volunteer

Special to the Telegraph
Sunbury, Pa., Sept. 11.—In celebration of the ninetieth birthday anniversary of William P. Roberts, for half a century a member of Good Intent Fire Company, of Sunbury, a firemen's parade will be held here to-night. He is believed to be the oldest volunteer fireman in the world.

INQUEST INTO DEATH OF AUTO VICTIM TO-NIGHT

Despite the confession of pretty Miss Martha Gross, aged 18, of Bismarck, near Lebanon, that she was with Clarence Bates, of Lebanon, last Thursday night, and that he drove the car which struck and killed George Donohue, the Lebanon man denied that he left that place. When confronted with the statement of the girl he refused to admit that he was driving the car, and yesterday would not discuss the accident. An inquest will be held to-night in Hummelstown, at which Miss Gross with her father and mother will testify. According to the girl the accident was unavoidable. Bates will be given a hearing on Friday night at the office of Squire Ernest, in Hummelstown.

UNCLE SAM'S PHYSICAL OK

The physical test militiamen are put through by the United States, is severe and exacting. Many a militiaman has been returned home, unable to pass the rigorous examination.

Good Health is Back of Success. Whether you are a militiaman or a "cit," your success or failure, your dependence on Good Health for the successful pursuit of your work. Good Health is best attained and maintained by the transfusion of Pure Blood through the system. If you are afflicted with any blood disorder or skin affection, buy a bottle of E. S. S. Don't accept any substitute. When purchasing, be sure you insist on the genuine. We also have free books on Blood and Skin Diseases.
