

ECZEMA ITCHED AND BURNED CONSTANTLY

Used Resinol—Soon Entirely Cured
Mar. 10.—"I had itching eczema for almost four years. My shoulders, neck, arms and just below the knees were affected. It was simply a constant itching, burning, smarting sensation. The part below my knees was frightful. It would itch so, and with the least scratching become so sore I could hardly stand it to bend them. I could not possibly sit down because I would naturally have to bend my knees, and that I could not do."

Waterways Delegates Are on Excursion Up Delaware

Philadelphia, Sept. 13.—Delegates to the ninth annual convention of the Atlantic Deepwaterways Association left on the steamer Queen Anne today for Bristol, Trenton and other Delaware river cities which are linked to the "Maine-to-Florida" interoceanic canal plan for which the association is working.

Helpless Eighteen Months Now Back At His Forge

Highspire Blacksmith Relates Story of His Marvellous Recovery—Was Totally Helpless and Without Hope, But Tanlac Brought Back His Strength.

The story of the recovery of John Klugh, a well-known Highspire blacksmith, reads almost like a fairy tale, so wonderful is it.
He says: "For eighteen months I lay flat on my back a helpless invalid from stomach trouble. I had suffered tortments for sixteen years and all that time it kept getting worse and worse in spite of all the medicines I took in my efforts to find some relief. My weight kept falling off more and more until I was a mere skeleton just skin and bones weighing only 85 pounds and my right weight is around 150. Then my strength gave out entirely and I had to take to my bed a sick man and fearing that the end was near."

HOT WATER THE BEST LIVER AND BOWEL MEDICINE

Says glass of hot water before breakfast washes poisons from system.
Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health while the pores in the ten yards of bowels do. Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. Just as soap and water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs. Those who wake up with bad breath, coated tongue, nasty taste or have dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter-pound of limestone phosphate at the drug store. This will cost very little, but is sufficient to demonstrate the value of inside bathing. Those who continue each morning are assured of pronounced results, both in regard to health and appearance.

GRADUATES NAMED AS FORESTERS

Governor Approves Plan to Keep Mont Alto School Men in State Service

The eleven graduates of the State Forestry Academy at Mont Alto were today formally appointed foresters in the State service in accordance with the custom of the department and will be assigned to districts with the other men of the State's forestry forces.
The appointments were made by Commissioner Robert S. Conklin following a conference with the Governor who approved of the idea of the State retaining the services of the men it had trained.

To Be Young's Guests.—Governor and Mrs. Brumbaugh will be guests of State Treasurer Young when the farm tour reaches Wellsboro to-night. Mr. Young will accompany the tour part of the way.
Granted Extension.—The borough of New Oxford has been granted right to make extensions of its water mains by Commissioner Dixon.

Railroad Men on Hill.—Members of the legislative committee of the railroad brotherhoods visited the State Capitol today. They are planning their legislative program.
Dixon Hits Federal Men.—State Commissioner of Health Dixon in a statement issued last night criticized the Federal Public Health authorities for the partial way in which they had established a quarantine near Philadelphia. Dr. Dixon says they have set up a quarantine and while he is apparently preparing to run their own system, Dr. Dixon says that the department "cannot consistently cooperate in halfway measures and that the work should be done thoroughly. He also says that the federal service has not sufficient money or men to offer complete protective service to interstate travelers. No State was ever as thoroughly quarantined against this disease as this State is," says Dr. Dixon, who added that the advisory board of the department will meet in Philadelphia to-morrow to consider his offer. He says that "the sending of men into Philadelphia by the United States public health service seems to show bad faith."

Food Bureau Busy.—The Dairy and Food Bureau reported 142 prosecutions for violations of the pure food acts during the month of August and receipts of \$2,367.45 in fines. Of this amount \$1,050 was from dealers who sold nonalcoholic drinks which were artificially colored and flavored in imitation of pure fruit drinks.

No Decision Given.—Deputy Attorney General Hargest took the papers to-night in the quo warranto action against Mayor Jonas Fischer of Williamsport. The hearing lasted two hours yesterday.

Almost 1,200.—Almost 1,200 cases of infantile paralysis have been reported to the State Department of Health authorities. About 475 have been reported from Philadelphia.
Mr. Kephart Here.—Harmon M. Kephart, the next State Treasurer, is expected to the Capitol looking after matters pertaining to the next Legislature.

Granted Compensation.—The State Compensation Board in an opinion handed down today by Commissioner Leech and Scott granted compensation to Mrs. Catherine McManus whose husband was killed while in the employ of the Winter Garden Company, of Pittsburgh. The opinion hinged on questions of agreement in the contract of employment. The case had been before Robert E. Dunn and a new hearing was granted.

General O'Neil Home.—General C. T. O'Neil, commander of the Fourth brigade, now the Third brigade, is home from the border on a few days' leave.
Had Fine Reception.—According to reports received at the Capitol today a splendid reception was given to Governor Brumbaugh and his party at Clearfield to-night. The party was welcomed by many prominent men and the Governor assured of the interest felt in the agricultural advancement program.

Chairman Ainey Spoke.—Chairman W. C. Ainey of the Public Service Commission, addressed the Atlantic Waterways Convention at Philadelphia yesterday, his talk being on the economic importance of early action. While the congress Mr. Ainey gave much attention to waterways and has been studying the problem of such means of transportation in this state.

Congressman Here.—Congressman D. C. Leach of York, who is mentioned for Public Service Commissioner, was at the Capitol.
Appointed Notary.—Miley A. Shaffer, of Middletown, was today appointed a notary public.
Big Increase Filed.—The Edgewater Steel Company of Pittsburgh, filed notice of increase of stock from \$5,000 to \$2,000,000.

Up to \$128,000.—State Treasury receipts today climbed to \$128,000. The settlements are commencing to be made in a rush.
Lock Haven Complains.—Nine manufacturing and other companies of Lock Haven today entered complaint against the lines charged by the New York Central Railroad for hauling coal to that city. A similar complaint was filed by the Business Men's Association a few days ago.

\$5,000,000 Association.—The Chester Merchants and Mechanics Building Association, of Chester, was chartered today with \$5,000,000 capital. Samuel B. Clyde, of Chester, is the treasurer.

STEELTON

COLLECT EVERY WATER ACCOUNT

Borough Department Has Enforceable Record For Collections and Number of Meters

For the first time in borough history, there is not at the present time a single outstanding delinquent water bill for the last six months.
Borough Secretary Charles P. Feldt and Treasurer Markwood D. Myers by collecting the entire \$16,609.00 due May 1 have entirely cleared the books. Men in close touch with municipal affairs do not recall any other period in the borough's history that the water department succeeded in collecting every bill for water rent. Just a little more than two months ago there was about \$2,000 worth of delinquent water bills on the department's books. Since that time, however, Mr. Feldt and Mr. Myers have been given practically a free hand in making collections and have entirely cleared the books.
The Steelton Water Board has another record, too, which is a proud one. This is the fact that out of the 3,000 consumers in the borough, every one but four are supplied with water through meters. A record few municipalities can equal.
Members of the water board are George H. Roberts, president; W. A. Keister and Walter A. Chick. Charles P. Feldt is secretary.

Bury Boy Crashed to Death While Playing on Railroad

Caught beneath the wheels of a freight car in the Reading railroad yards yesterday while playing, Henry Wolf, 8 years old, son of Mr. and Mrs. Benjamin Wolf, 268 Main street, was badly crushed. Both legs were mangled and he died at the Harrisburg Hospital.

Funeral services were held this afternoon at 3 o'clock. Burial was made at Progress.

Class to Meet.—Mrs. Stees' class of the First Methodist Sunday School will meet to-morrow evening at the home of Miss Kate Heagy, Pine street.

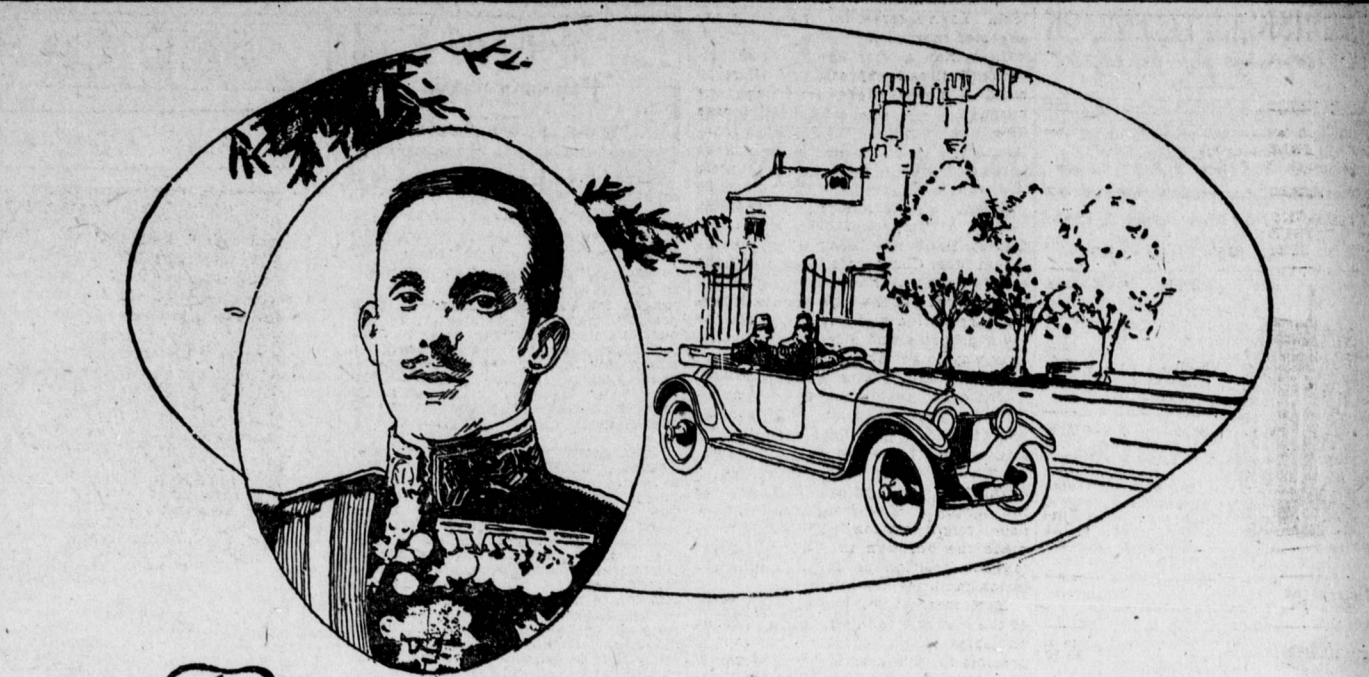

Firemen to Meet.—Members of the State Firemen's Association in the borough will meet at the Citizen enginehouse to-morrow evening, 7:30.
To Attend Funeral.—Camp 102, P. O. S. of A., will attend the funeral of John H. Keefe Friday afternoon. Members will meet at the hall at 1:30 o'clock.

Care of State Insane Is Under Discussion

Members of the State Board of Public Charities to-day arranged to discuss with Governor Brumbaugh during the Fall the problems attending the care of the insane in the State, including the construction of new buildings and the commitment and care of the criminal insane. Recommendations for care of the charges of the State will be made.

The board re-elected the staffs of the Philadelphia and Pittsburgh offices and approved plans for improving the Cameron county prison, at Emporium. County authorities sent word regarding improvements to the prison at Pottsville and the Bedford almshouse, while the question of a greater water supply for the latter county almost immediately followed.
Colonel P. C. Boyle, the senior member of the board, who had been seriously ill, was at the meeting. It was the first meeting he has been able to attend for some time and was warmly welcomed back to his work by his colleagues. Colonel Boyle has been on the board since the Stone administration and one of its most forceful members.

Harrisburg Fans to See Games in World's Series
George W. McIlhenny this morning announced that he will conduct an electric baseball board in Zumbo Hall, Chestnut street, Markethouse during the world series beginning October. The hall is being completely renovated and a new 100,000 watt electric board built for the accommodation of the crowds. The board procured by McIlhenny is similar to those used in Philadelphia, Boston, Baltimore and others of the larger cities.

Royalty is above all things human, loving enjoyment as do you and I, but better able to follow every new appeal.
Scripps-Booth
King Alfonso, being under his royal insignia but a gentleman-driver, with a tasteful appreciation of Best Things, gets the same pride and enjoyment out of his Scripps-Booth that you do. He enjoys it for what it is, and for its beauty which reflects his station. Its comfort appeals to him, and the fact that he can drive it himself without losing dignity. You will find Scripps-Booth in nearly every Royal garage in Europe outside of the enclosed war zone. Scripps-Booth does business in a way that appeals. It moves with the least effort, meaning economy; it is light-fingered in the handling, light-footed in the going, quick, lithe and pliable, with a never-failing store of smooth-flowing power. That it is the one American car whose prestige is as great abroad as at home, is impressive, but not surprising. It appeals to Those Who Know, for it in turn is sure of its own ground. Scripps-Booth appeals to Royalty as royalty appeals to Scripps-Booth, adding each to the prestige of the other.

She was brought to Lebanon and taken to the sanatorium of Dr. A. B. Glaninger, where she is in a critical condition, but the surgeons hope for her recovery. Major Lehman's right arm was fractured, but he returned to the camp at Mount Gretna, where he is at the military hospital. Others in the party were badly shaken and bruised, but none received serious injuries.

Recent Weather Favorable to Majority of Crops

Washington, Sept. 13.—In spite of rains in many sections during the past week, the Weather Bureau's crop bulletin issued to-day says harvesting and thrashing of grain progressed rapidly and plowing for Fall sowing is beginning in the plain States and eastward.
Weather during the weeks was favorable for ripening corn in the central and northwestern States and the crop is maturing rapidly. Conditions were generally favorable for cotton; late potatoes benefited by showers in northern sections, although the bad effects of unfavorable summer temperatures are showing in the harvesting; good progress was made in having over most of the country and forage crops are generally improving.

Plan Labor Demonstration

Hugh Frayne, State organizer of the American Federation of Labor, announced to-day that between 12,000 and 20,000 men will take part in the parade and demonstration to-morrow. Although he declined to discuss the proposed "sympathetic" strike other union leaders said plans had been made to call out trades closely allied to the street railway men in the event the demonstration to-morrow and the efforts of the Public Service Commission prove unavailable to settle the trouble.

Chapel Exercises Will Necessarily Be Limited

To date Dr. Downes says he has had no advice as to whether extra hours and Saturday and holiday time will be taken up with school periods but he doesn't believe this will be necessary.
"Where we'll try to make up the time," said he, "is in cutting out or limiting the time heretofore allowed for celebrations of one kind or another. For instance, we'll discourage all kinds of speech-making at the high schools; the celebration of victory will have to be limited. Not that we'll taboo them entirely—don't let the impression prevail that we do not mean to allow the students to celebrate, but because this isn't a fact. But we will limit the time allowance. The students can hear short speeches with meat in them; they can give short yells with snap and go in them—and we'll let it go at that."
"Chapel exercises will necessarily have to be limited to the usual devotional exercises and the time for this will be cut to a reasonable time.
High school and grade teachers' meetings usually held during the first week after school begins, have been cancelled for the following dates: Thursday, September 21, 10 a. m. Stevens building, eighth grade teachers; Friday, September 22, 10 a. m. Stevens building, eighth grade teachers; Fri-

Mayor Mitchell, It Developed To-Day Has Under Consideration Two Methods of Settling the Strike

Mayor Mitchell, it developed to-day has under consideration two methods of settling the strike. One is to request Governor Whitman to call a special session of the Legislature to pass a law compelling both sides to accept arbitration, while the other proposes to the immediate granting of a franchise to the New York Motor Bus Company, Incorporated to run machines through the certain streets. This franchise has been before the board of estimate for the past year.

Feaches and Apples, the Bulletin Says, are Showing the Effects of Lack of Rain in Many of the Central States

Tobacco harvest is progressing under favorable conditions in Southern and Eastern tobacco States; in Southern Virginia the crop is practically all cut and cured and in Kentucky about two-thirds harvested. Rains in Wisconsin and Ohio improved late planted tobacco.
