NEARLY 5 INCHES OF RAIN DURING STORM [Continued From First Page] reliars in the city flooded, a barn at Enola was struck by lighting, and trops in the country districts were amaged. In the downtown theaters when the tights went off, lanterns were placed at the exits. The audiences remained order by however, and the plays con-linued after a short delay. Lightings traveling into the plant on a wife set ret to an oil switch of the Harrisburg Mether and Power Commany's North

Streams to Rise

Streams to Rise The river is not expected to reach flood stage here, but E. R. Demain, in charge of the local weather bureau could not estimate the probable riso as complete reports had not been re-ceived from stations along the water sheds. Fair weather is expected late to-day.

ceived from stations along the water sheds. Fair weather is expected late to-day. From 8:20 last night until 8 o'clock this morning, almost 5 inches of rain fell. During the time of the Johns-town flood in 1889, 6.16 inches fell in 16 hours. This is the record for con-tinuous rainfail, with last. night's figures breaking all recent records. August 21, 1915, 4.30 inches fell, and on September 10, 1910, 4.17 inches. So far this summer the total rainfail from June 21 to date includ-ing last night's total, is 12.15 inches. The extent of the crop damage can-not be estimated.
