

FRENCH GIRDLE DENIECOURT AS BRITISH GAIN

New Thrust Penetrates German Lines Farther; Teuton Losses Enormous

1,200 PRISONERS TAKEN

Von Mackensen Continues to Force Rumanians and Russians Back

The new thrust by the French south of the river Somme in north France, where the important railway town of Chaunies is their objective, has resulted in the complete encircling of the village of Deniecourt, the Paris War Office announced to-day.

Deniecourt from the center of the wedge the French are driving into the German lines north of Chaunies, its resistance holding up their advance between Bery and Vermandovillers, complete occupation of which villages by the French was announced last night.

Further progress has been made by the French in this region and heavy counterattacks by the Germans on the new French captured ground north and south of the Somme have been repulsed according to to-day's report, which announces that the Germans sustained enormous losses, two battalions being nearly wiped out. The French have taken 1,200 prisoners and ten machine guns.

British Moving Ahead The British are keeping up their forward push north of the Somme, scoring their advances, however, at isolated points, apparently in operations to straighten their line and secure their hold on captured territory.

London to-day reports an appreciable advance on the left flank where the British line has been driven further toward the Sars, along the Pozieres-Bapaume road north of Martinpuich and east of Couroclette.

On the Macedonian front an entente attack in the Struma valley northeast of Saloniki was repulsed by the Bulgarians, the Sofia War Office announces, a counterattack forcing the entente troops back to the west bank of the river.

Von Mackensen Progresses The forces under Field Marshal Von Mackensen are continuing to progress in their campaign in the Rumanian province of Dobruja, Sofia reports. Some indication of stronger resistance by the Rumanians and Russians, however, is furnished by the official statement which reports heavy counterattacks.

The presence of a division of Serbian troops in Rumania, alluded to in recent press dispatches, has not been officially accounted for. The probabilities are that the Serbian troops were forced into Rumanian territory during the Teutonic drive through Serbia last Fall, being interned there and liberated for service with the entente forces when Rumania entered the war or else the division is composed of deserters.

BLACKMAILED SOCIETY FOLK OUT OF MILLION

Gang Is Charged With Using Beauty of Their Women Members to Get Money

RUN FASHIONABLE CLUB

Operations Extended All Over World; Threatened Arrest Under Mann Act

Chicago, Sept. 18.—Eight members of an alleged blackmail gang, charged with using the beauty of their women members and the fascinating powers of their male confederates to mulct men and women out of more than \$250,000, are in the custody of Federal authorities here and will be taken to Philadelphia for trial.

The band, including five men and three women, was arrested shortly before midnight last night in a raid by Department of Justice officials on a fashionable South Side apartment hotel.

The charge is fleeing men and women of social prominence in Philadelphia, New York, Baltimore and Chicago through organized efforts. Their scheme, according to Hinton G. Clabaugh, of the Department of Justice, was to compromise their victims and then blackmail them. Impersonation of Department of Justice officials is another charge against the men. They are said to have used the charms of their women confederates to win attention from rich men and then have threatened their victims with prosecution under the Mann act.

Two Confess Confession has been made by two members of the alleged syndicate of blackmailers, eight of whom are under arrest here, that operations of the swindlers' racket were in 1909, Federal officials announced to-day.

The confessions, it was said, disclosed that the alleged band numbers sixty persons, half of them women. A dispute over the division of spoils, it was said, led to the confessions. Arrest of a score or more members of the syndicate is expected within a week.

The men who confessed are "Dick" Barrett and Edward J. Thompson, according to the officials.

Bandit Band Defeated in Attack on Guerrero

El Paso, Tex., Sept. 18.—A small band of Villistas made a Hidalgo day attack on Guerrero, a small town in the Big Bend National Park, but were repulsed and fell back across the line of the Mexican Western Railway toward the foothills of the Continental divide, pillaging isolated ranches as they went, according to private advices here to-day.

Recent reports received here have asserted that American cavalry scouting patrols have been operating between Guerrero and Big Bend since the bandit party was sighted in the latter place. The patrols were sent south from El Valle, the southernmost American base, in response to reports that Villa himself was leading the bandit band in that vicinity. Mexican authorities, at Juarez, said wire communication was faulty and no reports of an engagement at Guerrero had been received.

DELUGE OF NAMES POURING IN FOR PROPOSED HOTEL

Suggestions Come From Many Cities and Towns Outside Harrisburg

MANY PRAISE BOOSTERS

Writer Offer "Harrisbourne" "The Monumental," Federal," and Other Names

Histories, dictionaries, books of synonyms, and the fertile minds of many citizens have been brought into action in the search for a suitable name for Greater Harrisburg's new hotel-to-be.

Beside the "Penn-Harris," the "Susquehanna," and all the others, "The Pennsylvania," "The Harrisbourne" (E. H. Gottschall), "The Monumental" (J. H. Farrow), "The Capitol Park Hotel" (M. S. Kelly), "The Greater" (E. J. Kreidler), have taken their places as possibilities. A young lady who modestly requests that her name be withheld believes that "The Federal Square" might meet the bill. Mr. Kreidler supports his choice of "The Greater" with the statement that Harrisburg has been growing extensively for years and is growing greater every day.

E. F. Brady, who inclines somewhat to history, suggests anyone of a dozen names, including the Lincoln House, Garfield House, McKinley House, Washington House, Republican House, and Charleston House, while Secretary Cameron L. Baer advocates the contraction of the two streets on which the hotel will be located into "The Thirwald."

Compliment From Minister

There is widespread interest throughout the city and Central Pennsylvania in the selection of a name. Responsive to the invitation of the Telegraph, names have already come so and to-day we print

28 Americans on Board British Ship Sunk by U-Boat Without Warning

New York, Sept. 18.—A torpedo sank the British steamship Kelvinia, carrying 28 Americans, according to G. W. Dillard, of Richmond, Va., one of the Americans, who arrived here to-day on the Cunard liner Tuscania.

Agents of the Department of State met the Tuscania upon her arrival here and took the depositions of the Americans.

According to Dillard the Kelvinia was torpedoed at 9 o'clock in the morning without any warning having been given. The vessel listed immediately and as there was not enough boats for both the crew and the Americans, who were engaged as hostiles for the cargo of horses, many of the Americans put on life belts and jumped overboard. They were rescued by a trawler after floating about for 14 hours. Dillard, upon his arrival here, saw the Kelvinia met with the mishap he saw nearby a light which later seemed to disappear under the water. This, he declared, confirmed his belief that there had been a submarine attack.

National Guard Units to Be Returned Home as New Regiments Arrive

Washington, Sept. 18.—General Funston was directed by the War Department to-day to return one National Guard regiment to its home station for each new regiment of the guard sent to New London, Conn. The second New York infantry will be one of the first to return. Other regiments will be selected by General Funston. Train equipment, used to transport troops recently ordered, will be employed in bringing home the returning regiments.

The order was issued in line with Secretary Baker's policy of sending organizations in State mobilization camps to the border before they are mustered out of the federal service.

It was indicated at the War Department that no general movement of guardsmen homeward would be ordered until a decision affecting the border situation had been reached by the American-Mexican commission now meeting at New London, Conn. The department has submitted the final disposition of all border troops, National Guard and regulars, to the commission. When National Guard organizations are ordered to home stations for mustering out, those members who apply may be discharged at border stations when applications are made in good faith and are approved by the commanding officers.

Foreigner's Whole Roll Taken by Clever Bunco Men; Mexican Trip Over

Mike Krasnosofsky, of 1120 Christiana street, with his family, was to have gone to Mexico to-day. At the eleventh hour the trip was called off. There is one big reason. Mike had the money at 8 o'clock this morning; one hour later, two bunco men had the cash and were missing.

On his way through Capitol Park, two strangers met Mike and asked him the direction to the post office, offering \$5 for the information. The strangers fished a roll of money. One of them reached in the coat pocket, pulled out Krasnosofsky's money, intending to place the \$5 bill with the roll of \$200. When the victim reached for his money, he was handed back a package. On arrival home, he found strips of newspapers in the handkerchief.

The police department was notified—but do not expect to find the luncheoners.
