NO PLACES WILL BE FILLED SOON

Governor Brumbaugh Says He Will Fininsh His Tours

Governor Martin G. Brumbaugh this afternoon declared that he had not selected any Public Service Commissioner to succeed Samuel W. Pennypacker. "I do not intend to appoint anyone to the Public Service Commission or to the managership of the State Insurance Fund until I return

sion or to the managership of the State Insurance Fund until I return from the tours of the agricultural districts," said the Governor. "I have not decided on any one. I am keenly interested in studying the conditions I have found on the tours and will take up appointments when I return. Besides the State's saving money when places are not filled."

State Commissioner of Health Dixon to-day gave notice of the opening of the first dispensary for treatment of genito-urinary diseases in Philadelphia to-day. Dr. John L. Laird is in charge. Other dispensaries will be opened throughout the State as circumstances permit. The position taken is that owing to the cost of modern treatment the people of the State should be given State aid as a public health as well as humanitarian measure.

I vserprifickSe. aeBBpS9 etaol tao Governor Brumbaugh to-day appointed Aaron Emanuel, Andrew Murphy and William E. Geyer as special policemen for the Pennsylvania Steel Works.

The charter of the Upper Paxton.

Works.

The charter of the Upper Paxton
Light and Power company, of Millersburg, was granted to-day. It has a
capital of \$5,000 and the incorporators
are Farley Gannett, S. W. Fleming,
Jr., and Theodore E. Seelye, of Harrisburg; John S. Fisher, Indiana; H.
J. Thompson, Bellefonte and A. J.
Musser, Clearfield.

Soldier Vote will Not Be Very Heavy

Names of considerable more men than will be needed to take the votes of the Pennsylvania Guardsmen who will be in the federal service on the November election day have been suggested to Governor Martin G. suggested to Governor Martin G. Brumbaugh for appointment as commissioners to take the vote. The list is now being considered and there are some problems connected with it. Attorney General Francis Shunk Brown in his opinion to the Governor says: "The act provides you are to appoint a sufficient number, not exceeding one, to each regiment, as you deem necessary to accomplish the purpose of the act."

act."

It happens that there are organiza-It happens that there are organizations of the auxiliary service which are not regiments as the battalion of engineers, battalion of signal troops, the hospital troops, the field bakery and others. In addition the division and brigade headquarters are separate from regimental organizations. Some of these auxiliary troops are widely separated at camp at present and the Governor will have to determine the number of commissioners who are to get ten cents a mile, going and coming, for their services, no other compensation being allowed.

TROOPS CLOSE ON TRAIL OF VILLA

[Continued From First Page]

[Continued From First Page]
Francisco Gonzales, commandant in Juarez. The bandits are well mounted and apparently were leading the de facto forces over the jagged rocks, ruinous to the feet of horses, into the canyon. Persons familiar with the country pointed out that should Villa reach one of his lairs in the district the government troops may have the greatest difficulty in finding him.

Lost 250 Men
To-day's reports indicated that Villa's force numbered approximately 1,500 and was opposed by the garrison of about 7:000. The Villa casualties also were said to be considerably larger than was first indicated. From the number of dead and wounded picked up by the pursuing forces, it was estimated the losses probably were about 250.

Villa himself directed the attack, according to the dispatches, but did not enter the town, remaining across the

Villa himself directed the attack, according to the dispatches, but did not enter the town, remaining across the Rio Churiscar to the northwest with a few hundred of his reorganized "gold ones." When his followers had fallen back to this point, it was asserted, he directed the retreat. Much damage was done to the penitentiary, munition and federal palaces, which the bandits succeeded in capturing before the surprise members of the garrison, who had been participating in an independence day celebration rallied.

HUGHES STARTS ON SECOND TRIP

[Continued From First Page]

is crowded with stops for brief speeches, will carry him through Indiana, Illinois, Ohio and Wisconsin and come to New York State for several speeches. The hominee will also deliver one speech in Pennsylvania, at Pittsburgh, and one in New Jersey, at Trenton. He will return to New York before departing on his third campaign trip, which will not end until November 4.

PINCHOTS DIVIDE ALLEGIANCE
New York, Sept. 18.—Amos and Gifford Jinchot, both members of the
Progressive party, have divided their
political allegiance in the forthcoming
presidential campaign, it was discovered here last night. Gifford Pinchot
announced last week that his choice
for the presidency was Charles E.
Hughes, the Republican nominee, and
to-day his brother Amos declared in a
letter to Samuel Seabury, Democratic
candidate for Governor, that he would
support him and President Wilson,
characterizing both men as the "real
exponents of progressivism."

Supreme Masonic Council Ready For 104th Meeting

Ready For 104th Meeting

Pittsburgh, Pa., Sept. 18. — Members of the Supreme Council of the Ancient Accepted Scottish Rite of Free Masonry, Northern Jurisdiction, put in a busy day to-day preliminary to the formal opening of the 104th annual meeting here to-morrow. This morning the Pennsylvania Consistory exemplified the proposed thirty-second degree ritual (1912) while in another part of the Masonic Temple a meeting of the Royal Order of Scotland was held. The committee on charitable foundation held a conference later which was followed by the exemplification of the proposed thirty-second degree (1915) by the New York consistory. The visitors attended special services last night in a body at the Trinity Protestant Episcopal Church at which the Rev. Cortlandt Whitehead, bishop of the Pittsburgh diocese, preached. Additional members of the council continued to arrive to-day and by to-night at least 800 are expected to be registered.

Observe the Style Differences in Bowman Coats and Suits and Other Apparel

NEWEST AUTUMN MADES

UPPOSE that you are passing our store window, and you see it contains New Autumn Apparel-or better still, come in - examine the little details of style that are so often lost in a passing view.

Note that in following the fashionable silhouette that every new feature has been observed in minute detail.

Suit coats are less full to a degree that is most pleasing, while from the belt line they flare in just the correct angle. This is but one illustration. In skirts, separate coats and dresses; collars,

cuffs, sleeves and every other point of style the same exacting care will be extremely noticeable. Next, observe materials and colorings which faithfully coincide with standard of style set by this store

The lining; the seams; the sewing all bespeak thoroughness, and last, but more important the close pricing which gives more quality and style features for a certain sum.

Fall Stocks Are Growing Rapidly and Now Contain Ample Assortments For a Good Selection

The Marabou Cape

The "Cape," in the first place, is not to be mistaken for the kind our mothers wore, back in the '90's. It's a new thing this season; but lays on the shoulder and fastens in

BOWMAN'S—Main Floor BOWMAN'S-Main Floor

You will not see a long list of necessary acces-

sories advertised for Maxwell cars. F.O.B. DETROIT ELECTRIC starter and lights, one-man mohair top, demountable rims, rain-vision windshield, speedometer, linoleum covered floor boards and run-

ning boards-all these features, which are found on much more expensive cars, are part of the regular Maxwell equipment. They are included in the list price. When you buy a Maxwell, your investment is com-

pleted. There are no extras to buy. In addition you get a car of proved endurance, of unusual economy. And behind these qualities there is the record and reputation of the Maxwell, which is second to none.

We insist and will prove to you that the Maxwell is the world's greatest motor car value.
