## Educator Shoes For Children

The Shoe With the Wide Last

Educator Shoes are the most comfortable children can wear. The lasts are made to fit the feet—not to pinch or cramp—and as the right kind of shoes has to do with the child's comfort and progress in school, parents should give this matter their attention and not select school shoes haphazardly.

Educator shoes, in tan willow calf, gun metal calf, patent coltskin and black vicil—buton style—  
Sizes 5 to 8, \$2.00  
Sizes 8 1/2 to 11, \$2.50  
Sizes 11 1/2 to 2, \$2.75

E. C. Skuffer shoes, in patent colt, gun metal calf and tan willow calf, buton style with heavy soles, Goodyear stitched—  
Sizes 5 to 8, \$1.65  
Sizes 8 1/2 to 11, \$2.25  
Sizes 11 1/2 to 2, \$2.50

The "Hop Skip" shoes for children, wide lasts with Goodyear welted soles and spring heels—tan and black—  
Sizes 5 to 8, \$2.00  
Sizes 8 1/2 to 12, \$2.50

Children's tan willow calf play shoes, broad toe lasts, heavy stitch down soles, buton and lace styles—  
Sizes 5 to 8, \$1.65  
Sizes 8 1/2 to 12, \$1.85

Dives, Pomeroy & Stewart—Street Floor, Rear.

## Rich Dependable Furniture of the Better Kind

In a September Showing That Is Full of Interest

- Bird's-eye maple and walnut chiffoniers, \$19.50
- Toilet tables with triplicate mirror, in mahogany or walnut \$19.50
- Golden oak extension tables, \$16.95 to \$19.95
- Three-piece mahogany library suite, \$25.00
- Five-piece Jacobean Library suite, \$49.00
- Mahogany serving cabinets, \$8.95
- Telephone tables, \$2.95
- Mahogany tables, \$2.69

Dives, Pomeroy & Stewart, Third Floor.

## New Sweater Arrivals For Men, Boys and Girls

A Display Which Outrivals the Displays of Former Seasons

Two-tone and solid color sweaters, in coat and belted styles, fashioned of angora, Shetland yarns and worsted, at \$1.98, \$2.50, \$2.98 to \$10.50  
Men's Shaker Knit sweaters, with rolling collar, in tan, navy, maroon, oxford and black \$4.75, \$4.98 and \$5.98  
Men's rolling collar sweaters, of sturdy yarns \$1.98 to \$4.50  
Boys' sweaters, in school and college colors, with stripe body and sleeves, black and orange, maroon and grey and garnet and grey \$2.50

Girls' sweaters, in plain and belted styles and in combining tones \$1.00 to \$5.50  
Children's sweaters, in new weaves and desirable colors \$1.00 to \$2.98  
Children's combination suits, including coat, trousers, cap and gloves, in tan, white and grey brushed wool and plain weaves \$1.98 to \$4.98

## Many Styles of Gingham in the Basement For School Dresses

Dress Gingham, in plaids, checks and stripes, 32 inches wide; yard \$1.98, \$2.50, \$2.98 to \$10.50  
Galatea, in dark and light styles, solid shades and stripe patterns; yard \$1.98, \$2.50, \$2.98 to \$10.50  
16c Gingham, in light and dark styles, 32 inches; yard \$1.98, \$2.50, \$2.98 to \$10.50

Dress Gingham, in stripes, checks and plaids; yard \$1.98, \$2.50, \$2.98 to \$10.50  
Percales, in figures and stripes, 36 in.; yard, 12 1/2c  
25c fancy Cretonne, light and dark styles, 36 inches; yard \$1.98, \$2.50, \$2.98 to \$10.50

Dives, Pomeroy & Stewart—Basement.

### BROTHERHOOD FIGHTS O. P. KELLER'S PLEA

(Continued From First Page)

gineers from depriving him of his membership and privileges in said organization and that an order be issued reinstating him to all rights, privileges and benefits of a member of the Brotherhood.

Argument for the plaintiff was made by John R. Geyer of the firm of Fox and Geyer. Senator Edward E. Beideman represented the Brotherhood of Locomotive Engineers, Associated with him was Oscar J. Horne, Cleveland, Ohio, solicitor for the Brotherhood.

Counsel for the plaintiff contended that the charges against Engineer Keller were illegal, having been made under a letter from Grand Chief Stone of the Brotherhood of Locomotive Engineers, which constituted an by-laws which prohibits a member from belonging to another labor organization. Attorney Geyer added that the expulsion worked a hardship on the client in that it deprived him of insurance privileges, which are impossible in any other company because of his advanced age.

He denied that the Mutual Beneficial Association was a labor organization in that it made no provisions for wage disputes or strikes.

Beideman Defends Brotherhood In his argument Attorney Beideman read extracts from the constitution and by-laws of the Brotherhood of Locomotive Engineers, showing under what authority Grand Chief Stone acted. He read the section which prohibits a member from belonging to any other labor organization and to the power given to the grand chief to prefer charges in such case.

Senator Beideman cited the Keller case from the start up to the time of the order for expulsion. He called attention to the fact that no objections were made by Engineer Keller to the proceedings until after the order. If there were any, should be made; and explained that final appeal made to the international body was properly heard and his expulsion sustained.

In conclusion Mr. Beideman read at length the opinion handed down some time ago by Judge Henry Oliver Bechtel, of Schuylkill county, in the case of the Brotherhood of Locomotive Engineers, which he said, was similar to that of the Keller case. Judge Bechtel refused to interfere with the action of the Brotherhood. The papers in the Keller case, with Judge Bechtel's decision and copies of the constitution and by-laws of the Brotherhood of Locomotive Engineers and the Mutual Beneficial Association were given to the court. A decision will be handed down later.

### NO LIGHTS FOR FEDERAL SQUARE

(Continued From First Page)

this item in the water and lighting departmental budget for 1917. High cost of copper and other materials, Mr. Bowman declared, prevented his proceeding with the projected North Third street lighting scheme this year. The plan for which he is authorized by council.

A Year Ago An ordinance was passed authorizing the placing of thirty-six 4-cluster lights in the Federal square, bounded by Verbeke. The businessmen of the west end, however, wanted the business section—the district extending from Rely to the westward—lighted first. A committee accordingly waited upon the commission with this request and the same committee later went before council with the same request. Mr. Bowman said he believed he had the assurance of the commissioners at the time that this would be agreed to.

To-day Mayor Meals and Commissioners Gorgas and Lynch declared they believed that the terms of the measure should be complied with, that is the lighting should be placed from North street to Verbeke. The whole subject was introduced when a letter was read from the Harrisburg Light and Power Company in which it agreed to substitute forty-four single standard lights of the type now in service in North Second street, for the thirty-six cluster lights originally authorized by the ordinance. The price the light company explained will be the same—\$7,915.

Now Third Street In view of the opposition of his fellow-citizens, Mr. Bowman said to-day that he will now figure upon some plan whereby the standards can be assured as far as his money will go possibly from North to Calder streets.

City Commissioner E. Z. Gross asked Council by ordinance for \$2,736 additional for the park maintenance fund. This money is for other necessities that this sum shall be turned from the balance in the fines and forfeitures fund to park maintenance. Emergency work, such as the weather, etc., are blamed by Mr. Gross for the woeful falling off in the park cash. Unless there be relief, he said, the department can't meet its payrolls this year to substitute forty-four single standards for the type now in service in North Second street, for the thirty-six cluster lights originally authorized by the ordinance. The price the light company explained will be the same—\$7,915.

Without Headache For First Time In Months Mrs. VanZandt Expresses Gratification Over Wonderful Improvement In Her Health Brought About By Mastalac Medicine—Praises It Unstintingly.

Mrs. Elizabeth VanZandt, a charming lady who lives at 2131 North Second street, Harrisburg, is so grateful to Mastalac for renewing her health that she says it brought her that she wishes to send a message to all women who are nervous, run down or suffering from ailments such as hers were. She says: "I was almost a wreck, what with my nerves being in such bad shape and constant throbbing headaches that I was on the verge of despair. "I was dreadfully run down and suffering from kidney trouble as well, but I tried everything that I could find that would give me even temporary relief. "I had tried many medicines, but did not get any better until I was recommended to me by a friend from Pittsburgh, who told me of the good it had done her and assuring me that it would help me.

"On her recommendation I began taking it and it is really marvelous how it helped me. This is the first time in many months that I have been without a headache, my nerves are quieted down and I am steadily gaining strength. I feel like a new woman. It is the only wish that I could let others know how wonderfully helpful this remedy is."

Mastalac is the famous reconstructive tonic that is so highly praised by many thousands to whom it has brought respite from suffering. It is being introduced by G. A. Gorgas, Drug Store, 16 North Third street and P. R. R. Station, where the Tanlac man is describing the merits of this wonderful medicine to daily increasing crowds.

fact that Mr. Taylor had made considerable permanent improvements under his administration, however, and Mayor Meals gently reminded the park commissioner that ex-Commissioner Taylor, Mr. Gross' predecessor had insisted upon more money for maintenance but that Mr. Gross himself figured he could get through with what had been provided.

At that Council wants to know how the maintenance allowance for the park department was expended and what the means to do with the additional \$2,736. Mr. Bowman said he would insist upon this. So did Mr. Lynch.

Other matters disposed of to-day included: Approval of award to Stuckey Brothers Construction Company of contract for extension of the new Calder extension on the city official map; authorizing paving of Oxford street, Sixth to Jefferson. Permission was granted for the improvement of the Mulberry street stairways as he had previously asked.

### Mud Splashes in Her Eye, Woman Sweeper Sues City

York, Pa., Sept. 19.—Mary E. Bruggeman is plaintiff in a suit in the local

common pleas court in which damages are sought from the city of York for injury to her eye caused by a splash of mud.

She alleges that while cleaning the gutter in front of her house with a broom some muddy water flew into her eye. The city was negligent, she says, in letting the water stagnate in the gutter.

### Dandruff Heads Becomes Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the fingers. By morning, almost if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it. You will find that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

### How To Have Natural Rosy Cheeks

There is nothing that adds to the beauty of a woman so much as nice pink cheeks. They give a glow and charm to her appearance. Not so, however, when the cheeks are pinked with such methods as are too disgusting to countenance. If your pink complexion is fading or if it has already been lost through trouble, worry or ill health, get from your druggist a tin of the new and improved cocoa cream and apply this to your cheeks once or twice daily. There is nothing so unpleasant about this process. By its nourishing properties it gently draws the color to the cheeks and its tonic action on the skin is as beneficial to the complexion as it is pleasant to use. As it is absorbed, it keeps the skin nourished and invigorated that it must be pink and beautiful. It does not matter how pale you are, just use it twice a day and you will wonder how the girl who glows that brings to your cheeks. Besides, you will never think of having a made-up complexion when you see how easy it is to have natural rosy cheeks of your own.—Advertisement.

### Acid Stomachs Are Dangerous

Nine Tenths of All Stomach Trouble Due to Acidity Says New York Physician. A well-known New York physician who has made a special study of stomach and intestinal diseases recently made the startling statement that nearly all intestinal trouble as well as many diseases of the vital organs, are directly traceable to excessive stomach acidity. He said that the stomach is a factory where the food is broken up and the nutrients are absorbed. If the stomach is too acidic, the food is not properly broken up and the nutrients are not absorbed. This causes a variety of symptoms, including indigestion, heartburn, and general weakness. The physician recommended a simple, harmless, and inexpensive remedy to neutralize the acidity and restore the stomach to its normal state.

Without Headache For First Time In Months Mrs. VanZandt Expresses Gratification Over Wonderful Improvement In Her Health Brought About By Mastalac Medicine—Praises It Unstintingly.

Mrs. Elizabeth VanZandt, a charming lady who lives at 2131 North Second street, Harrisburg, is so grateful to Mastalac for renewing her health that she says it brought her that she wishes to send a message to all women who are nervous, run down or suffering from ailments such as hers were.
