## Fashion's Inaugural

This presentation of the modes that are to mark the Fall and Winter months is remarkable on account of the exclusive ideas that have been evolved, and throughout the entire exhibit there is a note of practicality and permanence that will appeal to women who pay tribute in the clothes they wear to artist-designers.

Every hat that one's eyes light upon, every suit or coat and every frock whether for dance or street occasion is authoritative and distinctive and pre-eminently wearable.

**Display Days: Thursday, Friday and Saturday**

Formally Presenting the Modes That Have Made This a Season of Such Sumptuous Millinery

THE LINE is everything in the new hats—trimmings are secondary. Shapes that flare, that dip, that curve or that tilt are in themselves enchanting fashion pictures and require little embellishment to enhance their magnificence.

These superb creations, which show the wonderful artistry of the Paris modistes even under the sombre influences of war times, are formally presented to-morrow.

Never have designers given us such beautiful velvet hats or such picturesque shapes. Naturally the little trimming required must be distinctive, and so this need is splendidly supplied by the richest ornaments seen in many seasons. Military cockades, furs, gold and silver textures and clever feather fancies are among the leading trimmings.

**The New Autumn Boots For Women Are Rich in Their Two-Tone Effects**

The footwear to be worn during the Fall and Winter months will harmonize beautifully with the color of the suit or coat which the woman of Fashion adopts. There are many evidences of a two-tone note among the new boot arrivals, which have their initial display this week.

The color tones most favored are—

GREY AND WHITE CHAMPAGNE AND TAN GREY AND BLACK

BLACK AND IVORY

One of the newest footwear ideas for immediate presentation is a dark tan Russian calf lace boot that is very swagger.

The height of the new shoes is a trifle lower than a year ago, and there is a more pronounced tendency toward the use of lace styles.

We believe every woman will enjoy these new styles. Prices begin at \$4.00 and go to . . . . . \$10.00
