**This Is a Season of Diversity in Millinery
Charming Hats at \$10.00 and \$12.00**

Many influences are seen in the new Fall hats. Russia is responsible for the military tendency made upon the lines of the picturesque Russian military cap and the shako. In this category are models with the short brim effect of the visor of the cap, the lines flaring high.

The Chinese influence is shown in the hats with straight brim above an enframing crown. There are Napoleonic effects too, and styles that interpret the strange headwear of the Spanish toreador.

Liberties, of course, have been taken in following these influences with the result that we have the richest and most original creations seen in many seasons.

Our Dress Hats at \$10.00 and \$12.00

Designed by America's foremost modistes and shown in a great diversity of superb styles in velvet and hatter's plush with trimmings of gold and silver, fur, jewel-like ornaments and beautiful feather conceits, and all showing the incomparable skill of the French artist. In this showing are wonderful hat modes from Rawak, Moorehead & Jardine, Castle, Burgesser, Phipps, Vogue, Cupid and other noted New York ateliers.
