An Effective Laxative For Growing Children

Dr. Caldwell's Syrup Pepsin Highly Recommended as a Family Remedy.

In children the slightest irregularity of the bowels has a tendency to disturb the entire digestive system, and unless promptly remedied invites serious illness. The experienced mother knows that by training her children to regularity in this respect, and when occasion arises administering a mild laxative, she will have little need for the doctor's services.

Mrs. Leo Weigand, 3251 Central Ave., N S., Pittsburgh, Pa., whose two boys, Frank and Joseph, are shown in the illustration, writes that she has found Dr. Caldwell's Syrup Pepsin a most effective laxative, not only for the children but also for herself, and that she will always keep it in the house to use when needed. Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts easily and naturally, without griping or other pain or discomfort. It is pleasant to the taste so that children like it, and is equally effective on the strongest constitution.

WOUNDED TROOPS ARE CHEERFUL LOT

Deeply Resent Sympathy; Relate Their Experi-

ences

London, Sept. 26 .- (Correspondence of the Associated Press.) — Notwith-standing the well-nigh total darkness of the nights and the number of wounded seen upon the streets, London life is not without its lighter shades even in these crucial days of the great war. One reason for this is that the

Not Dead at All

In this same hotel, which is a sort of headquarters for the officers from across the seas, a report was circulated one night of the death of a young flying corps captain. He had often been in the "club" and only a few days before had "swanked" quite a bit about the easy life he aws living. All he had to do was to take new machines across the Channel and turn them over to the aviators at the front. In this way he spent about every other day in London, much to the envy of the fellows "over there" who were longing for the sights of town. But now "Gil" was gone and a company of his friends drank a silent toast to his memory.

Three days later "Gil" created constanting and hear-

his memory.

Three days later "Gil" created consternation at the club by appearing very much alive and as hale and hear-

new machines 'cross Channel for the "wingers" at the front.

Another young Canadian of the flying corps told of a "joke" he had played on the folks at home. He had not written for nearly a month when along came a cablegram:

"No letters for weeks. Is anything wrong with the boy?"

Promptly he had cabled back "collect":

"Yery serious matter. Powers the

Promptly he had cabled back "collect":

"Very serious matter. Boy absolutely broke. Send much money."

"That," explained "Boy," "ought to stop them worrying for a while."

Instances of the lightness of heart with which the soldiers go into the war are many. In embarking for active service the Canadians are given pay books in which their allowances are entered from time to time. The book also serves for identification purposes and the last page is set aside for the making of a will. Some of those that have turned up lately have proved grimly humorous. One said:

Band Always Ready

At a reinforcement camp "somewhere in France" the Australian contingents have a fine brass band they brought with them from home. The band has become famous in the vicinity for whenever an Australian group is called up, no matter how small it is, the band always is there to give the men a musical sendoff. Usually this occurs at 4 a. m., a fact which adds materially to the renown of the band. war. One reason for this is that the wounded soldiers are about the most cheerful lot London has ever known. Most of those encountered along the Strand, in Picadilly and other promenades of the West End, are from Canada, Australia or New Zealand. The wounded English "Tommie" is more often found in the suburbs, in the neighborhood of his old home.

It would seem decidedly out of place to sympathize with these oftentime permanently crippled men in hospital togs, for that is apparently the last thing they desire. As a matter of fact they deeply resent it as a rule. In crowded tram or tube cars women often arise and offer seats to wounded soldiers only to have them politely but very firmly refused.

Nor will the men ordinarily talk of where they "got it."

"Oh. somewheres out in No-man's land," they'il say. One chatterbox of a Tommie went so far as to add:
"I was 'opping along from one dugout to another when I ups and stumbles over something and. I guess it must a been a bomb. Anyway it blew me bloomin' foot off.

Supped on Bemb

A popular young Canadian officer, in mufti and on crutches, recently swung his way with no little difficulty into the lounge room of a hotel in the Strand. His left leg was shattered from the knee down and hung stiff and helpless in steel braces.

"Have something, Livvy?" asked one of his fellows in khaki.
"Sorry, but I can't to-night, old man," replied "Livvy;" 'you see I have a crippled friend to look after." In came the friend, an even younger officer with right leg gone at the knee.

"We tossed a coin," explained "Livvy," 'you see I have a crippled friend to look after." In the officials and with several old friends he met outside.

Not Dead at All

In this same hotel, which is a sort of headquarters for the officers from across the seas, a report was circulated one night of the death of a young flying corps captain. He had often been comes here was lacking.

Deaths and Funerals

"Why, you old cheater," shouted one of his friends, "go back where you belong or pay us for that very expensive found' we had the other night. What right have you got to be living anyway?"
"Gil" admitted the obligation entailed by his return from the grave, paid it handsomely, and is still flying "MARIE LOUISE LIBHART Funeral services for Marie Louise Libhart, infant daughter of Mr. and Mrs. John F. Libhart, Adams street, Enola, who died at the home of her arents yesterday afternoon, will be held Thursday afternoon at 3.30 o'clock. Burial will be made in the Mount Calvary Cemetery.

Complexion Fresh As a Daisy-Not a Wrinkle

in sight — Remarkable discovery of skin osmosis quickly enables women with sunken cheeks, wrinkles and marks of age again to become most beautiful, youthful and charming.

GIRL PICKETS IN NEW YORK CAR STRIKE. @INT. FUM SERVICE This picture shows two of the thousands of young women who are doing picket duty at subway and elevated stations all over New York in an effort to persuade the public not to patronize the roads affected by the strike of carmen. Many of the young women wear the sashes labeled, "Don't Be a Scab."

Charles W. Thomas Now Second Lieutenant Co. I

LIEUT. CHARLES W. THOMAS First Sergeant Charles W. Thomas, a member of the "Telegraph Family," has been elected second lieutenant of Company I, Elighth Pennsylvania regiment, at the border. At the election held by the company, sixty-seven men voted and Thomas received sixty-seven votes. The promotion came as a result of Lieutenant Chambers being assigned to the new machine gun company, and Second Lieutenant Jenkins being promoted to the first lieutenancy.

lieutenancy.

Lieutenant Thomas is a guardsman of long experience. He is both capable and popular. He is head of the advertisement department of the composing room of the Telegraph and is also well known in local basketball and baseball circles.

weather sets in.

Both buildings, warehouse and train shed, will of concrete and brick, with steel re-enforcement and all the modern structural adjuncts that go to make up-to-date structures of the kind. Each will be four stories in height. The warehouse will be 470 feet long and 20 rest wide while the train shed will be 441 feet in length with a width of fifty feet. Both will be built in such a way as to provide ample track room between them while affording convenient method ingress and egress for teams.

The construction of the new freight depot will complete the program of extensive improvements which have been worked out by the Pennsylvania and the Cumberland Valley railroads during the last year and a half or two years. These included the elimination of the Mulberry street grade crossings by the construction of spacious subways at Front and Second streets, the walling in of Mulberry street from the south side, and the construction of the magnificent 4-track concrete arch bridge across the Susqueenana.

SACRIFICES SELF TO SAVE OTHERS

who believed him to be engaged in
the haberdashery business.

Break Into Room

Break Into Room

"The manners of this band would drive any one." West said. "The woman proposed the trip to me. On May 9 we reached New York and went to the Ansonia Hotel. At an uncanny hour three men armed with federal warrants and badges forced their way into my room. Buda Godman became hysterical. She said she was a convent-bred girl and that her parents would commit suicide over the disgrace. She asked them what she would do to save herself from disgrace and then the question of money was adroitly broached.

"Before I knew it we were in two staterooms racing back to Chicago. We were kept prisoner three or four days and then because the woman had been crying all the time and appealed to my chivalry to save her, I paid them \$12.500 cash. Several days after Irwin who represented himself as United States Commissioner Foote, released us they obtained \$2,500 more from me."

Calder's Majority Over
Bacon 9,007 Votes

Albany, N. Y.. Sept. 26. — William M. Calder's majority over Robert Bacon in the contest for the Republican United States senatorial nomination was 9007 according to official figures made public to-day. The Statewide totals were:

Calder 153,373; Bacon, 144,366.
Governor Whitman, Republican, who the Progressive party nomination for Governor over Samuel Seabury, his Democratic opponent, by 5463 the figures being:

Whitman 11,483; Seabury 6,020,

Let's agree right at the start that wherever there are moving mechanical parts and metal-to-metal contact, a certain proportion of friction —that age-old bugbear—is unavoidable. Your job and ours is to see that this proportion is reduced to its lowest possible terms. This is where Atlantic Motor Oils figure.

Atlantic Motor Oils divide themselves naturally into a group of 4 principal lubricants—Atlantic Polarine, Atlantic "Light," Atlantic "Medium" and Atlantic "Heavy."

For 8 out of 10 cars, Atlantic Polarine is the 100-percent year-round oil that strikes terror to the hearts of old General Friction and his corps of

In certain types of motors and under certain driving conditions, one of the other 3 Atlantic Motor Oils listed above may do the trick better than Atlantic Polarine. This is a matter for you

to decide in conference with your garageman. The big thing to remember is that this group of 4 lubricants—the product of the world's oldest and largest lubricant manufacturers—is the worst enemy the Friction Army ever lined up against.

Atlantic Gasoline is the accepted standard motor-fuel. Atlantic Motor Oils are just as efficient and important to proper lubrication as Atlantic Gasoline is to motive power.

This lubrication thing is serious—better give it thought.

Read up on this subject. We have published a handsome and comprehensive book about lubrication. It is free. Ask your garage for it. If they cannot supply you, drop us a postal and the book will be sent you without charge.

eyes. At the bottom it curves outward to facilitate breathing. Leather straps, which pass about the neck and head, hold the device in position.

From the October Popular Mechanics Magazine.

PUTTING WHEELS UNDER WORK-MEN

The problem of interior and exterior transportation in one of the superscript of the stairways. The plant is worked at high pressure for twenty-four hours a day, explains Popular Science Menual Monthly for October, and consists of thirteen main units and twelve services buildings, each with a main corridor one-half mile long. To inspect the various shops entails a walk of nearly ten miles, exclusive of the stairways. The combined floor area is a million and bicycles. The plant is worked at high pressure for twenty-four hours a day, explains Popular Science

\$50,000 Ty Cobb "Comes Back" **Nuxated Iron Makes Him** Winner=Greatest Basebail

Batter of all time says Nuxated Iron filled him with renewed life after he was weakened and all run down.

Nuxated Iron has filled me with renewed life and vigor; I play a better game today than when I was younger.

only throw away patent medicines only throw away patent medicines and nasseous conc. ctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etč. The real and true cause which started their diseases was nothing more nor less than a weak-anad condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without

matter how much or what you eat. Your food merely passes through you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can wark without becoming ired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks.

Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were alling all the while double their strength and endurance and entirely get rid of and other troubles in from ten to fourteen days' time simply by taking iron in the proper from. And this after they had in some cases been doctoring for months without obtaining and benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the afray, while many another has gone to my the secret of great strength and endurance and filled his blood with iron before he went into the afray, while many another has gone to my the strength of the contract of iron—E. Sauer, M. D.

NOTE—Nuxated Iron, recommended above by Dr. Sauer, is not a patent wedicine nor secret remedy, but one which is well known to druggists and whose iron constitutents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, r
