THE SPIRIT OF '76

Bore out in its heroism, and in its martyrdom, the unconquerable characteristics of the patriot fathers. That same spirit is as manifest today, as it was one hundred and fifty years ago. The call to arms that PREPAREDNESS has sounded, has proven that the "spirit of '76" is not a patriotic reminiscence; but a live impulse that the circumstance of a crisis called into reponsive action. When a "crisis" in your health is reached, S. S. S. is the most responsive BLOOD MEDICINE to be found. S. S. S. is the GREAT NATIONAL BLOOD PURIFIER. You and your father and your grandfather have read about S. S. S. When you go to buy S. S. S. as you are sure to do sooner or later, look out for substitutes. Insist on the genuine. DOUTRICHS MAKE BIG IMPROVEMENT

DOUTRICH MAKES BIG IMPROVEMENT

Remodelled Store Is Boost to Market Street Realty Values

In the remodeling of Doutrichs store, 304 Market street, just completed, Market street real estate has been given a decided boost.

The improvements to Doutrichs were made at a cost of about $12,000 and make the store modern in every respect.

In the big new windows which give the building a thoroughly modern and impressive appearance, are two panes of glass which are said to be the largest single pieces of plate glass in the city. These big glasses are 18 feet long and 7½ feet high and are placed in the side of the new arcade windows.

The Doutrich store as remodeled has a frontage of 26 feet in Market street. The entire front has been improved to give much additional space for display purposes. The windows are double deck and the arcade style.

Improvements to the interior of the store include the rearrangement of the various departments and the addition of many new and modern fixtures. The office has been relocated to give greater space and new departments have been added. These include an up-to-date sweater department; a new hat department in charge of Charles Sullenberger, formerly with Poulton, and a children's wear department in charge of Miss Irene Peters, formerly with Kock Bros., Pottsville.

In speaking of the improvements, F. J. Consylman, manager of the store, said:

"Our improvements are merely another step in the plan of I. H. Doutrich to give the best possible service to our customers. Mr. Doutrich started his first store at Orwigsburg, Pa., just 23 years ago and he now operates stores in Pottsville, Middletown and this place. That his business should grow to such proportions is due only to the success of the Doutrich policy of the best possible values for the money."

Zemo For Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delay means—no hair.

Get, at any drug store, a bottle of zemo for 25c or $1.00 for extra large size. Use as directed, for it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe, is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is zemo, for it is pure and also inexpensive.

PARALYSIS HAS NOT DISAPPEARED

amusement, etc., on the 29th day of September, 1916. The curtailing of the liberties of children attending school, etc., from August 24 to September 29 was for the purpose of protecting children from infantile paralysis, which not only claims a high death toll, but leaves many of the survivors cripples for years, and often their entire lives.

"It is to be hoped that the public and those particularly in charge of schools and other entertainments that bring children together will remember that the danger has not entirely disappeared. Everything should be done to promote the general health of the children, and the parents should continue discipline that will keep them from unnecessary traveling in trolleys and railroad trains or congregating in buildings poorly ventilated.

"The collecting of children together just for their pleasure or the pleasure of adults or the making of a little money might still be the cause of spreading infantile paralysis. It is to be hoped, therefore, that those in the care of children will remember and enforce the precautions they have been taught during the threatened epidemic in Pennsylvania.

Remembering the fearful slaughter of little children in New York and New Jersey from this disease, every exertion must be made from now until next spring to bring about the improvement of sanitary conditions to try and prevent any repetition of what we are yet passing through."

Central high school will open Friday of this week for organization. Students will report as follows, announces Principal Howard G. Dibble: Seniors at 8.30 a. m.; juniors at 10 a. m.; sophomores at 1.30 p. m.; freshmen at 2.30 p. m.

Tyrell's Military Band has been engaged for the occasion by the local Commandery.

Railroad Notes

This is pay week on the Philadelphia and Reading Railway system.

General Manager S. C. Long of the Pennsylvania Railroad and officials will to-morrow inspect the Schuylkill Valley division.

Arrangements have been made to send the Cumberland Valley Railroad apprentices to night school at Chambersburg. They will be paid for the time in school.

Two Reading brakemen, J. D. Levan and Daniel W. Peters, who were injured in the Rutherford yards are improving. Brakeman Levan has a severe gash on the head, and Peters is nursing a sprained wrist.

The Philadelphia and Reading Railway Company will run an excursion to Reading on Sunday.

PLAN CHANGES IN MUTUAL BY-LAWS

General Assembly May Extend Term of President; Letter From Former Harrisburger

JAMES K. LINN, Treasurer

Reading, Pa., Sept. 27. — Delegates in attendance at the General Assembly Convention of the Mutual Benefit Association of Pennsylvania Railroad Employes, to-day discussed proposed changes to rules and by-laws. Treasurer James K. Linn in an address offered a number of suggestions. The assembly will elect officers to-day and adjourn. It is probable the meeting next year will be held in Harrisburg.

One of the important changes in the by-laws under consideration is the increase of the term of the president to two years. George W. Brown, of Philadelphia, who is serving in that office, has headed the organization since it was founded in Reading two years ago.

Letter From C. H. Andrus

A communication from C. H. Andrus, master mechanic at the Renovo shops of the Pennsylvania, who was formerly the chief mechanic at the Harrisburg shops and who is well-known in this city was read by President George W. Brown, of Philadelphia. Mr. Andrus states that he regrets his inability to attend the convention owing to the exigencies of his position and adds that he is in hearty sympathy with the movement. He offers his services in ne can be of any help in any of the acitivies of the association.

It was pointed out that the association includes in its membership, all classes of Pennsylvania Railroad employes, from track hands and switchmen to engineers and managers of divisions and department heads.

Rev. A. K. Wier Attending Philadelphia Conference; Reports Successful Year

The Rev. A. K. Wier, pastor of Centenary United Brethren Church, left this morning to attend the annual session of the East Pennsylvania Conference, which convenes to-day in Philadelphia and will last until October 2. W. H. Cumbler is the lay delegate and will leave to-morrow.

In the annual report which the Rev. Mr. Wier will present to the conference it will be shown that the church has 574 members, the Sunday school an enrollment of 1,087, with an average attendance of 517. The enrollments in the other departments are as follows: Christian Endeavor, 201; Otterbein Brotherhood, 56; three women's missionary societies, 242.

During the conference year just closed the congregation has increased its total expenses only $7,260.99 over the previous year, although it has taken on an additional debt of $9,941.73 through extensive remodeling of the church property on South Second street.

The financial section of the report will show that during the year the local church current expenses were $1,541.25, the total expenses for benevolences were $2,000.19, and that $94 was contributed for antisaloon work in the state.

HARTMANS ENTERTAIN

Mr. and Mrs. William Hartman, Pine street, entertained a number of friends at their cottage, Kilcare, Dauphin, over the week-end. Among those present were Mr. and Mrs. John Kocher, Mr. and Mrs. Samuel J. Egolf, Mr. and Mrs. Lawrence Eckels. Mr. and Mrs. George L. Bricker, Mr. and Mrs. J. C. Y.; Miss Sara Dickinson, Miss Helen Lyme, Miss Sara Reif, Lawrence Brandt, Raymond Hartman, Mr. Vance, Postmaster and Mrs. Matthew Cusack and Mr. and Mrs. William Hartman.

ENTERTAINS EMBROIDERY CLUB

The Misses Anna and Mabel Hoch entertained members of the Embroidery Club at their home in Highspire last evening. The guests included Mrs. Walter Sides and daughter, Florence; Miss Lila Coble, Ruth Shuler, Mae Sides and Esther Hahn.

STEELTON PERSONALS

J. C. Wells is ill at his home in North Front street.

Mr. and Mrs. A. J. Lehrman are spending a few days in Baltimore.

Solon V. Barr has returned from a visit in East Weissport, Pa.

Mr. and Mrs. Donald Raifsnider, 412 Swatara street, are visiting in Franklin county.

MARRY IN HARRISBURG

Miss Blanche Sharon and Lawrence J. Downes, both of the borough, were married last evening at the home of the former's brother, T. L. Sharon, 2213 Jefferson street. The Rev. A. S. Williams, pastor of Camp Curtin Memorial Methodist Episcopal Church, officiated. Mr. and Mrs. Downes will reside in Steelton.

Whirled Around Shaft.—Caught in a revolving wheel at the steel plant yesterday, Ignatz Rasla, aged 45, 16 Christian street, was whirled around violently until fellow employes stopped the shaft. Ignatz was treated at the emergency hospital and later taken to the Harrisburg Hospital. His chest and right side are badly crushed and he has numerous body bruises.

Congregation to Meet.—St. Mark's Lutheran congregation will meet Sunday afternoon, October 8, at 3 o'clock. The Sunday school at St. Mark's will resume sessions next Sunday.

PRAISES C. OF C.

Horace W. Davis, assistant deputy Attorney General, in a letter of congratulations, received by the Harrisburg Chamber of Commerce to-day, says in part:

"Harrisburg deserves the very best and most efficient Chamber of Commerce that the men of this city can produce. I am aware that the Chamber of Commerce here has done really great things for the city and it is worthy the solid support of the city. In the three years past it has well proven its right to life and I think the board of directors have shown great wisdom in selecting this time for a movement looking toward a development of the Chamber along broader and bigger community lines."

FRANCO BRITISH GIVE FOES NO REST

[Continued From First Page]

of the French south of the Somme, where they drove out from Vermandovillers and captured a strongly fortified wood east of the town.

Apparently this new drive is aimed at Chaulnes, which bears to the southern end of the Somme line somewhat the relation that Combles did to the northern sector. The beginning of a French effort to pocket this other German stronghold was apparent some time ago and a further move such as that reported to-day in the drive east from Vermandovillers to a point two miles almost directly south of Chaulnes, has not been expected. The French lines already have been pushed in well south of the town.

Expect Further Inroads

Meanwhile the military importance of the gains from Thiepval to the Somme, scored in the smashing offensive of the present week are expected by military observers in the entente capitals to be made manifest by speedy further inroads upon German-held territory. The French advance beyond Bouchavesnes is pointed to as directly threatening Allaines, two miles north of Peronne, and preparing the way for an encircling intended to drive the Germans out of Peronne itself.

Capture 60,000 Germans

Belated reports from the British front to-day announce the capture of between 3,000 and 4,000 Germans by General Haig's forces in the fighting Monday and Tuesday. The reported captures by the French bring this total up to more than 6,000. Unofficial figures show the aggregate number of prisoners taken by the Anglo-French armies during the Somme offensive, from July 1 to date, have been 60,000, with some 190 square miles of territory and 44 villages.

In Macedonia the entente forces apparently are encountering a stiffened Bulgarian resistance, especially west of the Vardar region. Paris reports Kaimakcalan height subjected to repeated attacks by Bulgarian forces but declare the Serbians held fast to the captured position.

Official reports just received from Bucharest take back from the claims made by the Rumanians of a notable victory over Field Marshal Von Mackensen in the great battle of last week in Dobrudja. The Rumanians and their allies, it is declared defeated heavy forces along the Danube end of the front and then while the rest of the line held fast, the allies broke the resistance of the Bulgarians, Germans and Turks near the Black Sea and drove them back in disorder.

Greece on the Brink

Greece apparently is on the verge of entering the war on the side of the entente, King Constantine being now reported to have consented to such action. The revolutionary movement, however, is continuing and on the island of Crete four thousand Greek troops in Canea are said to have joined the revolutionary forces.

Sixty-Five Killed in Two Air Raids on Bucharest

Bucharest (via London), Sept. 27.—Sixty persons were killed and a large number wounded in Bucharest Monday afternoon by bombs dropped from a squadron of aeroplanes of the Teutonic allies, and five others were killed Monday night by bombs dropped on the city from a Zeppelin, according to an official communication. Two-thirds of the victims are declared to have been women and children.

GERMAN FLEET AGAIN READY

Berlin, Sept. 27.—The Kaiser has issued a circular letter of thanks to German shipyards which have completed repairs on ships damaged in the Jutland battle. The letter says in part: "In a surprisingly short time the armor has been repaired, new guns have been mounted and apparatus and instruments have been supplemented, so that the fleet was able weeks ago again to undertake battle."

BLACKMAIL CHIEF GETS LONG TERM

delphia January last on the charge of having attempted to extort $8,000 from Mrs. J. Bolton Winpenny, a wealthy resident of that city, for the suppression of a fictitious "white slave" complaint against her son, Marshall Winpenny. This charge was not pressed because of the death of Mrs. Winpenny three weeks ago.

Other Charges Hanging

Besides Butler, the indictment returned in the Klipper case names Frank Crocker, otherwise known as the "Tango Don Juan"; Arthur L. David, alias "Sir Robert"; George Irwin and Edward Donahue. Donahue is now under arrest in Chicago charged with being concerned in the recent kidnaping of Mrs. Klipper from Philadelphia to Montreal for the purpose of obstructing justice in the trial of Irwin who was awaiting trial in this district.

13th Pa. Regt. Mustered Into U. S. Army Service

Mount Gretna, Pa., Sept. 27.—Muster into the United States service of the Thirteenth Pennsylvania Infantry, Colonel Ezra H. Ripple, of Scranton, was conducted here yesterday by Captain Frank Leisering, United States Army, assisted by other officers of the State recruit rendezvous.

The Thirteenth is already equipped and it is expected will get away from here en route to the Mexican border before the end of the week. It is believed the Scranton command will take the place of one of the First Brigade regiments about to be sent home from border duty.

The Third Field Artillery, Colonel Asher Miner, of Wilkes-Barre, still lacks its full equipment, which, however, is expected here daily, and its early departure looked for.

STATE STANDARD FOR MILK NEED

[Continued From First Page]

city ordinances which will provide for the inspection and grading of farms and dairies supplying city dealers with milk.

Dr. Gimper said that one-third of the cows used by dairymen for milk supply, were not profitable, and that the farmers are losing, instead of making money by keeping them. He also declared that records of 60,000 inspections in the State, showed that at least fifteen per cent. of the dairies were in bad condition, but that the Board could not order the farmer not to sell his milk for retailing purposes.

The conference lasted for more than three hours, and late this afternoon the city bureau of health met in regular session to continue the discussion.

The proposed legislation will affect at least 1800 dairies, according to Dr. Raunick, as it is estimated that the city milk supply is obtained from a large territory covering that many farms.

The proposed plan of inspecting farms and grading the milk supply was favored by many of the milk dealers present, whose attitude was the same as that of the ice cream manufacturers. All of them promised hearty co-operation with the city department in improving the milk supply.

Several new cases of typhoid fever have been reported in the county and 54 cases have been reported in the city since September 1. At the Harrisburg hospital 50 patients are being treated, many of them free cases, and the institution is filled to capacity. Several extra nurses have been added to the staff to care for the increased number of patients.

SYMPATHY STRIKE IN N. Y. FIZZLE ?

[Continued From First Page]

250 members of the painters' union had refused to report for work.

Attempts to estimate the number of strikers were complicated by the fact that thousands of Jewish workers will remain idle over Thursday and Friday in celebration of the beginning of the Jewish New Year. Of the 200,000 expected by the leaders to strike, 143,000 are members affiliated with the United Hebrew trades who stop work each year at this time for the Jewish holidays.

Among the organizations which have voted to strike to-day, according to those directing the movement, are: Ladies' Garment Workers, 95,000; Clothing Workers, 40,000; Painters and Decorators, 15,000; Furriers, 15,000; Tinsmiths, 10,000; Butchers, 10,000; Stationary Firemen, 2,500; Paper Box Makers, 7,000; Milliners, 6,000; Jewelry Workers, 3,000; Brewery Workers, 6,000. Total, 209,500.

At the last moment, it became known that T. V. O'Connor, national president of the Longshoremen's union, had decided not to call out the 45,000 members of that organization to-day.

ORDER TROOPS OF 13 STATES SOUTH

[Continued From First Page]

000 State troops in all the country that have ont seen service on the border.

Battery A, Field Artillery, Maryland, it was announced, will be returned to the state mobilization camp and mustered out of the Federal service.

Three Pennsylvania Batteries

The organizations ordered south today include:

Field Artillery — Battery A, New Hampshire; three batteries of the Third Pennsylvania; Battery A, District of Columbia; First Battalion and Battery C, Virginia; Third New York Regiment; Batteries A and C, Alabama; First Battalion, Georgia; Batteries E and F, Connecticut; Batteries A and B, Michigan; First Regiment (less Second Battalion), Minnesota, and Batteries B and C, Colorado.

Infantry—Second Florida Regiment and Third District of Columbia Regiment.

Cavalry—Troop A, District of Columbia.

Engineers—Company A, California.

The Thirteenth Regiment of the Pennsylvania Guard it is expected will be among the organizations to go. The Thirteenth is fully equipped and was mustered into the Federal service yesterday.

GERMANS REBUILD BRIDGE

Berlin, Sept. 27 (by wireless).—The great Poniatowski bridge across the Vistula at Warsaw, which was destroyed by the Russians when they evacuated the city in August of last year, has been rebuilt. The bridge was reopened in the presence of General von Beseler, the German governor-general.

WORRY IS A DISEASE

The disorder which causes its victims to worry whether they have anything to worry about or not is neurasthenia.

Neurasthenia is entirely distinct from hysteria although the patient may have both diseases at the same time.

Neurasthenia often results from some nervous shock, such as the loss of a near relative, business reverses, or some severe overstrain on the nervous system. The patient is usually pale, showing that the blood is thin, and the first thing to do is to build up the blood because anything that builds up the general health helps to correct the neurasthenic condition. Rest and a good tonic is the very best treatment in most cases.

Dr. Williams' Pink Pills are an ideal tonic for this condition because they are non-alcholic and neurasthenic patients should avoid alcoholic stimulants.

The Dr. Williams Medicine Company, Schenectady, N. Y., has published a little book on nervous disorders that contains a chapter on neurasthenia, in which the symptoms are fully described and the correct treatment given. The booklet is free on request.

Dr. Williams' Pink Pills are sold by your own druggist or will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for $2.50.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

FOREMAN DIES FROM SHOCK

Chambersburg, Pa., Sept. 27.—N. D. Shope, aged 36, Cumberland Valley Railroad section foreman at South Penn Junction, died at the hospital here from shock and loss of blood. While riding a motor track car an iron bar fell across the rails and was forced through the floor of the car. The bar penetrated both legs of Foreman Shope.

CHECK THAT ECZEMA BEFORE IT GETS SERIOUS

That little patch of eruption may be nothing more than a slight annoyance now. But, if neglected, such things have an uncomfortable way of spreading and becoming really serious—turning into itching, burning skin troubles that make life almost unbearable.

So don't take chances. Nip it in the bud with a few simple treatments with Resinol. Usually the first bathing with Resinol Soap and dressing with Resinol Ointment stop all itching, and soon the irritation is entirely cleared away. Doctors have prescribed Resinol for over 20 years, so that it is not an experiment, but a remedy of proven value. All druggists sell Resinol Ointment and Resinol Soap. But if you want a sample of each, free, write to Dept. 54-R, Resinol, Baltimore, Md.
