This is a very comfortable and satisfactory, also a very dainty costume to wear in the privacy of one's own room. The petticoat is just a plain one in five gores but the flounce is arranged on a scalloped outline to give a very novel effect and scallops of any desired size can be used. The jacket is shapely and becoming and simple at the same time. Here, it is made of a dotted challis with the collar, cuffs and frills of handkerchief lawn and with lace banding as a finish. It is a very charming little garment and a most satisfactory and comfortable one while at the same time the making means only slight labor.

For the medium size the jacket will require, 4½ yards of material 27 inches wide, 3½ yards 36 or 2¾ yards 44, with ¼ of a yard 36 inches wide for the collar and cuffs, 3 yards of insertion and 8 yards of ruffling. For the petticoat will be needed, 6½ yards 27, 3½ yards 36 or 2¾ yards 44, with 5 yards of lace for the flounce.

The pattern of the jacket No. 8894 is cut in sizes from 34 to 44 inches bust measure and of the petticoat No. 8620 in sizes from 24 to 34 inches waist measure. They will be mailed to any address by the Fashion Department of this paper, on receipt of ten cents for each.

If rheumatism gets you, or sciatica, and you have sharp twinges, gnawing pain or swollen joints or muscles, you can get rid of all agony in just a few days by taking one-half teaspoonful of Rheuma once a day.

All druggists know about Rheuma; it's harmless, yet powerful; cheap, yet sure, and a 50-cent bottle will last a long time. Ask H. C. Kennedy or any druggist.

UUII MEAI WHEN BACK HURTS OR KIDNEYS BOTHER

Says Uric Acid in meat clogs Kidneys and irritates Bladder.

A glass of Salts is harmless way to flush Kidneys, says authority.

If you must have your meat every day, eat it, but flush your kidneys with saits occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the glood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night. To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

The Presbytery took up important business matters. A resolution commending the work of Dr. Irvine was passed unanimously.

The Presbytery selected the Presbyterian church of Mechanicsburg as the place for the Spring meeting, and elected the Rev. Thomas T. Ferguson, pastor of the Silver Spring Presbyterian church as moderator. He will assume his office at that time. The Rev. Irvin C. Yeakel was received from the Presbytery of Wheeling. He has charge of the Biddle Memorial Mission at Carlisle. The Rev. Robert H. Taylor was received from the Presbytery of Peoria and arrangements made for his installation as pastor of the Derry church at Hershey. The Rev. Ethelhert D. Warfield, D., L. L. D.-Litt. D., President-elect of Wil-College, addressed the Presbytery on the conditions at that institution.

Installation Committee
The Rev. Lewis S. Mudge, D. D., and the Rev. J. Marshall Rutherford were appointed to represent the Presbytery at the installations which will be held at Chambersburg October 17.

The committee on vacancy and supply reported that with the exception of the Camp Hill Presbytery was now supplied with a pastor.

The Rev. Harvey Klaer, of the Covenant church, Harrisburg, the Rev. J. Marshall Rutherford, of Waynesboro, and the Rev. T. J. Ferguson, of the Fourth church, Lebanon, the Rev. J. A. Rose, D. Daniel H. Ames, of the Second church, Carlisle, was licensed as a Local Evangelist to labor within the bounds of the Presbytery. Great interest was manifested in the work of Mr. Ames as he is almost blind.

The Paxtang church was commended for increasing the salary of their pastor, the Rev. H. B. King, two hundred dollars a year.

At the evening session Rev. E. H. Kellogg, of Carlisle, was the presiding officer. The address of the evening was by the Rev. William M. Dager, of Africa and was a wonderfully strong African mission in war times. The Presbytery adjourned with a hearty vote of thanks to the good people of Mercersburg for their kindness and hospitality, especial mention being made of the delight of the members of Presbytery in the singing of the pastor's family as rendered at the evening sessions.

Armed Guards Surround Home of Millionaire After Receipt of Blackmail Letters

Connellsville, Pa., Sept. 28.—Armed guards were to-day thrown around the residence of Alfred M. Fuller, a millionaire resident of Perryopolis, near here, following the receipt of Mr Fuller, of threatening letters demanding money.

One dummy package, placed in a hollow tree as the writer designated disappeared without the guards being able to apprehend the person who took it. Mr. Fuller, who lives alone, is reputed to be one of the wealthiest men in the coke country.

E. B. Coxe, Jr., Left Nearly Million to Institutions

Philadelphia, Sept. 28. — Public bequests amounting to \$880,000 have been left to various institutions in the will of Eckley B. Coxe, Jr., who died September 20 at Drifton, Pa., according to a statement by Charles Sinkler and John Cadwalader, Jr., executors, to-day. More than half of this sum goes to the University of Pennsylvania, Mr. Coxe having been president of the board of managers of the University Museum.

Save the Babies.

NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoris in many cases and have always found it an efficient and speedy remedy." Dr. Frederick D. Rogers, of Chicago, Ill., says: I have found Fletcher's

Castoria very useful in the treatment of children's complaints.

Dr. William C. Bloomer, of Cleveland, Ohio, says: In my practice I am glad to recommend your Castoria, knowing it is perfectly harmless and

always satisfactory.
Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm."

Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious to the most delicate of children."

Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal.

medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments." Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency

To Regain a Healthy, Girlish Complexion

If you would have a clear, fresh, girish complexion, one ounce of ordinary mercolized wax will aid you in this direction more than shelves full of cosmetics. It produces a natural beauty.
