HOW I CURED MY CATARRH TOLD IN A SIMPLE WAY

without Apparatus, Inhalers, Salves Lotions, Harmful Drugs, Smoke or Electricity Heals Day and Night

It is a new way. It is something absolutely different. No lotions, sprays or sickly smelling salves or creams. No atomizer, or any apparatus of any kind. Nothing to smoke or inhale. No steaming or rubbing or injections. No electricity or vibration or massage. No powder; no plasters; no keeping in the house. Nothing of that kind at all.

I Am Free-You Can Be Free My catarrh was filthy and loathsome. It made me ill. It dulled my mind. It undermined my health and was weakening my will. The hawking, coughing, spitting made me obnoxious to all, and my foul breath and disgusting habits made even my loved ones avoid me secretly. My delight in life was dulled and my faculties impaired.

RISK JUST ONE CENT Send no money. Just your name and address on a postal card, to Sam Katz. Please tell me how you cured your catarrh and how I can cure mine.

BAND OF ROBBERS LOOT EXPRESS

Beat Fireman Into Unconsciousness and Escape With Pouch of Registered Mail

Detroit, Sept. 28.—Search was being vigorously pressed to-day for a gang of men, believed to number five or six, who late last night held up the New York-Chicago Express, east-bound on the Michigan Central, near Dearborn, ten miles west of here, and after beating fireman John Doherty into unconsciousness, made off with one pouch of registered mail.

While only two men participated in the actual work of the holdup, it is believed they had several accomplices waiting at a point previously decided upon for the deed. The two men boarded the train east of Ypsilanti, concealing themselves between two cars. Shortly before Dearborn was reached they climbed over the tender and covering the engine crew with revolvers, ordered them to continue until told to stop.

Only Take One Pouch Engineer Charles Palmer was then taken from the cab to the door of the mail car. Showing him a bottle which the robbers said contained nitroglycerine, they told him to tell the mail clerk to open the door or they would blow the car to pieces.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulsified coconut oil, for it is pure and entirely greaseless. It's very cheap and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.
