When cross, irritable, feverish, stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

The story of Ralph Blakelock, now considered the leading landscape artist of America, reads like a plot from fiction.

Seventeen years ago Blakclock, broken in mind and body, was sent so the State Hospital For the Insane at Middletown, N. Y., after his failure to realize anything on the picture he had just painted.

A wife and family were left penniless. A couple of years ago art connoisseurs recognized real genius in Blakelock's work. His pictures sold for small fortunes. Last year the National Academy of Design elected him to membership in the exclusive organization.

It remained for Mrs. Van Rensselaer Adams, of Orange, N. J., to rescue Blakelock. Through his son, born just as Blakelock was on the threshold of the asylum, Mrs. Adams became interested in the artist. She worked for his release, which finally was secured two weeks ago. Mrs. Adams is sure that Blakelock's power of mind is returning and that he will yet paint a masterpiece. The artist is now working in a little studio which has been furnished for him at a private sanatorium in New Jersey.

Dear MISS Fairfax:

stating that I should not send any more flowers or letters because they would be returned, as her parents object. The parents of the girl have not even seen me, but seem to object as a matter of principle. S. J. O.

Ask permission to call on this girl and try to win her liking and that of her parents. Naturally, dignified parents do not approve of their daughter receiving gifts from a young man who takes this lazy method of wooing her rather than the more sensible one of coming to call and letting his personality speak for itself. Don't worry about your little blunder, but set about rectifying it.

They prove it the way they smoke and taste. The filler of Gen. Hartranft cigars is good tobacco in the first place, and carefully hand rolled by expert workmen to produce a uni-formly good draw-ing smoke.
