#### Louisville and Nashville Must Answer in Political Probe

Washington, Oct. 4. — Justice Staf-ford of the District of Columbia Su-preme Court rendered a decision to-day requiring Milton H. Smith, presi-dent, and other officials of the Louis-ville and Nashville Railroad to answer questions propounded by the Inter-state Commerce Commission regard-ing its political contribution. The court held the commission has the right to know about such contri-butions, not because they affect ques-tions of the reasonableness of rates, and important questions of railroad accounting.

and important questions of railroad accounting. Mr. Smith refused several months ago to answer questions of Joseph W. Folk, counsel for the commission, in an inquiry into the affairs of the Louisville and Nashville. Chattanooga and St. Louis railroads based upon a Senate resolution. A series of such questions dealing with alleged politi-cal contributions was submitted, ap-proved by Chairman Meyer, of the commission and unanswered by Mr. Smith, on the advice of his counsel.

has no way to prosecute or prevent this. State Inspection Needed Ice cream manufacturers, it was said, are not entirely to blame be-cause of contaminated cream as they do not have complete reports of the condition of each dairy shipping milk or cream to them. State laws pro-viding for inspections of each dairy farm are absolutely necessary, health officials claim. The proposed city ordinance which was discussed again this afternoon by Dr. Raunick, and milk dealers, will provide for inspection of farms and darles, and will be a big help in pre-venting any more epidemics as serious as the one now at its height in the city, according to health authorities. I6 New Cases Sixteen new cases of typhoid fever were reported to Dr. Raunick, making a total of 41 for the first three days of Octoher. Ten more patients were admitted to the Harrisburg hospital to-day, making a total of 55 cases un-der treatment in that institution. [Continued on Page 7]

They were held for a hearing this aft-ernoon. According to the story which the woman told Chief of Police Wetzel yesterday the men sold her two bushels of potates. Investigation showed that they weighed only 69 pounds, instead of 120 pounds re-quired by law. Chief of Police Wetzel said that he is determined to break up the habit of giving short weight and measure and officers have been instructed to arrest any hucksters or peddlers who violate the city weights and measures ordinances. City In-spector of Weights and Measures Harry D. Reel and City Solicitor D. S. Seitz appeared at the hearing this afternoon as prosecutors.

Thieves early to-day entered the homes of Edgar F. Martin and Jacob A. Rose, Pdxtang, and stole provisions, clothing and a small amount of money. Entrance was gained by removing screens from windows on the first floor. Attempts to enter several other places were reported. This is the second time within a month that robbers have invaded Pax-tang, but no arrests have been made as the town has no police protection. A number of the residents have been considering the appointment of a watchman and the organization of a vigilance committee, but no definite action has been taken.

SEEK CHECK FORGER

The police department has been asked to find a check forger who disappeared very suddenly yesterday after getting rid of two bad checks and collecting \$50 in cash. The

name of Walter Keiner, one of the proprietors of the Hotel Plaza, was forged to the checks. The alleged forger stopped at the hotel and stole a number of blank hotel checks from the back of a checkbook. He passed one on the Wittenmyer Lumber Company, and another on an uptown store.

Council yesterday approved the contract for the lighting of the sec-tion, after the Harrisburg Light and Power company had co-operated with City Commissioner Bowman to the extent of agreeing to place forty-four lights at \$7,915—the figure at which had originally been agreed up-on to install thirty-six cluster stand-ards. The intention had been to ex-tend the lights from North to Verbeke streets but the businessmen of the West End united in a demand for an extension of the service to Reily street. Lack of funds prevented this, but by the installation of the single standards, it was possible to add an additional block of lighting. C. M. Kaliwasser, general manager of the company said the material is arriving so that the job can be started within the next few days. "When we make up the budget for next year I will say this finally—pro-vision will be made for lighting Fed-eral Square with the ornamental standards if we don't do another bit of lighting," emphatically declared Mr. Bowman to-day.

#### **Two Investigations Under** Way to Determine Wreck Cause; 2 Dead, 60 Hurt

Cleveland, O., Oct. 4. — The death list in last night's bridge tragedy in which two street cars plunged thirty feet from the West Third street viaduct to the Baltimore and Ohio railroad tracks remained at two to-day, but of the sixty injured it was expected one or two would die. Two investigations were under way into the disaster to-day, one in charge of city officials to learn whether the bridge had been unsafe and who was responsible for its use in such case, and the other by the Cleveland Rail-way Company with a view to deter-mining whether the city rather than the traction company could be saddled with the damage suits which will grow out of the accident.

Altoona, Pa., Oct. 4. — Robert Min-tel, 9, narrowly escaped being strangled to death on the John Ross farm, near Williamsburg, yesterday. He looped a dog chain around his neck just as a 300-pound hog ran through the gate into the yard where he was playing. The hog became entangled in the other end of the chain, and Mintel was dragged around until he was near-ly dead. Farmhands released him.
