## BIG WINTER SHOW TO BE WORKED OUT

Important Conferences Will Be Held at the State Capitol During This Week

Plans will be made to-night at the State Department of Agriculture for the big midwinter show of the choicest apples, pumpkins, corn and other exhibits of the county and other fairs and of dairy products to be held in this city when the State Board of Agriculture

and allied bodies meet here in January. The idea was worked out by Secretary Fulton and has been promised the co-operation of a number of people interested in the smaller fairs and also some fine exhibits from the half dozen big fairs, which will be placed in cold storage. **Lackawanna Man Here** — Senator W. M. Lynch, of Lackawanna county, was in the city yesterday on his way to Scranton from New York. **Board in Session** — The State Compensation Board began sessions for the month in Philadelphia to-day. It will meet the rest of the week and sit in Scranton on October 11. **Lancaster Man Fined** — A Lancaster butcher was fined \$100 and costs on charges of offering unwholesome meats for sale. Agents of the State Livestock Sanitary Board visited the store on six occasions and found unwholesome meat displayed for sale and being prepared for manufacture into sausage. **Pardon Board List** — The State Board of Pardons will meet here on

October 18. The list will close early next week. **Ignored Notice** — Chairman Mackey went to Pottsville yesterday to hold a hearing in the case of Harry Cotter, a butcher, against whom a compensation claim was allowed. Cotter just ignored the proceedings. **To Give Hearing** — The Public Service Commission last evening announced that it would hold a hearing here on October 17 on the petition to reopen the Philadelphia commuters' case. This action was taken following a conference with lawyers in the case. **Over 400** — The reports on infantile paralysis show that there have been 409 deaths from the disease in the State since May 1. **Member Here** — Representative M. B. Rich, of Clinton, was at the Capitol to-day. **Opinion on Glazes** — Deputy Attorney General Heald has given an opinion to James Foust, State Dairy and Food Commissioner, in which he holds that the rule of the Pure Food Division should be revised in view of an opinion given in the Westmoreland county courts in a suit involving the use of resinous glazes on candy. The defendant in the case was acquitted, as the glazes used were found not to be deleterious to health. It is also stated that unless the State can prove that glazes used are deleterious, prosecutions should not be started. **After Jitneys** — Complaint was filed with the Public Service Commission to-day by the Southern Pennsylvania Traction Company, which operates between Lansdowne and Philadelphia. The complaint charges that the Philadelphia city line, against six persons who are accused of violating the rules of the commission by operating jitneys on the Baltimore Pike without certificates of public convenience as required by the public service company law. The borough of Palmyra made service renders to the Newburgh by the Lebanon Valley Consolidated Water Supply Company. **Honor Former Governor** — Addresses ecologist of the Samuel W. Pennypacker, Governor and Public Service Commissioner, were made to-day at the first luncheon for the winter of the Pennsylvania State Society, composed of heads of branches of the State government. The speakers included Governor Brumbaugh and State Librarian Thomas Lynch Montgomery. **Eighteen-Year-Old Sinks Mercy** — Application for commutation of the death sentence of Dominick Digiso, Schuylkill county, was made to-day to the State Board of Pardons and will be considered on October 18. He is 18 years of age. **Lentz Pays \$191** — Recorder James E. Lentz to-day paid the State Treasury \$191 as his share of taxes originating in his office. **Lansdale Gets Notice** — The borough of Lansdale has been given notice by County Attorney General Keller that it must comply with the decrees of the

# "The Live Store" IT'S VERY BECOMING To the Lips

to Say "DOUTRICHS" and when you are talking about Clothing Stores you scarcely ever hear of any except "DOUTRICHS." It's a very becoming name to the lips--besides it sounds well.

It's the "Live Store" of Harrisburg—also the finest Clothing Store in Pennsylvania—the store where you can look into the face of every employe and read—square dealing—honest representation—The Store of Greater Values.

Take enough time to come in and see this wonderfully busy store—where your friends have been buying their clothing and furnishings.

Our new Hat Department has been a success ever since we made our first showing, very gratifying to see how much enthusiasm our loyal customers are devoting to introducing this new addition.

**HE COULDN'T SHAKE THAT FEARFUL COLD**  
Came Back From Fishing Trip With Cold That Stuck, But Tanlac Quickly Overcame It—Felt Fine Now

Harry Buxton, the well-known barber the Roy on Shop, 12 North Third street, Harrisburg, Pa., is an ardent disciple of Isaak Walton and usually brings home a good catch, but he caught something he didn't fish for on his last trip and he couldn't shake it. It was a cold. A nasty, nagging cold. The kind that gets a grip on a man and makes him feel as if life wasn't worth living and everything was a burden.

But to cut a long story short, let's let him tell about it himself. He says: "While I was away on this wet fishing trip of mine I got pretty wet while landing some of the big fellows and I guess I didn't take as good care of myself as I should, but you know how it is when you're out that way. "Anyhow, when I got back to the shop I found that I had a humdinger of a cold. It had me for fair. I felt as if I had been beaten up and I didn't care a whoop which team won the pennant. I dosed myself in the usual way, but old Mr. Cold he hung right on and refused to budge. "I did everything I could to chase him, but nothing doing, he stayed right on the job morning, noon and night, and he got me worried. I was feeling pretty bad and a bit worried. "Then I happened to hear about Tanlac and, thinks I, I'll give it a trial, maybe it will do the trick. And he did. It did. And it did more than rid me of this cold, for it has made me feel about 100 per cent. better than I usually feel. I'm in great shape, wonderful appetite, sleep fine and feel energetic all day long. Tanlac is sure great stuff. "Tanlac, the famous reconstructive tonic and system invigorant, is now being specially introduced here at Mcgarr's Drug Store, 16 North Third street, where the Tanlac men is meeting the people and explaining the merits of this master medicine. Tanlac is sold also at the Gorgas Drug Store in the P. R. R. Station.

State Department of Health in regard to sanitary matters. **Member Here** — Representative Fred C. Ehrhart, of Scranton, who is musician of the Thirtieth Infantry, was at the Capitol to-day. Fred wore his uniform. **Guardsmen Eric Clement** — National Guardsmen from this state now in the border service, including generals and colonels, have united in a petition to the Governor to name Major-General Eric M. Clement as Public Service Commissioner. **Bunker Hill Charter** — The Public Service Commission has approved the charter application of the Bunker Hill Electric Light Company. **York Case Up Again** — The complaint of citizens of York against the rates of the York Water Company was heard by the Public Service Commission to-day. The Lock Haven cases against rates of the New York Central for hauling coal and the complaint of F. D. Zimmerman and C. E. Groh against the service of the Newmans-town Electric Light and Power Company were also heard.

**ALLIES GAIN IN WEST; RUSSIANS IN THE EAST**  
[Continued From First Page]

trating another Rumanian movement to cross the Danube or are attempting an operation of this sort on their own account. They report the occupation by their troops of the Island of M. kakalafat, opposite Vidin, in the extreme northwestern part of Bulgaria, and the disposal by the Bulgarian artillery of Rumanian forces on the other side of the river. **Lessened Pressure in Macedonia** — Reports from Sofia indicate at least a momentary lessening of the entente pressure on the Macedonian front. The artillery continues active, notably along the western end of the line, but the only infantry fighting noted has been in the Struma region where the British are being hotly engaged near Karadjakov, east of the Struma, northwest of Lake Tahnino. **Unofficial dispatches from Petrograd** report a Russian success in the drive to Lemberg. The Russians have captured the heights south of Erzevany, 50 miles southeast of Lemberg, it is declared, after forcing a passage of the Zlota Lipa, the Russian artillery then opening fire on the suburbs of this important railway town. Official reports from Berlin and Vienna have asserted that the Russian attempts to carry and hold these heights failed. **Von Mackensen in Danger** — To-day's official statement from Petrograd records no additional progress for the Russians in Volhynia or Galicia, but admits of the fighting in Galicia that the Austro-German forces are holding their ground. **Regarding the campaign in Dobruja** the Russian war office announces the continuation of the Russo-Rumanian offensive against Field Marshal von Mackensen's left flank, which has been bombarded by Russian gunboats on the Danube near Racheva, fourteen miles south of Tchernavoda. **London's account of the operations** in Macedonia northeast of Saloniki declares the British have advanced east of the Struma and held their gains in spite of repeated Bulgarian counter attacks.

**26,735 Prisoners Taken by Allies Since Start of Great Somme Offensive**

London, Oct. 4.—An official statement issued here to-day gives details of the fighting on the Somme front after the advance of September 15, describing the capture of villages, including Combles, Gueudecourt and Thiepval, and proceeds: "These villages brought our front line at more than one point within a mile of the German fourth position west of the Bapaume-Transloy road."

"The enemy has fought stubbornly to check our advance and since September 15 seven new divisions have been brought against us and five divisions of the French. The severe and prolonged struggle demanded on the part of our troops very great determination and courage. "Since the opening of the battle on July 1 we have taken 26,735 prisoners and engaged 38 German divisions, of which 29 (about 250,000) have been withdrawn exhausted or broken. We hold the half-moon upland south of the Ancre, occupy every height of importance, and so have direct observation ground to the east and northeast. The enemy has fallen back upon a fourth line behind a low ridge just west of the Bapaume-Transloy road. "The importance of the three months' offensive is not to be judged by the distance advanced or the number of enemy trench lines taken. It must be looked for in the effect upon the enemy's strength in numbers, material and morale. The enemy has used up his reserves in repeated, costly and unsuccessful counter attacks without causing our allies or ourselves to

relax our steady, methodical pressure." **35 Vessels Recently Sunk by German Submarines**  
Berlin, Oct. 4 (by wireless).—Thirty-five vessels of countries at war with Germany with a total tonnage of 14,600, were sunk by German submarines in the North Sea or the English Channel between September 20 and September 29, the Overseas News Agency announces. This is in addition to eleven British fishing steamers and four Belgian lighters whose sinking already has been reported. Twenty-seven of the thirty-five were fishing steamers. Thirty-one prisoners were brought in by the submarines. **Engineers' Society to Get Technical Glimpse of Automatic Telephone**  
Electrical, civil, metallurgical and mechanical engineers of this city and vicinity will be given a practical and technical insight into the methods of operation of the automatic telephone at a big "smoker" that has been planned for to-morrow evening at the demonstration exchange at 308 Market street, when the Engineers Society of Pennsylvania will be the collective guest of the Cumberland Valley Telephone Company. **E. L. Grauel**, the Chicago expert, will explain the workings of the new device and will show with the aid of a "girlless" exchange how the new phone that is now being installed by the Cumberland Valley company is operated. **PARALYSIS INCREASES**  
New York, Oct. 4.—Although the epidemic of infantile paralysis is officially at an end as far as the Federal medical authorities are concerned, federal inspection of inter-State travel having been discontinued, a big increase was reported to-day in the number of new cases. For the 24 hours ending at 10 a. m. there were 23 as compared with 19 yesterday. The deaths were seven, against eight yesterday. **MOTOR CLUB TO MEET**  
The board of governors of the Motor Club of Harrisburg will hold a meeting Friday evening, October 6, at 8 o'clock, at the club headquarters, 109 South Second street. **HAVE YOU A FRIEND WITH SKIN TROUBLE?**  
If you have a friend suffering with eczema or some such itching, burning eruption, what greater kindness could you do him than to say: "Why don't you try Resinol Ointment? I know you have experimented with a dozen treatments, but I believe Resinol is different. In the first place, doctors have prescribed it for years. And then, Resinol does not claim to be a 'cure-all'—simply a soothing, healing dressing, free from all harsh drugs, that USUALLY proves successful in just such cases as yours." Resinol Ointment is sold by all druggists. For free sample, write to Dept. 53-R, Resinol, Baltimore, Md.—Advertisement.

**Opponents of Chancellor Are Sending Out Circulars Demanding His Retirement**  
Berlin, Oct. 3, via London, Oct. 4.—

**SWIFT EMPLOYEES GET RAISE**  
Employees of Swift & Company in this city are included in the increase in wages announced at Chicago yesterday. An increase of 2½ cents an hour and a ten-hour day for all employes was granted by Swift & Company, Wilson & Company, Armour & Company, Morris & Company and Libby, McNeil & Libby. The increase will affect 63,000 employes and amount to \$4,000,000 annually. **GLOBE RIGHT POSTURE TEAMS**  
Under the efficient coaching of "Ike" McCord the Globe Right Posture basketball teams are rounding into shape for the coming season. The First team and Juniors expect a hard schedule. Games are now being arranged. Last season these teams were quite prominent.

**SAYS HOT WATER EACH DAY KEEPS THE DOCTOR AWAY**  
Drink glass of hot water before breakfast to wash out the poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, soluble and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. When you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs. The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism, disorders who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make any one a pronounced crank on the subject of internal sanitation.—Advertisement.
