

The Big Friendly Store

Owing to holiday observance THE GLOBE will be closed on Saturday until 5.30 P. M. We will appreciate it if you will shop to-morrow—and besides you'll escape the Saturday evening crowd.

Climb Onto Prosperity's Band Wagon—

DRESS UP In a Globe Suit

Prosperity has come for a long stay—wheels are turning and mills are humming and grinding out orders—and yet orders are coming in faster than industrial plants can fill them. So "man alive" get in line and Dress Up.

Don't delay the selection of that Fall Suit any longer—"Dress Up." In a GLOBE Suit you'll be "Dressed Up" and you'll keep "Dressed Up" for every GLOBE Suit retains its original style and shapeliness.

Here for Suits styled with youthful vigor for vigorous men—youthful suits for conservative men—exclusive styling built right into the garments in strong handsome fabrics, skillfully hand-tailored.

\$15 to \$35

Every Young Fellow Wants a Top Coat—Every Man Needs One

From form-fitting belted-back to the loose, boxy conservative Coat is a long step here—about 20 different models intervening—prices are right and values are great—\$15 to \$25.

Everything Here For the School Boy

If you want your lad to show you 100 per cent. for neatness on his report card, buy his outfit here.

"Doppel-Hedder" 2 Pants Suits at \$5

They'll stand the rubbing on the desk and the "roughing" in the school yard. The greatest Boys' Suit ever made at \$5.00.

Right-Posture Suits with Vest, at \$10

A new season mannish style, especially designed for the large boy who still wears "knickers." Other Right-Posture Suits, at \$6.50 to \$15.

The Sweater Season Is On—

There's a chill in the air—it's sweater time. Here for Rope Weaves, Shaker Knits and Cardigan Weaves, a every color, also the Scotch mixture, a new color creation.

\$2.50 to \$12.00

Wear Stuttgart Underwear

Stuttgart—a name that stands for the best in Underwear—of medium weight worsteds, non-shrinkable—non-irritating—feels like silk.

Separate garments, \$1.00 to \$2.50 Union Suits \$2.50 to \$3.50

Every Man's Hat Here

We top you off right—our stocks represent the world's best makers. We've a Hat here for you.

THE GLOBE

ORRINE FOR DRINKING MEN

We are in earnest when we ask you to give Orrine a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from Orrine. This offer gives the wives and mothers of those who drink to excess an opportunity to try the Orrine treatment. It is a very simple treatment, can be given in the home secretly, without publicity, or loss of time from business.

MIDDLETOWN

Funeral of Auto Victim Held at Jednota Today

Funeral services for Joseph Husek, who was killed by an automobile Tuesday afternoon, were held from his parents' home, at Jednota, this morning.

FRESHEN UP! GIVE YOURSELF A REAL CHEW

The Juicy Sweetness of "American Navy" Puts More Snap Into a Man

BIG VALUE—RICH CHEWING

A sweet, mellow chew of good tobacco is wonderfully refreshing. But the tobacco must be in plug form to give you the utmost of wholesome, healthful enjoyment. The rich, natural juices pressed into a golden-brown plug taste so deliciously good that it puts new snap into you. American Navy plug is the distinctive chew. It gives you the same type of leaf as the best "scrap," but it gives you whole leaf instead of "cuttings," and it's hard-pressed instead of loose-packed. That means more sweet, mellow flavor and more genuine tobacco satisfaction. The leaf for American Navy is more carefully selected and the plugs are more carefully made than is the case with many higher-priced tobaccos. You actually get more than your money's worth of chewing enjoyment in American Navy. You'll know this for yourself soon as you get started chewing American Navy, because its rare distinctive flavor gets right next to your tongue the very first chew—and stays there. Try a big cut of American Navy and you'll wonder how you ever got along without it. In 5c and 10c cuts.

ARRREST HARRISBURG GIRL UNDER MANN ACT AT BALTIMORE

Baltimore, Oct. 5.—United States secret service men, Pennsylvania police and Baltimore detectives arrested Miss Amber Robinson, Harrisburg, and Charles P. Davis, of Richmond, Va., in Baltimore, yesterday, on serious charges. Davis is charged with violating the Mann act. Miss Robinson said that she went to Baltimore at Robinson's request.

Popular Tender of Harrisburg Toll Bridge Cheerier Than Ever These Days

Tells Everybody How Tanlac Fixed Him Up. Everybody that crosses the Harrisburg toll bridge gets an extra cheer hall nowadays from W. R. Smith, the popular custodian of the toll bridge. "I'm in fine fettle and he doesn't hesitate to tell you that Tanlac is the cause of his good spirits. He says: 'I was in pretty bad shape even though I didn't let on to everybody I met. I always try to have a good word for all who pass over my bridge but I was beginning to feel so bad that it was sometimes an effort to reply cheerily. I was all run down, maybe because I smoke too much maybe not, but at any rate I was getting so that I didn't have an appetite. Things just didn't taste right. I couldn't get a good night's rest and I had a lot more headache than a man ought to have. Yes, sir, I felt right mean.' 'Then one day I read in the papers about Tanlac and the help it had been to so many people and let me tell you, neighbor, I got a bottle that very same night and started on it. 'Neighbor, if you ever feel run down and out of sorts take it from me, take Tanlac for it's the greatest medicine ever made. It fixed me up in no time so that I felt better than I have felt for many a year. My appetite came back, my meals took on a new flavor and I soon got so I could sleep the sleep of the just. Yes, neighbor, I feel fine and Tanlac did it.' Tanlac, the famous reconstructive tonic and stomachic invigorant is now being specially introduced here at Gorgas Drug Store, 16 N. Third St., where the Tanlac man is always ready to explain the merits of this Master medicine to anyone interested. Tanlac is sold also at the Gorgas Drug Store in the P. R. R. Station.

"THANK YOU NEIGHBOR I'M FEELING FINE"

Services were also held at the chapel of Jednota home. The Rev. Father Howard, of Middletown, officiated and burial was made in the Jednota cemetery. W. S. Fickes, of Newport, driver of the car which killed the boy, will be given a hearing before Squire Frank A. Stees, Steelton, this evening. An inquest will be held by Coroner Jacob Eckinger at the funeral establishment of H. Witt's Sons, Steelton, this evening.

NEWS OF STEELTON

PROVING GROUNDS WORLD'S LARGEST

Bethlehem Steel Company Buys Huge Tract Near Mays Landing, New Jersey

May's Landing, N. J., Oct. 5.—The greatest gun proving plant in the world is to be established here by the Bethlehem Steel Company primarily for the use of the United States Government, greater than the famous Ordnance proving grounds of the Krupp works in Germany. The development of this vast Ordnance proving grounds follows the purchase by the company of a tract of land near three to eight miles long and from three to sixteen miles broad along the Great Egg Harbor River. May's Landing, as headquarters. The purchase is the largest land deal ever recorded here. More than 1,000 deeds were secured. In addition to the proving grounds an extension of the company's plant is contemplated on the site.

Jersey Sells Forest Reserve It was at a hearing this morning in Trenton before the State Board of Conservation and Development that the news of the big project reached residents here, who had been puzzled by the real estate activities in this section. William E. Massey, of Ocean City, who made the purchases for the corporation, handed the board a written statement regarding the company's intentions. This was in connection with the purchase from the State of a 200-acre tract held as a forest reserve. When the board had been enlightened regarding the big project a decision to sell was promptly made, the price being \$8,000.

While the plans of the company include no proofing of warships, it was authoritatively stated that an extension of the big factory on the tract is contemplated. Several hundred acres have been purchased for this purpose apart from the ground required for proving purposes. Nearly a million dollars have been spent in acquiring the land and another half million will have to be expended before proving can be begun. The tract is as level as a floor. It is bounded on two sides by the Great Egg and Tuckahoe Rivers, while a fine State boulevard extends along a third side and the electric railroad on the other. The grounds, 20,000 acres in extent, runs from Mays Landing to Tuckahoe. A railroad will be built between these two points.

To Employ Hundreds of Workmen Hundreds of workmen will be employed, as this will be the main proofing ground for the company's various plants. The bulk of the testing of ammunition and armor plate for the United States government will be done here. Representatives from the army and navy use Bethlehem Steel products, will be stationed permanently at this place, which was selected as headquarters largely because of its frequent train service and nearness to Atlantic City, where distinguished visitors of the company can be entertained.

Residents of this place, who foresee a great military development, were much stirred when the tidings were flashed here from Trenton by citizens who went to the hearing. While there is some fear of disturbance by the big guns, company officials that any danger of this will be overcome as much as possible, have allayed apprehensions in many quarters. A considerable distance from the town and containing walls will deflect the sound down the untenanted reaches of the river. The great military development, which will be located a considerable distance from the town and containing walls will deflect the sound down the untenanted reaches of the river.

A Range Fourteen Miles Long The length of the range itself will be fourteen miles and the guns will be located at intervals of about one mile from one end to the other, even without the clearing off that is to be started immediately. A heavy iron fence is extended to the ends of each tract and creeks leading through it closed.

The situation of the proving ground makes it possible in the winter months to have firing which would attack the Jersey coast between New York and Philadelphia, the government could establish thereon a military base. With a little dredging, the inlet of the large bay could be made navigable for warships, and the coast waters, connecting with New York and the Delaware, will float submarines and other vessels. Plans have been formulated that a ship canal connecting with League Island was one of the projects being considered.

Typoid Is Increasing; Sixteen Cases Reported

Sixteen cases of typhoid fever have been reported in the borough until today according to Health Officer Eber Butler, and the authorities are giving much thought to prevention of a further spread of the disease. Health Officer Butler and Secretary Edward Lewis are both of the opinion that raw cold water is one of the causes of the epidemic. Charles Detweiler, of the firm of Detweiler Bros., takes exception to the theory of the authorities. In paid advertisements today the firm declares that their bottled water has been distributed for four weeks and that only filtered water is used in manufacturing ice.

STEELTON PERSONALS

Mrs. Emma Morrison has returned to her home in Palmyra after visiting relatives here for two weeks.

HIGHSPIRE

HIGHSPIRE PERSONALS Prof. and Mrs. E. Lehman, of Lebanon Valley College, spent Saturday and Sunday in town with their son, K. Lehman. Jos. O. S. Poorman, his sister, Mrs. John K. Gore, and Mrs. M. J. McKeen, of Royaton, motored to Annapolis on Sunday afternoon where they visited the former's son, Tyrell Poorman, a student at Lebanon Valley college. The Missionary Society of the United Brethren church met at the home of Mrs. P. H. Moser, Market street, Tuesday evening.

RALLY DAY SUNDAY Rally Day exercises will be held in the United Brethren Sunday school Sunday, at 9.30 o'clock. The Rev. O. F. Rhoad has been returned by the East Pennsylvania conference, to serve the United Brethren Church for another year.

IRON PRICES GO ONE STEP HIGHER

Advance Over Last Week's Record; August Exports Break Records

Heavy buying of pig iron accompanied by price advances on top of those of last week is the outstanding feature of the iron market, says the Iron Age in its review to-day. It comes while evidence is accumulating of the trend of finished steel to still higher prices. Export demand is partly responsible in iron as it has been in steady but with high levels regarded as certain for months to come, domestic purchases, one after another, are, after repeated postponements, being brought forward. In the face of a shortage of labor for the increased business, the mills have difficulty in adding to production and shortening deliveries, yet buyers could use more material; the result is a growing price strength.

The August exports of iron and steel broke the record. They totaled 598,192 tons, against the high total of 540,000 tons in May. The figures bear out the contention that the smaller amounts for June and July did not mean that the high point of the export movement had been passed, and indeed the showing of the steel works' order books at the time was otherwise. The inquiries for 35,000 tons of rails for France and for 22,000 tons for a road in Western Canada are not yet satisfied, and not much has been placed against the 30,000 tons for a number of American railroads acceptable for 1918 delivery.

Steelton Snapshots

McCullough Is Held. — Samuel F. McCullough, colored, who attempted to rob the store of N. S. Fencil a few days ago and who was stabbed in the back by company, was given a hearing before Squire Frank A. Stees last evening and held without bail for court. McCullough will face a charge of attempted burglary and carrying concealed deadly weapons.

Million a Day Wagered in Chicago Betting Ring

Chicago, Ill., Oct. 5.—Government officers were authority for the statement yesterday that more than \$1,000,000 changed hands daily in the operations of the betting ring recently exposed by Federal Judge Landis.

Charles F. Clynne, district attorney, and James E. Stuart, postal inspector, conferred in an effort to determine whether postal laws have been violated.

Surprisingly Good Cough Syrup Made at Home

Costs Very Little and Easily Made, but is Remarkably Effective.

You'll never really know what a fine cough syrup you can make until you prepare this famous home-made remedy. You not only save \$2 as compared with the ready-made kind, but you will also have a more effective and dependable remedy in every way. It overcomes the usual coughs, throat or chest colds in 24 hours—relieves even whooping cough quickly. Get 2 1/2 ounces of Pinex (50 cents worth) from any good drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Here you have a full and complete supply of the most effective cough syrup that money can buy—at a cost of only 54 cents or less. It never spoils. The prompt and positive results given by this pleasant tasting cough syrup have caused it to be used in more homes than any other remedy. It quickly loosens a dry, hoarse or tight cough, heals the inflamed membrane that line the throat and bronchial tubes, and relief comes almost immediately. Splendid for throat tickle, hoarseness, bronchitis and bronchial asthma. Pinex is a highly concentrated compound of genuine Norway pine extract, combined with guaiaicol and has been used for generations for throat and chest ailments. Avoid disappointment by asking your druggist for 2 1/2 ounces of Pinex with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

MERCHANT'S WIFE ADVISES HARRISBURG WOMEN

"I had stomach trouble so bad I could eat nothing but toast, fruit and hot water. Everything else scoured and formed gas. Dieting did no good. I was miserable until I tried buckthorn bark, glycerine, etc., as mixed in Adler-I-ka. ONE SPOONFUL benefited me INSTANTLY." Because Adler-I-ka empties BOTH large and small intestine it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EASE action of anything we ever sold. H. C. Kennedy, druggist, 321 Market street.

Keep Food Properly

The use of ice in winter gives you more wholesome food, less loss from spoiling and less danger of poisoning. It is a well-known fact that a varying temperature is most harmful to foodstuffs of all kinds. The temperature of your refrigerator is 40 degrees. An average temperature of 40 degrees is far better than a freezing temperature one day and sixty to seventy degrees the next. Food placed out of doors is apt to attract germs which may cause serious illness. A piece of ice will last a long time in cool weather. United Ice & Coal Co., Forster & Cowden Sts.

NUXATED IRON

Increases strength of delicate, nervous system. 100% FORFEIT. Druggist about it. C. Gorgas always carry it in stock.
