Said One of the Speakers at the Schwab Dinner---

I After commenting upon Harrisburg's wonderful achievements in the past 15 years — its filtration plant—sewage system—Paxton Creek improvement -parks-paved streets-one speaker at the Schwab Dinner said:

I "But its hotel facilities have been a scar on our fair City."

I And now it is proposed to remove this scar with a 12-story-300 room-million dollar hotel.

I More than \$500,000 of Harrisburg money has been subscribed by loyal citizens toward this new project.

I The directors want YOUR co-operation, too.

One class of stock that all may share alike — par value \$50 per share to bring it with-in everyone's reach — payments to be made quarterly, distrib-uted over a period of fifteen months beginning January 1st, next, to remove all financial burden.

Harrisburg's leading financial and businessmen who subscrib-ed first \$500,000 believe it will be a good investment. In addi-tion to revenues from hotel proper, it is estimated that first floor store rentals and privileges will yield \$20,000 a year.

called for by the new law requiring

I Help remove the scar from YOUR fair City-subscribe to the extent of your ability-whether it be \$2,500, \$1,000, \$500, \$250, \$100 or but one share at \$50-but-

USE OF COTTON FIBER INCREASES

More Used First Six Months of Year in Munitions Manufacture Than in 1915

Washington .--- Use of cotton fiber in the manufacture of explosives made a striking increase during the first half of this year. Considerably more was 725 bales duri used up to June 30 than during all of June 30, 1916.

Bank Receivership Report Shows That New Plan Works to Advantage of Depositors

STATE SAVES MANY

DOLLARS IN WEST

Many thousands of dollars have been saved for depositors in a Pitts-burgh bank which was closed and its affairs administered by the State Banking and Attorney General's de-partments, the receivership report just filed having shown a condition which is unique. As a result deposit-ors in the Pittsburgh Bank for Sav-ngs, closed December 22, 1915, by the State Banking Department, will share in the distribution of 31, 181, 855, 73, the inventoried valuation of the pres-ent assets of the institution, accord-ing the distribution of 31, 181, 855, 73, the inventoried valuation of the pres-ent assets of the institution, accord-ing to the first and partial account of G. H. Getty, permanent receiver, filed by Deputy Attorney General Horace S. Davis, acting for Mr. Getty. This will be the second dividend, the first having been \$5,238,868,01, or 50 per cent. During the period the institution has been in the hands of the deputy attorney general and the receiver, the earnings have amounted to \$122,-200,88, after all the expenses have been paid. In addition to this the report shows that there was realized from assets, thought worthless, \$109,-308,44. These were not included in the original inventory made of the assets. The receiver's account shows a gain in conversion from inventory to date, \$82,175. The Fittsburgh Bank for Savings re-ceivership has established a record in keeping down expenses in liquidating the affairs of the bank. To date the depositors have receiver's fies and incidentals, was \$20,750,36. Under the old system of receiver-ships, it would have been a year or two before the depositors received any of their funds. The receivership ex-penses would have totaled at least allowed but \$10 a day for his services, while Deputy Attorney General Davis does not receive any fee aside from his salary paid him by the State. **Christian Science Healer,** Banking and Attorney General's de-partments, the receivership report

Christian Science Healer, W. V. Cole, Wins New Trial

Albany, Oct. 5. — Willis Vernon Cole, the New York city Christian Science practitioner who for four years has been fighting his conviction of the illegal practice of medicine, was granted a new trial by the Court of Appeals. The decision is regard-ed as a substantial victory for the Christian Scientists. The court in substance decided that while the practice of Christian Science in the treatment of bodily ills would have come under the definition of the practice of medical license law to the effect that its pro-visions should not prevent "the prac-tice of the religious tenets of any church" was broad enough to include the methods used by the followers of Christian Science and therefore ex-empted them from the requirement of passing medical examinations and be-ing admitted to practice as physicians. 1915, the Census Bureau announced today in its first report giving statistics

quarterly reports of raw and prepared cotton and linters, cotton waste and

The Wave of Prosperity

is the golden opportunity for the NONE-PROPERTY HOLDER to get in the game of systematically saving.

Saving and Investing

are two different things and very often people have saved and invested and found themselves just as poor as they were before they started to save.

There are now 154 Lots in East Harrisburg Addition.

The Investors have made 5% on their investment and are going to make 5% more before the year is over.

East Harrisburg addition, located against the CITY LIMITS on Twenty-ninth street, and the beautiful HARRISBURG PARK DRIVEWAY has been put on the market a short time ago. The ground was sold at very reasonable prices. After the sale all prices were raised 5 per cent. and the ground sold just as rapidly.

Get in before the advance of price.

Start your savings account now and invest in a plot in East Harrisburg Addition at your own terms without interest or taxes.

Your summer expenses, your vacation expenses, your park and picnic expenses are cut out now. You are earning the same money if not more. Keep on spending the money but in a good safe and profitable investment in East Harrisburg addition.

Our automobile at your disposal. Call 3688J Bell for prices and particulars. No obligations.
