ON THE BORDER FOR YOM KIPPUR

Troops A-Field to Observe Jewish Fast Day; Stores Will Be Closed

Sunset to-morrow on the Rio Grande will be impressively solemn for some hundreds of Pennsylvania's soldiers of the Jewish faith.

The observance of Yom Kippur in synagogues and temples, olive drab soldiers of the faith in Uncle Sam's army a-field, will simultaneously raise their voices in the prayers of the Day of Atonement.

Nor will the congregations in the local synagogues only remember the soldiers on the Mexican frontier in their prayers, but the thousands of European and the hundreds of thousands of co-religionists who have fallen—and are falling—in the World War, will be mentioned in the petition that will rise from millions of Jewish hearts throughout the universe.

The Prayer of Memory In every synagogue in the land the rabbis will offer this simple little prayer of memory:

We call to mind in this sacred hour of memory the countless numbers of men who sacrificed their lives on the battlefield, both at home and abroad. Let peace be their eternal portion.

Through the efforts of the central conference of American rabbis and the co-operation of Rabbi Isaac Landman, special Yom Kippur services will be observed on the border. An "army ritual" was specially prepared for the troops a-field. It is printed on Bible paper, three-quarters of an inch thick and bound in khaki. It is about the size of a business envelope and can easily be carried in a knapsack. Some 2500 were distributed.

At Ohev Shalom Plans for the observance of Yom Kippur have been completed for the local synagogues and temples. In discussing the meaning of Yom Kippur, Rabbi Louis J. Haas, of Ohev Shalom, gave this little explanation of the great fast day in the Jewish calendar, as prepared by the Central conference of American Rabbis:

"The Day of Atonement falls on the tenth day of the month of Tishri corresponding to October 7 of the current calendar. A special service the evening before ushers in the solemn occasion, which service is known as the 'Kol Nidre,' so called from the introductory words of the opening prayer. This introductory prayer is noteworthy among other things for the profoundly beautiful melody to which it is traditionally chanted. The Day of Atonement itself is the great White Fast, the culmination of the ten penitential days inaugurated by the Jewish New Year.

Services will begin to-morrow evening at 7 o'clock.

I am sure that any American woman who has wrinkles, enlarged pores or loose, flabby skin can easily and quickly overcome these defects and make herself look from 10 to 20 years younger by the aid of this simple yet delightful beauty cream.

THIS STOPS HAIR FROM FALLING OUT

Ever try to count the dead fallen hairs in your comb and brush? They are nature's advance warning of future baldness and proof that the dangerous little dandruff germ is busy on your scalp.

Dr. Sangerbund, the famous Paris specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parisian Sage (liquid form) in destroying the dandruff further loss of hair. The effect of only three days' use of Parisian Sage is simply marvellous and the American people have now awakened to the fact that dandruff is just as unnecessary as it is unhealthy, and that they can be quickly rid of it and save their hair by using a few ounces of Parisian Sage.

Parisian Sage is sold for not more than 50 cents a large bottle at drug and toilet counters everywhere. It is an ideal, odorless liquid, free from grease and stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant.

H. C. Kennedy always has a large supply, and guarantees it to you.

Backward (?) Children

According to school authorities, 90 per cent. of all so-called "backward" children are not backward at all, but are handicapped by defective eyesight. Eyestrain is the most common eye disorder among school children. Don't let this handicap hold YOUR child back in class; chances are, rest-glasses worn for a short time will correct the fault. If the child doesn't need glasses, we'll tell you so.
