Introducing--

"The Conqueror"

--a better watch

For months, one of the best watchmakers in the country has been co-operating with us in the design and production of a distinctly Tausig watch.

"The Conqueror" is the result of those months of effort.

We are proud to acknowledge it as "our" watch--proud to send it out of the store with our name stamped indelibly on its dial--proud to add our own guarantee of absolute satisfaction to that of the maker.

And you may be proud to wear it.

- Guaranteed 20-year gold-filled cases.
-white enamel, gilt or silver dial.
-12 and 16 sizes.
-11, 15 and 17-jewel movements.

MEN IN EVERY WALK FOR GREATER CITY

presented. Here are a few extracts from some of the letters:
O. F. Schmid.—(President O. F. Schmid Chemical Co.) Am glad to see that Harrisburg is waking up to the extent of a greater Harrisburg. I know of no city having better advantages. Enter two memberships, J. A. Kilpatrick, our local manager, O. F. Schmid, our president. Anything I can do for Harrisburg, call upon O. F. Schmid.

Frank B. Wickersham.—(Wickersham & Metzger.) I am in sympathy with all the Chamber of Commerce is doing and both myself and my partner will be pleased to co-operate with you in any way that will be possible. If you will kindly indicate how this can be done I will very greatly appreciate it.

Roland C. Wallower.—(Williams & Wallower.) I have a good word for Harrisburg wherever I go, and am heartily in favor of doing anything possible to enhance Harrisburg's development and reputation.

Robinson Co.—(Robinson Co.) We have been in sympathy with the ideals of that organization, realizing as we do that a broad-minded and unselfish co-operation along general lines of public improvement and in the interest of the benefit of the community and eventually the individual.

Simon Michlovitz.—(Michlovitz & Co.) I take this opportunity to voice my hearty approval of the earnest efforts put forth by the officers and the members of the Chamber of Commerce for the advancement of the interests and the promotion of the welfare of the citizens of Harrisburg and the community at large.

H. McGowan, M. D.—(Received your communication. Approve, and will encourage with you in every regular business basis. Am satisfied. Physicians are capable and willing to render assistance to better activities.)

W. T. Hillman.—(Harrisburg Pipe & Pipe Bending Co.) It will afford us pleasure to co-operate with the efforts of the Chamber of Commerce. In the plan you have presented for an increase of membership and increased usefulness in the community.

Wilbur B. Goodyear.—(Goodyear's Pharmacy.) I hereby pledge myself to co-operate with you in every way asked of me and to seriously consider your plans if presented to me.

G. G. Glace.—(Anything we can do to help forward this movement will be done for the asking.)

Farley Gannett.—(Harrisburg Water Laboratories.) We are ready to join the Chamber and to help interest members of our profession in going to do what I can to assist him in his work among engineers.

B. B. Drum.—(Am willing to cooperate to fullest extent of my ability to make the Harrisburg Chamber of Commerce, all that you desire it to be.)

W. E. Bachman.—(Central Mfg. Co.) Judging from your letter I believe you are on the right track, and that you'll make a good engineer. Assemble a good engine (Board of Trade) and we'll have a Harrisburg that will feel as proud of as the "Klipona," good luck and God speed. If you have anything that I can do, call again.

J. H. Bell.—(Bell Realty Co.) I most heartily endorse the undertaking of your Chamber of Commerce and I shall be glad to become a member at once.

Albert L. Allen.—(State Workmen's Insurance Fund.) I can assure myself as heartily in favor of the extension of the Chamber of Commerce activities in connection with the establishment of a bigger, better and buster body.

M. L. Bowman.—(Elliott-Fisher Co.) The writer will be very glad to assist in any manner possible and would appreciate the opportunity of connecting himself with the organization.

Homer Black.—(Y. M. C. A.) I am in hearty accord with the Chamber of Commerce in every way asked to further the interest, for by so doing I shall be helping Harrisburg.

Richard C. Bailey.—(At present I have to admit that I know very little regarding the work and scope of the Chamber of Commerce but my hope is to be enlightened.)

John Q. Adams.—(I am sorry that I have not the language to express myself in the effort put forth by the Board of Commerce. I think it is one of the best efforts put forth for a long time.)

W. H. Brown.—(Brown & Co.) I am very favorably impressed with new plans for a better Chamber of Commerce and expect to help it along wherever and whenever I can.

H. D. Buckwalter.—(State Dept. Public Service Commission.) If my interest in the welfare of the city or any engineering knowledge which I may have can be of any service to the Chamber of Commerce, I would certainly like to affiliate myself therewith.

C. Frank Class.—(I have to-day presented in an application for membership in the Chamber. I trust that the new activities of the Chamber of Commerce will be such as to establish interest and sympathy among the businessmen of this community.)

L. H. Dennis.—(Dept. of Public Instruction.) I am heartily in sympathy with the work done by your Chamber of Commerce and in anything I can do to assist you in carrying out any of your plans I shall be glad to hear from you.

H. D. Delmotte.—(U. S. Mattress Co.) I have hesitated in becoming affiliated in the Chamber of Commerce for some time. Of late their activities have been so forcefully brought to our attention, and with the idea in view of furthering the interests of Harrisburg, we have become members of the Chamber of Commerce.

Howard G. Dibble.—(Principal of Central High School.) Please do not hesitate to call upon me for co-operation in furthering the ends of municipal progress.

W. H. Gardner.—(I not only approve of your idea but would like to co-operate with you in any way possible to make this Chamber of Commerce second to none in the country in financial resources and in efficiency.)

E. H. Gottschall.—(Mgr. P. R. R. Test Room.) I will be glad to be of any service to my city, through the Chamber of Commerce, of which I may be found capable.

F. F. Holsopple, Supt.—(I am willing to do whatever I can to promote the welfare of our city.)

W. W. Havlicek.—(President Pennsylvania Underwriters Co.) To my mind the Chamber of Commerce is the only organization that can build up this city in a harmonious way.

H. G. Reuter.—(Druggist.) I am very favorably impressed and will join at the first opportunity offered me.

H. J. Schmidt.—(Field Secretary State Y. M. C. A.) I am with you count on me to help as much as any traveling man.

LEADS WARDENS A MERRY CHASE

Poacher Hides in Woods, Crawls Through Drain and Takes to River

State Game Commission officers, directed by secretary Joseph Kalibus, last night landed in jail Thomas Heiser, of Highspire, charged with killing squirrels out of season and against whom detainers have been lodged, after about as strenuous chase as has been known. Heiser hid in woods, crawled through a drain, rowed about the river and set himself on an island before he was caught.

In talking about the chase Dr. Kalibus said to-day:

"Sometime ago this office was informed that Joseph Heiser, living in Highspire, with a camp along the river on the York county side, was killing game out of season. We knew Heiser was a gunman, and considered bad. We were told that two or three or more warrants had been issued for this man, for larceny and for robbery and for other things, and decided that in our attempt to arrest this fellow we would go on the safe side. I sent two men down one day to investigate. These men failed to find the camp, being deceived by residents in the neighborhood. On a day or so following, we sent two more men and finally located the camp in a rocky nook close to the shore and pretty thoroughly hidden. Heiser was known to beat up. Two or three refused to come ashore. As our people had no means of following him, they came home.

"The next day I took, personally, force from this city and ordered one from York. They were all on the York side; two men from the office were on the Dauphin county side, and we again made search for the man. On the day of finding the camp we succeeded in securing this fellow's revolver and shotgun, and so felt that he was at least cut off from some of his ordnance.

"On the next day we beat the brush, and were told all kinds of deceptive stories. I finally returned to Harrisburg and attempted to secure a motorboat to search the islands, but failed in this. Two or three shots were fired by my men across the track of Heiser, to give him to understand that we meant business and that he would either surrender or meet with trouble.

"Heiser was brought to Harrisburg, placed in jail last night, and is now in York. We understand there are a number of warrants out for Heiser for various offenses. Heiser, we understand, is a native of Snyder county. He has lived in Perry county for some time, and then lived around Station in the neighborhood of six years.

"The camp in which this man was found was about as filthy and disreputable as any camp I ever saw, and to my mind the people occupying it should be looked after by the Board of Health.

last year when the 400,000 mark was reached and the preliminary order for immediate delivery which Secretary Yates was directed to send in last night calls for that many stamps.

The Philadelphia headquarters was asked, however, to hold another 100,000 in reserve.

Greater effort will be concentrated on the small towns round about Harrisburg this fall and impetus to the end of the campaign was given last evening by the election to the general committee of enthusiastic workers from nearby communities Hershey, which has won two banners for record sales in Pennsylvania.

Half a dozen members of last year's committee were compelled because of other interests, to drop active work on the committee for the 1916 crusade but the scope of the work was enlarged by the addition of these new members.
