250 Separate Issues Change Hands, Making New Record; Rails Under Pressure

New York, Oct. 6.—The market's remarkable breadth may be judged from the fact that over 250 separate and distinct issues changed hands in the first half hour, establishing a record for many years.

Among other notably strong features of the forenoon were hide and leather pfd., Sloss-Sheffield Steel, the Chemical and Fertilizer shades and a large assortment of unclassified stocks. For a brief time, rails gave promise of asserting their recent prominence and strength, but the movement in that quarter underwent speedy reversal. United States Steel also denoted renewed pressure. Further irregularity prevailed at noon. Bonds were strong.
