

A Missouri Lady Tells What S. S. S. Did For Her Catarrh

Mrs. Henry Wayne, R. F. D. No. 1, Wentzville, Mo., is now entirely cured of Catarrh through the use of S. S. S. On April 9th, 1916, she wrote:

"I am glad to say I have never needed to take any more medicine, as I have never had any return of the Catarrh. Thanks to S. S. S. I highly recommend it."

Mrs. Wayne was a sufferer from Catarrh until she began taking S. S. S. and was not only cured of Catarrh, but her blood was so strengthened and her system so built up that she has not had to take medicine of any kind since.

If you suffer from Catarrh or other blood disorder you would do well to consider this lady's case before adopting any other treatment. S. S. S. will do for you what it did for her. This is the most treacherous season of the year with sudden and frequent changes in the weather bringing on epidemics of Grippe, Colds and Catarrh. Unless the system is well cared for and the blood kept pure, serious results may come. The mucous membranes in the nose and throat, discharging and showing surface signs of Catarrh are warnings all are familiar with and should promptly heed. "Safety first"—Take S. S. S. now and quickly feel the improvement in your condition.

Bear in mind that S. S. S. has been the National Blood purifier for fifty years, and there are many imitators, so be sure when you ask a druggist for S. S. S. that you get S. S. S. When a dealer tries to shift something "just as good" on you he is after more profit and not considering your welfare. S. S. S. is guaranteed purely vegetable and no other medicine will get the same results. Write for special booklet on Catarrh—it's free. Our Medical Staff—a department maintained for users of S. S. S.—will gladly advise you about proper treatment of any blood disease. Write them for advice. No charge. Address Swift Specific Co., Dept. 4, Swift Bldg., Atlanta, Ga.

FAMILIES OF ALL SOLDIERS AIDED

Regulars, Militia and Platt-burgers Come Under New Army Act

Washington, Oct. 11.—Twenty thousand civilians who attended military training camps this year will receive a refund of the amount paid for transportation and subsistence while at camp by making application to the auditor of the War Department. This was announced by Secretary Baker. Under the army appropriation act approved August 29 dependent families of all militiamen and regulars of the United States army are to receive financial aid. The amount to be paid in each case will not exceed \$50 a month and is computed on the amount which the soldier was contributing to the support of his family when he entered the service. Only the wife, children and dependent mother of the soldiers are considered their families. The families of all enlisted men who were members of the militia or National Guard at the time of the calls of the President of May 9 and June 18 are entitled to the benefits of the act. The families of soldiers enlisting in the regular army after June 18 also are entitled to the benefits of the act. Application must be made to the depot quartermaster at Washington.
