CHISUK EMMUNA PLACES "STONE"

Oldest Jewish Congregation Attends Impressive Services at New Home

Chisuk Emmuna congregation yesterday afternoon laid the cornerstone of the new synagogue at Sixth and Forster streets, and practically the entire congregation, together with a host of friends from other Jewish houses of worship, attended the exercises.

The program preliminary to the actual cornerstone celebration was observed at the old synagogue on Filbert street near North alley. The church is one of the oldest in the city and the afternoon exercises that began at 2:30 o'clock were largely in the nature of a "good-by." Because of illness, Rabbi W. Margolies, New York, was unable to attend, and the services were conducted by Joseph Claster, chairman of the building committee. Mr. Claster, by the way, filled a similar position when the old edifice was dedicated about nine years ago.

An interesting feature of this service was the reading of the synagogue minutes relative to the dedication of the old church. Contributions for the new building fund were made before the close of the session and more than \$2,600 was raised. Then the congregation marched to the new synagogue at Sixth and Forster streets when Rabbi Louis J. Haas, of Ohev Shalom, officiated at the laying of the new stone.

In the cornerstone was placed a copper box which contained copies of the synagogue's by-laws and constitution and roster of the congregation. Appropriate addresses were made by Messrs. Harold Claster and Harry Michlovitz, aged 11 and 13, respectively.

The new cornerstone for Chisuk Emmuna was donated by Simon Michlovitz, a local iron and steel merchant. Mr. Michlovitz provided the cornerstone of the old synagogue on Filbert street.

CRUSHED BETWEEN TWO STREET CARS

Series of Accidents Result in Injuries to Number of People

Trapped between two street cars at Third and Market streets on Saturday night, Solomon Schroll, aged 63, employed on farms near the city, was run down by one of the cars, sustaining a badly crushed right leg, which had to be amputated at the Harrisburg Hospital.

To avoid being struck by an automobile yesterday afternoon at Sixth and Herr streets, Vanderbilt Hill, 192 Liberty street, leaped from the rear seat of the motorcycle on which he was riding, landed directly in front of the auto and sustained injuries to the right leg, right arm and body.

Two autos crashed at Front and Herr streets yesterday afternoon, slightly damaging both machines, but to one was injured, and the auto did not stop for repairs.

An auto owned by the Adjutant General's department and driven by Ralph Davies, who was taking two employees of the State Arsenal to their homes, collided with a street car at Thirteenth and Market streets. Both the auto and car were badly damaged, but no one was hurt.

Daniel C. Best, aged 62, Tanner and Cranberry streets, was struck by an auto early this morning at Fifth and Strawberry streets. Later the driver, W. W. Leck, 366 Pine street, Steelton, reported the accident to the police. Best was painfully injured, but will recover.

COULDN'T GET OUT OF PRISON

Steelton Store Clerk Tried to Obtain Release on Habeas Corpus Writ

Efforts of Guro Chukovich, a Steelton store clerk charged with arson to obtain his release from jail on a writ of habeas corpus failed to occur when the Dauphin county court refused to let Guro go unless he produced \$1500 bail. Guro was indicted with Damja Rakas, owner of the store. The district attorney's office charged that Guro had conspired with his employer to set fire to the building. Guro, according to Assistant District Attorney Wickham, not only interfered with the firemen while they fought the blaze but sneeringly told them "to let the damn thing burn as it's fully covered by insurance."

Mr. Wickham added that the store was worth \$1500, contained \$300 worth of stock—and had been insured for \$5,000.

Work of Grading For Speedway Nears Finish

E. H. Balr, president of the Keystone State Fair and Industrial Exposition, accompanied by other officers and the grading contractors, inspected the work being done in the way of grading the two-mile speedway and reports that within the next three weeks the grading of the roadbed for the track will be completed and be ready for the concrete work and timbering.

It will be necessary to allow this grading to thoroughly settle and become perfectly solid. As soon as it is practicable work will be begun on the concrete work preparatory to planking the drive, but this work will not likely be begun until early spring, after the frosts disappear.

BUSY BURGLARS, 113; SLEUTHS, 1

Yu- Understand-Me Windsor's Department Puts One Over at Last

Determined not to let the perpetrator of the one hundred and fourteenth robbery in the local house-breaking series make a getaway, "Willy Will" Windsor, superintendent of the Detective Bureau, and his sleepy sleuths after hours of hard work arrested Mrs. Millie Bennett, charged with stealing \$300 worth of jewelry from the home of Mr. and Mrs. V. Lorne Hummel, 107 South Front street. The robbery was committed between 4 and 6 o'clock on Saturday afternoon and was reported to the police as soon as discovered.

So far the score for the robberies stands: Busy Burglars, won 113, lost 1. Early yesterday morning Jerry Wilson, colored, was seen sitting on a porch of a house in Evergreen street. He was arrested on suspicion and held for a hearing this afternoon. City detectives are trying to learn his whereabouts on certain nights during the recent robberies on Allison Hill.

It was stated officially at police headquarters this morning that there were no first-floor robberies reported over the week-end, with the exception of the one at the Hummel residence. Pickpockets, however, operating in the downtown districts robbed two men. William Nosinger, North street near Thirteenth, reported that he had been robbed of more than \$100 on Saturday night. The second theft was reported by M. E. King, Camp Hill, who reported that he had lost \$3 when his pocket was picked.

Terrain Exercises to Occupy Men of Seventh; Armed Mexicans Help Pershing

El Paso, Texas, Oct. 16.—A series of terrain exercises will be held this week by the brigadier generals and colonels of the Seventh division under direction of Major General Charles M. Clement, Colonel George VanHorn Moseley, chief-of-staff, and regular army officers.

This will mark the beginning of the final instruction for the Seventh division. The recent four-day hike completed the first part of the training. Brigadier General L. Logan, commander of the Second brigade; Brigadier General Christopher O'Neil, commander of the Third brigade, and Brigadier General Laurence W. Young, commander of the First brigade, North Carolina, together with the colonels of the division, will leave this week for the training grounds east of Camp Stewart to start the terrain exercises.

The three brigadier generals commanding mythical divisions will be given strategy problems to work out with their forces. Other problems of a similar nature will be given the colonels, also commanding mythical forces.

The First cavalry will leave Monday for the government target range, east of Camp Stewart, for a two weeks' maneuver and target practice. Upon its return the First will participate in a maneuver of the entire division which will then, in all probability entrain for home. This regiment was ordered home October 28, but it will be some time in November before it leaves for Pennsylvania.

West End Republicans to Hold Big Rally Tonight

West End Republicans to-night will start the Fall campaign with an old-fashioned whoop of enthusiasm at a big rally and reception to the candidates to be held at the West End Republican Club headquarters, 1419 North Third street.

While the big meeting primarily has been planned for the upper end Republicans, party men from all over Harrisburg and from many of the nearby towns within train and trolley distance, will be there.

The club rooms have been elaborately decorated for the occasion and music by an orchestra will be another important item planned by the club committee to make the rally a pleasant affair. Refreshments will also be served.

Daniel S. Seitz, city solicitor, will preside at the meeting and the speakers will include Emerson Collins, deputy attorney general; Jesse E. B. Cunningham, former deputy attorney general; Congressman John R. K. Scott, Philadelphia; Congressman Aaron S. Kreider, State Senator E. E. Beldeman and Representatives Wildman and Swartz.

Can the Demand For Coal Be Supplied?

—was a question recently asked by the newspaper reporter of a coal dealer, who replied:—

"You may print anything I have told you, but what's the use? The coal buyers will read three lines and then will toss it away and pay no attention to it. We have been telling our customers for four months about the present coal situation. We have been preaching it over the telephone, by letter and by circular since the first of May. Nobody seems to have paid much attention to the matter."

The man who delivered himself of that hopeless comment has just been talking on the telephone with several of his customers, who had been complaining about the deliveries of coal. One of them said, "I placed an order with you two weeks ago and the coal hasn't arrived yet. What on earth is the matter?"

The coal merchant said: "The same thing is the matter now that is going to be the matter until the first of next May. We haven't the coal because the mines are short of labor and there isn't enough to go around. If you wanted coal now you should have ordered it six weeks ago. I told you about it then in a letter, over the telephone, and

by circular. You paid no attention to what I told you."

The man at the other end of the telephone apparently cut in with a remark that he had begun to appreciate the situation. The coal merchant after the interruption continued.

"But I tell you, you don't appreciate the situation now. You are begging me for coal when I have none. If you did appreciate it you would place your order now for the coal you want on the first of December. If you want to be sure to have anthracite especially on the first of January you would place your order during the month of November."

While the above conversation took place in another city it illustrates very clearly the coming situation in Harrisburg and vicinity. We are fearful that coal conditions will be very serious before winter advances far. Don't delay too long putting in enough to last until April 1, 1917.

Bituminous coal prices have already advanced 100% at the mines and we look for further increases in the price of Anthracite Coal.
