Hundreds of Luxurious Coats For Women and Misses

At Prices That You Will Consider Moderate

Printzess

Every coat in this large stock has been developed from a material upon which fashion has set her stamp of approval, and in scores of cases the styles of higher-priced models have been bodily transferred to garments of moderate price.

Never before in the history of our apparel department have we shown so diversified a style group, and never before have we shown so many lovely models. Every coat is generously and fashionably tailored.

Styles at moderate prices include those with raglan sleeves; some are made with the back shirred and held in with a short belt; others are loose, broad-sweeping garments while others cling to the tailored half form fitting lines.

If you shop around you'll appreciate the splendid values to be found among these coats.

Curious About M—L—?

It Stands for the Best Cold, Cough and Catarrh Medicine Ever Discovered, Which is **Mentho Laxene**

Mentho-Laxene has been on the market seven years. It is a concentrated compound of healing, soothing, curative extracts to be mixed at home with granulated sugar syrup—a full pint—or it may be taken in doses of ten drops in the "raw" state by those who do not like sweet syrup.

The very first dose brings wonderful relief in head or chest colds of children or adults. Every bottle sold is guaranteed to please or money back by The Blackburn Products Co., Dayton, Ohio.

It is economy to make a full pint. Much cheaper than buying ready-made cough or cold remedies—besides, you cannot buy a more effective medicine anywhere. One bottle will last a season for most families, and it checks or aborts a bad cold if taken promptly. Every well stocked druggist supplies Mentho-Laxene. Don't take a substitute—for your sake.

Embarrassing Hairs Can Be Quickly Removed

(Beauty Culture)
 Hairs can be easily banished from the skin by this quick, painless method: Mix into a stiff paste some powdered delatone and water spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package.

Dealers to Discuss Rise in Milk Prices

Members of the Wholesale and Retail Milk Dealers' Association of Dauphin County will meet to-morrow evening at 7:30 o'clock at the home of Andrew J. Holtzman, who resides on a farm one mile east of Progress, to discuss the probability of raising the wholesale price of milk. Dairymen in the county claim that an increase may be necessary because of the advance in the cost of maintaining dairy farms. The meeting to-morrow night will be devoted to a discussion of the proposed increase, which may affect the retail price also. Wholesale and retail dealers to-day said little about how much the price might advance.

SHAKY NERVES

Unless you are well advanced in years your hand should be steady. If your hand, your thumb or foot trembles when you try to hold it still, if the lines are shaky when you write, if you have tremors of your lips or chin, your nerves need strengthening.

These signs often precede a serious nervous breakdown. In meeting this condition it is necessary to exercise care in the diet and take a nerve tonic. Dr. Williams' Pink Pills contain ingredients that build up the nerves at the same time that they tone up the system in general and their value in preventing nervous disorders from developing cannot be disputed.

They are especially recommended for nervous, run-down people because they are a non-alcoholic tonic.

If you have any nervous troubles write today to the Dr. Williams' Medicine Co., Schenectady, N. Y., for their little book on nervous disorders. It gives methods of home treatment and directions regarding hygiene that every one should have. A diet book will also be sent free on request. Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, 50 cents per box, six boxes for \$2.50.
