

More from less! You now get more light from less current—greater motor power from poorer gasoline

As the quality of gasoline has gone down—and down—Packard motor quality has come up—and up.

Greater refinements in Packard mechanisms have met and overbalanced the lowered standards of refinement in liquid fuels.

Hotter gas, the new Twin-six cylinders now feed upon.

As the vapor is scientifically heated before it enters the explosion chambers of the motor, greater power is actually wrung from smaller charges.

More mileage—on less fuel! More power from low-test gasolines! Again Packard owners profit by Packard advances.

If you have not examined—and had demonstrated to you—the new model Twin-six, you may not realize what these things mean—for you.

Why not investigate—now? The prices for Packard open cars are \$2,865 and \$3,265, at Detroit.

Farmer and His Sisters Are Found Victim of Tramps

Baltimore, Md., Oct. 18.—Andrew Fryer, 32 years old, and his sister, Marie Fryer, aged about 50, were murdered in their home, a little cottage near Rosedale, not far from the Philadelphia road in the eastern part of Baltimore county, Sunday. Their bodies were found in a wood near the cottage yesterday by a baker. The house is isolated and nothing was known of the crime until to-day. Both persons were killed by a club of other blunt instrument.

MEXICO THREATENS CUBA Havana, Oct. 18.—The Carranza Government yesterday notified Cuba that unless Cuban newspaper attacks on Mexico cease it will make incompatible continuance of friendly relations with Cuba, and Mexico will be relieved of all obligations of reciprocity. This is the second time Mexico has complained.

ENGRAVER BURNED James E. Updegraff, 2040 Berryhill street, employed in the photo-engraving department of the Telegraph Printing Company, was badly burned about the arms and body this afternoon by nitric acid, when he slipped and fell. He was taken to the Harrisburg Hospital.

INFECTIOUS, NOT CONTAGIOUS It has come to the notice of this newspaper that some housewives fear to accept wares if delivery men and boys, fearing typhoid contamination, yphoid is infectious, not contagious. It must be eaten or drunk. There is little or no danger from the source mentioned.

Republicans to Hold Three Mass Meetings

Republican mass meetings will be held Friday evening at Swatara Station, Fishersville and Halifax. Some of the candidates and other prominent Republicans will make addresses.

RUSS AID RUMANIANS London, Oct. 18.—Telegraphing from the headquarters of General Von Falkenhayn, commander of the Teuton forces in Transylvania, the correspondent of the Budapest Hirap, says that Russian troops are helping to defend the passes into Rumania, according to a wireless dispatch from Berne. The Budapest Az Est, according to the same authority, says the Austrian-Hungarian intelligence service has detected the presence of formidable Russian forces at various points on the Rumanian and Hungarian frontier.

ONE DEAD, TWO HURT IN SPILL Philadelphia, Oct. 18.—One man was killed and two others injured when an automobile in which they were riding skidded and crashed into a telegraph pole here early to-day. The dead man was Clarence J. Burk of this city, 21 years old, a drug clerk. His neck was broken. The injured are Warren Marshall, 20 years old, of Glendolen, who was driving the automobile and Ralph Russell, 22 years of Polcroft. Both will recover.

AMUSEMENTS

ORPHEUM—To-night—"The House of Glass." Friday and Saturday, with daily matinees—Lyman H. Howe Travel Festival. Monday evening, October 23—"The Simp," an American comedy. MAJESTIC—"Sporting Blood." GRAND THEATRE—"The House of Glass." VICTORIA—"Through the Wall."

The Orpheum will be occupied by the Cohan and Harris production of "The House of Glass," this evening. The House of Glass was produced a year in September at the Candler Theater in New York, and has to its credit the distinction of running continuously up to June, an achievement which should recommend the play to the attention of every lover of the theater. It was written by Max Marcin, a young college man, hitherto unknown to fame, and the success with which it was greeted has placed Marcin into the first rank of American playwrights.

A visit to the fiery crater of the Hawaiian volcano of Kilauea with the Lyman H. Howe's "close-ups" of the Kilauea Volcano of the new sensations promised in film reproduction by the Lyman H. Howe Travel Festival coming to the Orpheum Friday and Saturday, with daily matinees. Heretofore the venture has been held to definite limits in making pictures of a volcano. They have reproduced the streams of lava as they flow down the side of the mountains and have risked their skins being scorched by descending into the crater on numerous occasions. But it has remained for an American to brave the dangers of the "boiling pot" "over the edge" of the biggest "boiling pot" in the world.

"The Simp," a Zillah Covington comedy that Clarence W. Willets will present at the Orpheum next Monday evening, is a comedy with amusing situations. One of these is furnished by a woman in New Haven who has been a faithful country lover for a man of substance who owned a button factory in her home town. After some time she comes to believe that perhaps she made a mistake in the choice of a husband. She makes a bid to get her husband's attention and to appeal to her former sweetheart for money to save her husband's button factory. Meantime her faithful admirer has been shocked into caring for another girl, which sometimes happens.

To-night is the last opportunity theatergoers will have of viewing the bill at the Majestic Theatre. The bill which is a well-balanced one. If you desire plenty of Bill comedy and good singing, you will find both on this bill, while some clever dancing is introduced by "Le Chantata," "On Her Toes," who is an artist along this line of work. Eva Larue and Her Broadway Revue will be the headliner of the last half of the week. An added feature on the bill that will prove of much interest to vaudeville fans is the appearance of Ed Morton, the popular singing comedian, who will be on hand with a repertoire of new songs. Completing the list of acts are: Venita Gould, singing comedienne; Joseph Bernard and company, presenting comedy sketch, entitled "Who is She?" and the Norman Brothers, sensational gymnasts.

The theme of the new William Fox feature, "Sporting Blood," that is to be featured at the Colonial Theatre to-morrow, in which prettier horse racing than "Sporting Blood" is featured, is how a young girl dupes a villainous man by his own ruse. The picture tells of a girl who bets herself against \$10,000 that a famous horse will fail to win in a race. In order to win she has to be discredited and disgrace, and how she makes doubly sure that the horse will not win, is interestingly told in this new feature. "Mammon and Moloch," another interesting episode of the famous serial story, "The Evil which is showing every Wednesday and Thursday, will be the added attraction of the program. The "Evil" which is showing every Wednesday and Thursday, will be the added attraction of the program. The "Evil" which is showing every Wednesday and Thursday, will be the added attraction of the program.

It is probably true that the rolling stone gathers no moss—but, as Buck Ryder so sagely remarked, "Who wants to gather moss?" And they are the boys who ought to know all about the subject, for they are the "Rolling Stones" in the famous Players Co.'s adaptation of Edgar Selwyn's celebrated play of that name in which the two great screen favorites, Owen Moore (Mary Pickford's husband) and Marguerite Courtot, are costarring at the Regent to-day and to-morrow. Owen Moore is Dave, of the moving stone variety, and Marguerite Courtot is the well-noted moss, but the instrument of his sudden redemption from the rolling stone is at least stops that particular stone from rolling any further down hill. Richard Bennett, star of "Damaged Goods," will be presented as Philip Holden in "The Waster," also Billie Burke in the eighth chapter of "Gloria's Romance" (The Bitter Truth).

Today's double attraction bill at the Victoria cannot help but please a great host of people who either like a sale, or are deeply interested in the preparation of our nation during these strenuous days and the days to come after the great war is history. "Through the Wall" is a dramatic detective story in five parts and played by an all-star cast. "The Yellow

Every Woman Has the Right To a Hoosier

Every woman is entitled to every work-saving device that will make kitchen work easier. Going without a Hoosier—saving the very moderate price by taking miles of unnecessary steps, every meal you get and every meal you clean up after, is poor economy.

Do you realize that you can have a Hoosier in your kitchen immediately by paying only \$1.00—

And complete the payments at the rate of \$1.00 a week, without interest or increasing the cost?

Hoosiers range in price from \$12.75 to \$38.50. Make your choice and we will deliver it on payment of \$1.00—on a "money-back-if-you-are-not-delighted" guarantee.

The Vital Part of Your Cabinet

The picture above shows how the scientific arrangement of the Hoosier makes it a real helper. Storage space is above and below. There is plenty of unhampered room above and around the aluminum (or porcelain) work-table.

And regardless of the room in your kitchen, there's a special Hoosier model to fit, at a price you can easily afford.

Prices and Terms

There are over 1,000,000 Hoosier Cabinets in use. Enormous factory output makes our low prices possible.

If you buy now, you can have the Hoosier delivered at once by paying only \$1.00! Then pay at the rate of \$1.00 per week, without extra cost or interest.

There are no useless little partitions to chop up the space and leave no room for work. Your cabinet must have big table space to work on. The Hoosier gives it.

Come and see these six exclusive Hoosier features:

- 1—The all-metal glass front flour bin.
2—The gear-driven shaker flour sifter which makes flour light and fluffy.
3—Scientific arrangement—articles needed most frequently easiest reached.
4—Revolving caster (shown in center of illustration).
5—The ingenious, big-capacity sugar bin—holds more than twice as much as most other bins.
6—Finally, the doors that roll back at the sides of the cabinet, entirely out of the way.

Come In and See Why Over a Million Women Use the Hoosier

Seven out of ten of these million Hoosiers were bought on the recommendations of satisfied users. Women who knew from experience what the Hoosier would do.

You may think that your kitchen is all right now—that it is perfectly convenient. But remember that these million women found that the most convenient kitchen can't compare with the Hoosier way. So the best you can do is to make a personal investigation and decide whether the work-saving system we offer is better than the one you have.
