Better come at once—because now we can protect you against the advance in price that will surely come as winter approaches.

You can have no reason to delay your visit here. It doesn't matter how much or how little you select, we will deliver it at once for a trifling amount in cash. Then all winter long you will enjoy the use of your things while paying us the balance in little weekly or monthly amounts. Start now to make things cozy and comfortable for the cold, dreary months.

High-Grade, Superior, Middletown Made Kitchen Ranges

Special for Saturday only... **\$23.85** Set up Complete

The quality in a range is determined by the reputation back of the factory which makes it.

Everybody knows the fine wearing, cooking and heating qualities of Middletown-made ranges and heaters.

First of all—they are made at home by first-class mechanics and of the best materials.

The finish is the best. The castings are heavy. They cook and bake and heat and give the best service in every way. Consequently, the cost of maintaining them is less—they require less fuel and should anyone need repairs or should a part be broken, the factory is here to make things right.

Middletown-made ranges are far superior to most makes.

Tone Plus Tone Control

You would not get much pleasure out of a piano that could only be played when the loud pedal was down; and there would be no satisfaction in playing it with the soft pedal nailed down all the time, either.

In the same way there is not much pleasure owning a "talking machine" with a fixed volume of tone. A one-control is just as necessary to enjoyment as tone-quality.

With a Columbia Grafonola you get both.

A convincing example of the triumph of tone plus tone-control is this complete and completely enclosed upright Columbia Grafonola.

The price:

\$85.00

On Easy Terms

We'll gladly play this or any other Columbia over to you or send one to your home, with an outfit of records, on approval.
