The vital consideration before the country in the presidential election is in some degree a question of choice between the policies of the two great parties, but in an overwhelming degree it is a question of choice between the personalities of the candidates of the two great parties; it is a question of choice between the man Charles E. Hughes and the man Woodrow Wilson.

"I FELT SO BLUE AND DOWNHEARTED" SHE SAYS

Well-known Pleasant View Woman Tells How Tanlac Brightened Her Outlook on Life

"Life held no pleasures for me," said Lizzy a Pleasant View, Pa., for I always felt so blue and down-hearted that I took no interest in anything. "I do not expect to have the spirits and vigor of a woman in her twenties but I do like to have a cheerful outlook on life. And yet I was in such bad shape that I could not seem to smile. I was that low spirited, my kidneys gave me a great deal of trouble and I had a constant backache. The kind of dull heavy pain that you wake up with in the morning and that stays with you all day long and never lets up."

Gamble Coal Briquettes?

The Sensible Substitute For High-Priced Coal

Already hundreds of people have been convinced that Gamble Coal Briquettes, made of river coal, is the most economical fuel they can buy. One trial proves all we claim.

Gamble Coal Briquettes can be used wherever coal is now being used—either in stove, furnace, range or open fire grate—will positively give greater heat—burn freer—no clinkers—much less ashes—fire can be started more quickly and will hold heat and fire longer than the best grade of Anthracite coal.

Phone or mail us your trial order—cold weather has been predicted so order NOW. Bell Phones 3549J and 1302J—C. V. Phone 135.
