PRESIDENT AND BRYAN SHAKE

Clasp Hands and Smile; Bill's Going to Ride Along and Save Carfare

Pittsburgh, Pa., Oct. 20. — President Wilson and W. J. Bryan, former Secretary of State, met here to-day for the first time in months. The President stopped in Pittsburgh for an hour and a half on the way from Chicago to Long Branch, N. J., and Mr. Bryan came here on the way to speak in the district of Representative W. W. Bailey, of Johnstown, Pa.

As soon as the President arrived at the station the former Secretary of State entered Mr. Wilson's private car and the two men shook hands. A large crowd outside the car witnessed the greeting. The men spoke together only for a moment or two and then left the car.

The appearance of Mr. Bryan caused a five-minute delay in an automobile tour of Pittsburgh, arranged for the President. Automobiles for the President's party were waiting outside the station, and President and Mrs. Wilson immediately entered one of them. Mr. Bryan had been held back by the crowd. Other members of the President's party got on the second and third automobiles.

Seeing that Mr. Bryan had not been taken care of, Secretary Tumulty stopped the short automobile parade, just as it was getting under way. He ran forward and talked briefly with the President and then ran back and talked with Mr. Bryan. The former Secretary of State, who left the President's cabinet because of differences over foreign policies, said he preferred not to disarrange the plans, and he and Secretary Tumulty got in another automobile together.

The President and the other members of his party including Mr. Bryan then left on an hour and a half ride through the parks and the downtown section of Pittsburgh. Arrangements for the reception had been made by a local Democratic committee. When the President and Mr. Bryan met, each smiled broadly as they shook hands. Mr. Bryan said that he would ride on the President's train for a short distance, in order to get into Mr. Bryan's congressional district.

Before coming to Pittsburgh, the President shook hands with a large crowd at Alliance, Ohio. Several other brief stops between here and Harrisburg were on the schedule during the day.

During the automobile ride in this city, the President was greeted at several places by school children waving American flags. A reception committee composed of men of different parties arranged to shake hands with him on his return from the ride to the station.

Attempt on Wilson's Life
Mr. Bryan returned to the President's train a few minutes before Mr. Wilson. "Where is Mr. Bryan?" asked the President when he arrived. The two sat and talked in the President's private car.

On the ride the President lost his hat, and the automobile was stopped while a secret service man recovered it. A man, apparently a workman, with a bag of tools, jumped on the running board of the automobile but was knocked off by a secret service man. The man chased the President's conveyance for a block before he was arrested by local detectives.
