Interesting Items of Market Square Church

The women of Market Square Presbyterian Church are preparing for the entertainment of the thirty-fourth annual meeting of the Women's Home Missionary Society of Carlisle Presbytery, to be held in this church November 1 and 2. Eighty delegates are expected. Mrs. Joshua W. Sharpe, of Chambersburg, is president, and Mrs. William T. Scheffer, of this city, corresponding secretary. Prominent speakers will address the sessions, a missionary pageant will be presented and a box packed for Miss Jennie Moore at Rocky Ford, Tenn.

That missionary interest runs high among the women of this church was evidenced by the large attendance at the annual meeting of the Young Women's Missionary Society Tuesday evening. The fine work of Mrs. Roy F. M. Davis was recognized by her re-election to the presidency, the other officers being: Mrs. Lew R. Palmer, first vice-president; Mrs. Harvey Taylor, second vice-president; Miss Anna Margaret Miller, secretary; Miss Cordelia Hodge, treasurer.

One hundred young women will be enrolled in the five mission study classes which will study "The Living Christ for Latin America," by the Rev. James H. McLean, missionary at Santiago, Chile. These classes will be taught by Mrs. G. E. Hawes, Mrs. Lew R. Palmer, Miss Margaret Wilson, Miss Caroline Moffitt and Miss Eloise Bergner. Arrangements were made for packing a Christmas box to be sent to Embude, N. M.

November 15 has been designated by the session as a day for special congregational prayer, when there will be a continuous prayer service held in the church from 9 a. m. to 4 p. m. The leaders and the subjects of prayer will be changed each hour through the day. The general purpose of the day is the development and enrichment of the spiritual life of the congregation, particularly by emphasis upon prayer as the supreme means of spiritual achievement.

A congregational meeting has been called for November 22 for the purpose of electing special officers to bring to this city Bishop W. A. Quayle, Burnell R. Ford and the Cadman Concert Company of Boston. The series of entertainments will begin Tuesday evening, November 15 and will be held in the auditorium of the Technical High school.

Teachers' Association Announces Entertainments

The tenth annual course of lectures held under the direction of the Harrisburg Teachers' Association will bring to this city Bishop W. A. Quayle, Burnell R. Ford and the Cadman Concert Company of Boston. The series of entertainments will begin Tuesday evening, November 15 and will be held in the auditorium of the Technical High school.

Dr. William A. Quayle, a Bishop in the Methodist church, will speak on "High Caine and His Island." The Bishop is said to be western in rearing and American in instinct.

The second lecture of the course will be Thursday evening, January 13, 1917, by Burnell R. Ford, a scientist well known throughout the Middle West. Mr. Ford is known as an electrical wizard, and gained much notoriety as the discoverer of a method of producing complex ether waves.

The final number on the program will be the Cadman Concert, January 13, 1917, which will present a varied program of readings, and vocal and instrumental music.

While the series of entertainments is held under the management of the teachers of this city, tickets may be purchased by the general public. These in turn can be exchanged for reserved seats at a later date at Stiehl's Piano Rooms, 24 North Second street. Dr. C. B. Fager, principal of the Technical High school is chairman of the executive committee.

BAKED BEAN SUPPER

A pleasant little social event of the week was the baked bean supper given by Mrs. Fred Bennett at her home, 1527 Hunter street.

In the party were Mrs. Emma McAllister, Mrs. Maggie Hager, Mrs. Mattie Livingston, Mrs. Rodman Kime, Mrs. W. E. Stevens, Mrs. Fannie Shriver, Mrs. Elmer Livingston, of Enhaut, Mrs. Harry Zeigler, Mrs. Fred Bennett, the Misses Faustine, Geneva and Ethel Bennett.

told some very interesting things about the Alaska salmon. In the stream where they spawn they leave the first year and remain away for four years. No one knows how far they go, where they stay, but at the end of the four years they return to their birthplace, spawn and die. To reach their native streams they will overcome what would seem to be insuperable difficulties. A picture of falls was shown with the fish leaping upward from ledge to ledge. Dr. Sugden said that they frequently leaped upward a distance of ten feet. Sometimes, however, they strike their heads against the rocks and are stunned and then one sees them in the picture apparently leaping away from the falls and going backward.
