OUTFLANK BULGARIANS General Haig Again Pushing Foe Toward Bapaume, Says London

Notable headway is being made by the Serbians on the Macedonian front in their campaign for Monastir, according to the current reports from entente sources.

Paris to-day announces further gains against the Bulgarians in the bend of the Cerna, southeast of Monastir, where the Serbians have pushed well to the north of the river, following their recent passage at Brod.

Unofficial advices also report the Serbians, assisted by French troops, attacking in the Kenal region to the west along the Florina-Monastir railway.

Kenal is less than ten miles from Monastir. The Bulgarian position here is declared by entente military commentators to be virtually outflanked by the Serbian capture of Veneseolo, in the Cerna sector, six miles north-east of Kenal.

The latest Bulgarian and German official statements reported the Serbians checked in their Cerna valley campaign.

On the Somme front in Northern France General Haig's forces are again scoring gains in their push toward...

HARRY A. BOYER TO MARSHAL BIG STUDENT PARADE

Organizer of 11,000 School "Kids" Year Ago to Head Loan Demonstration

HARRY A. BOYER

Marshal of High Student Parade. School Director Harry A. Boyer will be chief marshal of the big high school loan parade of November 4.

One of the spectacular features of the campaign organized to put through the \$1,250,000 loan to provide for better high school facilities, is to be the great marching demonstration of the 1,500 odd students of Central and Technical high schools.

Monday Technical high school begins its program of training under the tutelage of ex-Troop Sergeant J. Grant Koons.

All that was needed was the selection of the proper head for the parade—and the committee has picked Mr. Boyer to marshal the youthful forces.

The former president of the school board, amazed an admiring city as he led more than a year ago during Harrisburg's three-day municipal improvement celebration by organizing the parade in marching in the school children in the most colorful and interesting spectacle of the kind ever arranged in Pennsylvania.

United States Legally in State of War With Mexico Is Rule

Washington, D. C., Oct. 21.—President Wilson and Secretary of War Baker, according to information forthcoming from the War Department, are inclined over the fact that the judge advocate-general of the army, holds that the United States is legally in a state of war with Mexico.

General Crowder says that the invasion of Mexico is a condition and not a theory.

This decision from the highest legal source on matters pertaining to military operations has been rendered by General Crowder to keep the record straight and to cover the legal procedure involved in all incidents growing out of the Mexican campaign.

The resentment of the administration over this decision is due particularly to the fact that it has reached the public. It was carefully suppressed for days and not intended for publication at present.

One unpleasant effect which State Department officials fear in view of General Crowder's expose is the strengthening of Carranza's demand that the "state of war" be eliminated by withdrawal of the American troops.

EIGHT-HOUR LAW SHOULD BE FOR ALL—KREIDER

Tells How He Tried to Have Congress Include Track and Other Employes

MANY OUT AT RALLIES Hughes Sentiment Strong at Republican Mass Meetings; Others Are Announced

Congressman Aaron S. Kreider, candidate for re-election, told a big body of voters last evening, at Halifax, many of them railroad employes, why he voted against the Adamson eight-hour law, and after the rally quite a number, some of whom were Democrats, came forward and pledged their votes to him.

"I am not opposed to the eight-hour day," said the Congressman. "But I believe the trackmen, the signalmen, the switchmen, the shopmen, the clerks and all the other employes of the big transportation companies work just as hard as the trainmen and are just as much entitled to eight hours as they. If any were to have the short day I believe all should have it."

The Congressman then went on to say that he had urged and voted for an amendment to the Adamson bill providing that it be made to include every man in the transportation service.

Three big Republican rallies held last evening. The other two were at Fishersville and Swatara Station. All were unusually well attended. The speakers at the upper-end rallies were Congressman A. S. Kreider, Recorder James E. Lenz, County Solicitor Philip S. Moyer, George Ross Hull and Harry E. Ulsb, candidate for assembly.

At Swatara Station, where the Hughes sentiment was found to be particularly strong, Harvey Dowhower, president and the speakers were William H. Ernest, Charles E. Pass, County Chairman William H. Horner and D. J. Bechtold, candidate for assembly.
