El Paso, Texas, Oct. 24.—Passengers from Chihuahua City who are in Juarez, Mexico, to-day said that General Ozuna last Friday proceeded against Francisco Villa with three parallel columns, of which he commanded the center. Nothing is known in Chihuahua of the flanking columns, they declared, but the center was driven back by Villa with heavy losses to Fresno, four miles outside the city. A number of foreigners who were on the train said the Carranza troops there were reported short of ammunition. It was also said that a special train brought the family of General Trevino from Chihuahua to Juarez last night.

"Had you not considered using some of the balance from the Front street assessment fund for this purpose?" the Commissioner was asked.

"Such a plan is rather knocked in the head by the ordinance offered in Council to-day by Mr. Gorgas. He tells us that there is only available in that fund \$4,600. Mr. Lynch's ordinances relative to the treating of the sewage will take \$4,000 of this, so that at best there would be but \$600 teft in that."

"And this work of riprapping and permanently treating the slopes is to be done this year?"

"We'll at least start it this year," concluded the Park Commissioner, "and as I said before, we should get in a couple of months' work on it before the snow flies."

TECH BOYS DRILL

While the Technical high school
freshmen were parading to-day
their first "try-out" on Walnut street
for the big high school student demonstration of November 4 a contingen
of Central high girls marched by.
Cheering, a quick doffing of schoolboy, caps and some whistled refrains
followed. The Tech boys were under
the tutelage of J. Grant Koons, a faculty instructor and a former Troop
sergeant. The boys marched to the
"Tap-tap" of the drums of Allan Boyer
and Fred Murray.

"We'll probably get this job under way before snow files; in fact, we'll probably get a good portion of it done by that time," declared the Park Commissioner. "We can't work after the ground is frozen, but it is possible for us to do some of it within the next couple of months."

"Then you have definitely decided to do the riprap work this year?" the Commissioner was asked.

"Virtually so, virtually so," admitted Mr. Gross.

"What do you mean by 'virtually so'?"

To Advertise for Bids

"I mean that we have practically decided to go ahead with the work and that the only thing that we haven't definitely agreed upon is whether or not we can legally proceed without advertising for bids. We're awaiting Mr. Seitz's return to decide this."
