CARRANZA WILL NOT QUIT MEXICO

Wife Says He Has No Intention of Leaving and That Country Is Quiet

San Antonio, Tex., Oct. 25.—General Venustiano Carranza has no intention of quitting Mexico City and his wife expects to join him there next month, she said last night on her arrival from Mexico City via Laredo. Asked concerning reports that General Carranza might abdicate his position as first chief of the Mexican constitutionalists, Mrs. Carranza shook her head and said she had nothing to say on that subject. "I am not at liberty to say anything on that score," she declared. "General Carranza has no intention of going to Queretaro. He is in Mexico City and will remain there."

A peaceful mission, the matter of a trousseau, brought Mrs. Carranza to the United States, according to her statement. Her niece is to be married in Nuevo Laredo on November 9. Fifteen minutes after Mrs. Carranza reached San Antonio she was seated in a motion picture theater and spent nearly two hours there. Afterward she talked freely about conditions in her native land.

"I have noticed that the papers in the United States tell of fearful conditions and unrest in Mexico City," she said. "They do not tell the truth. Mexico is quiet and peaceful at present. Business is going on smoothly and easily and there is no cause whatever for alarm or anxiety."

Hear Carranza Started New Campaign Against Villa

Washington, Oct. 25.—General Carranza has started a new military campaign against Villa bandits in Northern Chihuahua, according to information furnished the American forces beyond the border.

Mrs. Trevinto Reaches Juarez With Refugees; Troops Are After Villa

El Paso, Texas, Oct. 25.—Mrs. Jacinto Trevino, wife of General Trevino, commanding the Carranza forces in the northeast, has arrived in Juarez. She was accompanied by her children and a number of women and children from Chihuahua City, including the wives of several civil and military officers. Other refugees on the same train reported the arrival of 2,000 Carranza soldiers in Chihuahua City from the south. Twelve thousand Carranza troops are to be sent north at once, to take part in the campaign against Villa.

part in the campaign against Villa. Andro government in the United States, announced to-day upon his return from a conference with General Carranza and General Obregon, at Mexico City, said 2,000 of these troops would be sent to Juarez, where a base would be established for operations in the field in Western Chihuahua. The remainder of the troops will be sent to Chihuahua City.

Oil Interests Plan Aid For \$100,000,000 Loan to Mexicans

Washington, Oct. 25.—Large holders of oil interests in New York, friendly to the Administration, according to reports coming here, have assured the Mexican commissioners that assistance will be given the de Carranza government to raise the proposed \$100,000,000 loan. This information emanated from Administration circles and the report carried the name of an extensive Mexican property owner of New York who is supporting President Wilson. This financier frequently is called into consultation by the President.

The spreading of the rumor is believed in diplomatic circles to be part of a scheme to keep the lid on Mexico until after November 7. In other circles, however, credence is given to the story that the Administration will seriously aid Mexico to raise the loan.

First Witness on Stand in Copeland Murder Trial

Galveston, Texas, Oct. 25.—Clarence F. Hall, the St. Paul man who was William Black's business agent up to the day the anticatholic lecturer was killed in Marshall, Texas, was the first witness summoned when court convened to-day in the case of John Copeland, charged with killing Black.

It was planned to complete the testimony of Hall, who testified yesterday that after the shooting at Marshall, in which he killed John Rodgers, an associate of Copeland, he remarked that his "only regret was he had not in the past killed everybody that visited Black to protest against his lecture."

In the courtroom to-day there was still much speculation as to whether Sadie Black, the adopted daughter of the lecturer and a witness of his death, would appear in the trial. It had been expected Miss Black would be an independent witness for the State, but so far there have been no indications that she will come here from Illinois, where she is said to be in school.

Slight Change of Calling Off Canadian Strike

Winnipeg, Canada, Oct. 25.—After a conference of fifteen hours' duration representatives of the Canadian Pacific Railway and of the conductors and trainmen employed on the road adjourned this morning for two hours without having reached any agreement that would assure the calling off of the strike set for to-night. The men demand an adjustment of hours and wages.

The company submitted this morning a new schedule containing several important concessions, but in the opinion of the men the concessions were insufficient. Negotiations, however, are proceeding.

Grant Hall, vice-president and general manager of the Canadian Pacific Railway; D. C. Coleman, assistant to the general manager, and C. Murphy, general superintendent, represented the company at the conference.

The men's representatives are S. N. Berry, vice-president of the Order of Railway Conductors; James Murdoch, vice-president of the Brotherhood of Railroad Trainmen; D. R. Chester, Winnipeg, and E. H. Cooke, Moose Jaw.
