### VISITING SLEUTHS HERE TO TAKE OUT PRISONERS

Two detectives, one from the Balti-  
more police department, the other  
from the Detroit bureau, were in the  
city to-day to obtain requisition papers  
to take prisoners out of the State.  
Both called at Harrisburg police  
headquarters, and were entertained by  
members of the city bureau. Thomas  
W. Quirk of the Baltimore department  
will leave this evening, taking with  
him Frank Cooper, arrested here by  
Railroad Officer Morrissey. Cooper is  
charged with stealing \$77 and some  
clothing from Charles Muller, while in  
Baltimore. Michael McHale, of the  
Detroit force, obtained requisition  
papers to take a Polish woman to  
Detroit.

### Felt So Run Down He Didn't Want To Work

Engineer Tells How Famous Master  
Medicine Livened Him Up—Starts  
Out For New Job Chuk Full  
of Vim and Vigor

"I felt on the bum for a long time,"  
exclaimed J. W. Snyder, a well-known  
engineer, who has just left to take a  
job at Middletown bossing a steam  
shovel.

"I was all in, down and out. I had  
no appetite, no ambition, no energy,  
no nothings. I just felt all run down  
all the time and so tired I didn't want  
to work."

"But that kind of stuff don't get you  
anywhere these days and I took a hold  
on myself and I said, 'Lookahere,  
J. W., you've got to get a lot of pep  
into your system and get rid of these  
tired feelings. You've got to get to  
work and make yourself a living, and  
mooning round just because you've got  
a bad liver don't put any dollars in the  
bank!'"

"So I got to looking round and I  
found Tanlac. Say, that's some medi-  
cine, believe me, for it sure does set  
you right on your feet. One, two,  
three, maybe four, doses and I began  
to sit up and take notice and I could  
feel it winding up the clock day after  
day. It's great stuff and it has made  
me feel like I could tackle any job  
coming.

"The off to-day to take a job as  
engineer on a steam shovel at Mid-  
dletown and I sure do expect to keep  
the commissary busy. The cook will  
be one happy person when he looks at  
me eat."

Tanlac, the famous reconstructive  
tonic, is now being introduced here at  
Gorgas' Drug Store, where the Tanlac  
man is meeting the people and explain-  
ing the merits of this master  
medicine.

Long  
and Painful  
Illness  
Avoided

Much sickness is caused  
in winter by exposure  
of the housewife to cold  
blasts of air as she goes  
to the rear porch for food  
placed out of doors.

The kitchen is hot and the  
housewife is overheated.  
The cold air striking  
her warm face, throat and  
chest as she reaches for  
food, accounts for many  
colds in the head, pain-  
racking neuralgia, and  
wearing coughs, which  
last all winter.

A well-iced refrigerator  
protects you from un-  
necessary exposure. Ice  
also keeps food in perfect  
condition a long time.  
Ice keeps a long time  
in cool weather.

### HAIR GRAY? THEN APPLY Q-BAN

It Darkens Gray Hair Evenly

If your hair is gray, streaked with  
gray, prematurely or just turning gray,  
or if your hair is dry, harsh, thin or  
falling, simply shampoo hair and scalp  
a few times with Q-Ban Hair Color Re-  
storer. Soon every strand of hair  
(whether gray or not) becomes evenly  
dark, soft, fluffy, full of life and  
health, full and heavy and fascinating,  
and entire head of hair is so beauti-  
fully and evenly darkened no one  
could suspect you had applied Q-Ban.

It is absolutely harmless and dye-  
less. Q-Ban acts on roots restoring  
color glands. Sold on a money-back  
guarantee, 50c for a big bottle, at  
Geo. A. Gorgas' Drug Store, Harris-

at others at odds of 10 to 9 in favor  
of the Republican. Betting at both  
these figures was quite lively, and it  
is estimated fully \$50,000 was staked.

### To Hear Further Talk on Riverside Annexation

Further discussion of the Riverside  
annexation problem is expected in City  
Council next Tuesday if several of the  
citizens who called on the Commis-  
sioners last week bring along Lewis  
M. Neiffer, president of the Riverside  
organization which owns the sewers  
and water pipe lines, for another con-  
ference.

The big question at issue hinges  
upon whether the city will be required  
to buy out the water and sewer lines  
or whether the present systems can be  
taken over and used without cost to  
Harrisburg.
