## Air As a "Hair Tonic"

There is no better hair tonic, or germicide, than fresh air full of life giving sunshine. The absence of it, together with wilful neglect, tight-fitting hats, etc., is responsible for a large share of hair ugliness and hair loss.

But fresh air and sunshine alone are not enough to correct all these evils. Nature frequently requires the aid of a preparation like "NEWBRO'S HERPICIDE."

HERPICIDE is an absolute necessity to the majority of folks. It prevents dandruff contagion, keeps the hair light and fluffy—the scalp sweet and clean.

Ugly and unsightly hair is quite unnecessary. Begin with Herpicide to-day. It is guaranteed by the Herpicide Company, Detroit, Michigan, and sold everywhere. Applications at the better barber shops.
